

No. 38.

THE GOVERNOR TO MAJOR GENERAL PRATT, C.B.

Government House,
Auckland, 8th November, 1860.

SIR,—

I would request you to be good enough to instruct those who have charge of the wounded Maories to treat them with great care and kindness, as it is very desirable that they should be made to comprehend the difference between civilized and savage warfare.

Prisoners who are not wounded should be guarded carefully, but not put in irons.

I have, &c.,

T. GORE BROWN.

Major-General Pratt, C.B.,
Commanding H.M. Troops,
&c., &c., &c.,
Taranaki.
