TOTAL LIABILITY OF COLONY, ETC., AS TO LOANS.

RETURN showing the TOTAL LIABILITY of the COLONY, as well as of the several PROVINCES, on account of existing Loans (Consolidated or otherwise), at the close of the current Financial Year; together with the Annual Charge, as nearly as practicable (including all information received to this date from England, but subject to modification when further accounts are received from London, which will, it is believed, slightly diminish the charge on the Colony, by increasing to an equal extent the charges on the various Provinces whose Loans have been Consolidated).
