(a) Mr. Carnochan, First Keeper at Dog Island Light-house, was engaged in England by the Provincial Government of Otago, at a salary of £250 a year, which has been continued by the Marine Board.

The whole amount of salaries, including Light-keepers, shows £3,575, but from that sum Warden Johnson's salary should be deducted, which leaves the absolute expenditure under that head £3,200 per annum.

(b) This District is lately divided between Waikanae and Wanganui.
 (c) These Officers do not draw pay from Native Funds while in the Native Contingent.

(a) Continues to perform the duties of Superintendent of Water Transport, for which service, as it entails considerable extra expense, the Magistrate receives an emolument from the Imperial authorities of £1 per diem. This pay is not derived from the Colonial Government, but is paid out of the Imperial Commissariat chest; but there is little doubt that this expense will form an item eventually in the Imperial charge against the Colony.
