**NEW PRESIDENT**

**AUCKLAND RACING CLUB**

After acting as vice-president of the Auckland Racing Club for some 14 years, Dr. A. McGregor Grant was yesterday proposed for the presidency, upon the retirement of Mr. O. Nicholson, and his appointment was acclaimed by a large and enthusiastic attendance at an annual meeting.

Some very nice things were said about Mr. Nicholson's result and he passed expressing thanks to him for his successful control of the affairs of the club for the past years.

Dr. Grant said he was very proud to be elected president. He hoped to be able, with the assistance of the committee, to conduct the affairs of the club in a manner commensurate and comparable with presidents of the past. His services would be given wholeheartedly.

The following officers were elected:—President, Dr. A. McGregor Grant; vice-president, Mr. J. M. Carpenter; committee (five seats), Dr. Frank Macky, Messrs. T. Impney, A. Harvey, E. H. Nolan, W. L. Wyther, stewards, Messrs. G. D. Deery, M. J. Lynch, G. Ring.

The proposal that a president, after holding office for four successive years, should not be eligible for re-election for one year was defeated.

**GUINEAS CANDIDATES**

**SHAPING WELL AT WANGANUI**

**Special.** WANGANUI, Monday.

With the near approach of the Taranaki Hunt and Wanganui spring meetings, track work is becoming of increasing interest. On Saturday the going was heavy after rain and horses were getting into it.

Two Wanganui Guineas candidates, Behave (G. 101) and Michael (K. Chote), were associated in a spin over four furlongs. Behave was the better but off, but Michael quickly ranged alongside of him and then drew ahead, but was again overtaken by the other and the pair finished on terms in 1.15.5.

Tuhalo went six furlongs, which he left behind in 1.20. He is in race at New Plymouth.

Stony Broke and Good Effort were companions over the same distance. They kept together to register 1.20, doing it nicely. The former is to go to New Plymouth and should give a good account of himself.

Two youngsters which are to contest the Debutant Stakes at Crier and Mr. Pym, were restricted to useful pace work. Both are trained by H. Bengel and both are fairly well formed. Pym has furnished into a splendid looking youngster and is one of the most promising colts in the country. His half-brother to Killeymoon and Leigh's Glory is very promising.

Kilmour Boy (K. Chote) slipped over half a mile by himself in 51s, the first time in his career. He is to be given a run at New Plymouth.

Master Francis had Derrygo as a partner in the five-furlong race. Derrygo was on the outer and covered a lot of extra ground, but was doing it easily, the time being 1.3.2.

**WELLINGTON CUP PRIZE**

**NEW STARTING POINT**

For the Wellington Cup of 1946 the stewards of the Wellington Racing Club have allocated a prize of £3000 and cup, the trophy being donated by Mr. G. Geange, of Upper Hut. As it is valued at 100 guineas, the total prize-money is £3100.

Whereas last January the Wellington Cup was started from the six-furlong post down the chute leading off from the course, proper to the new track, it has been decided to start the event next year from the six-furlong post on the main straight, the starting point directly opposite the grandstands. It is felt that the race will furnish a more interesting spectacle to the onlookers, incidentally, the maximum weight for the cup race has been fixed at 9.9.

**R. E. REVEL'S 68 AT GRANGE CLUB**

A feature of the open day at the Grange Club on Sunday was the play of Bolger (10.4), who equalled the course record of 68, and returned the best scores in both the gross and net medal competitions. Revel is one of the longest hitters in Auckland golf. He followed his opening round of 68 with a 76 to give him an aggregate of 144. This was six strokes better than the next best, W. Jones (146), who had two rounds of 75, with E. R. Hoggie (147), 75, 70-141, third.

In the net medal Revel's score was 141 (his handicap being reduced from 2 to 1 in the second round), but he was not eligible for the trophy. It went to D. R. Garard (Maungakiekie) who had two net rounds of 72 off a handicap. Revel 72 and Garard 73, returned the best cards in the morning Stableford, but neither being eligible it was won by N. Farrell (Maungakiekie) on the count back with Haggie, who was won by Revel and L. J. Alexander (Manukau) with a card of 4 up, the next best being G. Latta and J. E. Harris (Otahuhu).

Latta, on a 19 handicap, was beaten on the count back by Garard for the best net medal score, his rounds being 90 and 92.

**REP. HOCKEY**

**HAMILTON, Monday.**

The Canterbury representative hockey team, which defeated Auckland on Saturday, continued its successful tour of Auckland by defeating the South Auckland by 3 goals to 2. The visitors combined a winning defence with a goal combination, but the Waikato players surprised spectators by good individual efforts. The Canterbury players on the field was Walters, the Canterbury captain and centre-half, but other prominent players were G. Cart and Doug. For Auckland, Perrett, Bowler, Short and the captain, Robson, played excellent hockey. The Canterbury players were G. Cart, G. Cart (2) and Duffield. Perrett and Robson scored for South Auckland. In a curtain-raised match Hamilton Technical High School and Mount Albert Grammar School drew, 3 all.
