TRANSLATION. Aykay, Province of Burmah, B.I. To the most learned and wise Physician Haydock (Haydock) of high name. Live to the States of America, united in North America Country. GRATEFUL—COMFORTING. EPPS'S COCOA. BREAKFAST. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of our selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many a heavy doctor's bill. It is by the aid of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure food and a properly nourished frame.—An article in the Civil Service Gazette. Made simply with boiling water or milk. Sold in 4lb packets by droppers, labelled thus:—

JAMES EPPS AND CO., HOMOEPATHIC CHEMISTS, LONDON, ENGLAND. Killing's Powder. Killing's Powder. Killing's Powder. Killing's Powder. Kills Bugs, Fleas, Moths, Beetles.

THIS ARTICLE has found so GREAT a SALE that it has tempted others to vend a so-called article in imitation. THE PUBLIC are CAUTIONED that the tins of the genuine powder bear the signature of THOMAS KEATING. Sold in tins only.

THE BAD AND WORTHLESS are never induced to counterfeit. This is especially true of a family medicine, and it is a peculiar proof that the remedy imitated is of the highest value. As soon as it has been tested and proved by the whole world that Hop Bitters was the purest, best, and most valuable family medicine on earth, many imitations sprang up and began to steal the notices in which the press and the people of the country had expressed the merits of H. B., and in every way trying to cause a suspicion to arise in the minds of the public, and to make money on the credit and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously devised names in which the words "Hop" or "Bitters" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name is, and especially those which bear the word "Hop" or "Bitters" in their name or in any way connected with them or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but the genuine American Hop Bitters, with a bunch of cluster of green Hops on the wrapper, and Dr. Boule's name blown in the glass. Trust nothing else. Druggists and chemists are warned against dealing in imitations or counterfeits.

STEEDMAN'S SOOTHING POWDER FOR CHILDREN CUTTING TEETH. CAUTION TO PURCHASER. The value of this well-known Family Medicine has been largely tested in all parts of the world, and by all grades of society, for upwards of FIFTY YEARS. Its well-earned extensive sale has induced SPURIOUS Imitations, some of which in OUTWALK APPEARANCE so closely resemble the original as to have deceived many purchasers. The proprietor therefore feels it due to the public to give a special caution against the use of SUCH Imitations. Purchasers are therefore requested carefully to observe the four following distinctive characteristics, without which none genuine:—1st—In every case the words JOHN STEEDMAN, CHEMIST, WALWORTH, SURREY, are engraved on the Government Stamp affixed to each packet. 2nd—Each Single Packet has directions for the dose and be words, JOHN STEEDMAN, CHEMIST, WALWORTH, SURREY, printed thereon. 3rd—The name, Steedman, is always etched with 2E's. 4th—The manufacture is carried on solely at Walworth, Surrey, and the name is blown in the glass of all Chemists and Medicine Vendors. KEMPTHORN, PROSSER and CO.
