NEW ZEALAND.

IMMIGRATION TO NEW ZEALAND.

(CORRESPONDENCE RELATING TO THE INTRODUCTION OF IMMIGRANTS UNDER THE CONTRACT WITH THE EMIGRANT AND COLONIST'S AID CORPORATION.)

(In continuation of Papers presented 9th October, 1872.)

Presented to both Houses of the General Assembly by command of His Excellency.

No. 1.

Mr. A. F. HALCOMBE to the Hon. the MINISTER for Public Works.

Referring to clause 6 of the agreement between the Colonial Government and the Emigrant and Colonist's Aid Corporation, by which it is provided that the former party shall have the right to select and reserve 1,000 acres of totara bush land within the boundaries of the block purchased by the Corporation, I have the honor to request that such selection may be made without delay, or its whereabouts determined, and notice thereof forwarded to myself, as the operations of the Corporation must necessarily be delayed until such selection shall have been made.

The Provincial Government have promised to complete the outer boundaries of the block, and give possession by the end of the month, when I shall be prepared immediately to commence colonizing

operations on behalf of the Corporation.

As the first steps will be to arrange for the erection of saw-mills for the supply of the Rangitikei district, and as offers have already been made to do so on terms advantageous to the Corporation, it will be evident that a delay on the part of the Government to exercise their right of selection will involve considerable loss to the Corporation, or possible conflict with the Government.

I have, &c.,

A. F. HALCOMBE, Colonial Director, Emigrant and Colonist's Aid Corporation.

The Hon. the Minister for Public Works, Wellington.

No. 2.

Mr. J. Knowles to Mr. J. T. Stewart.

Sir,—
You will see by clause 6 of the enclosed agreement with the Emigrant and Colonist's Aid Corporation, that the Government have the right to select 1,000 acres of totara bush land within the boundaries of the block purchased by that Corporation. The importance to the Government of having a reserve of totara in the Manawatu is one which your long oversight of the works in that district must have fully impressed you with, and I am directed by Mr. Ormond to request that you will carefully select and lay down on the plan the 1,000 acres alluded to.

As the Corporation are anxious to grant timber licenses at once, and cannot do so until the Government reserves are defined, you will be good enough to select, mark off, and report with the least possible

delay.

I have, &c.,

JOHN KNOWLES,

Under Secretary.

J. T. Stewart, Esq., District Engineer, Manawatu.

No. 3.

Mr. J. T. Stewart to Mr. J. Knowles.

Public Works Office, Foxton, Manawata, 19th July, 1872.

In reply to your letter of the 10th July, No. 531, desiring me to mark off totara reserves to extent of 1,000 acres in the block of the Emigrants and Colonist's Aid Corporation, Manawatu, I have to inform you that I at once gave instructions to the assistant-surveyors here under me to proceed to 1—D. 7.

locality indicated to them by me, and mark out such quantity of totara bush as could be found there. As in such a large extent of unexplored bush in which the totara occurs in detached places only, it will be a matter of considerable difficulty to decide on the best reserves, I am compelled, by the urgency required, to do so to the best of my knowledge, and will lose no time in doing so.

I have, &c.,

JOHN T. STEWART,

J. Knowles, Esq., Under Secretary, Public Works Department. District Engineer.

No. 4.

His Honor the Superintendent, Wellington, to the Hon. the Colonial Secretary.

Superintendent's Office, Wellington, 26th August, 1872. SIR,-I have the honor to forward herewith tracings of Colonel Feilding's selection in the Manawatu District, embracing the 10,000 acres and the 10 acres of town land at Palmerston.

I may state that within the boundary lines shown on the tracing are included-100,000 acres as purchased by the Hon. Colonel Feilding.

5,000 acres road reserve.

1,000 acres to be selected by the General Government, and paid for to the Provincial Government.

I have, &c.,

WILLIAM FITZHERBERT, Superintendent.

The Hon. the Colonial Secretary, Wellington.

No. 5.

Mr. A. F. HALCOMBE to the Hon. the MINISTER for PUBLIC WORKS.

SIR,-Wellington, 16th July, 1872. I am advised by the last mail that a rumour had reached the Board of Directors of the Emigrant and Colonist's Aid Corporation of the intention of the Government to alter the position of

the railway line through the Manchester Block.

As considerable sales of land are being effected by the Corporation, and as not only those sales but the whole plan of the Company's operations have been determined by the position of the railway line, as laid down in the charts furnished to Colonel Feilding, it is obvious that any alteration would be a serious disaster to the Corporation, and the mere rumour of a change would probably give rise to difficulty and delay in the operations of the Directory.

As the rumour is not without foundation, from the fact that a petition to alter the line was forwarded to the Government, that it was strongly supported by the Hon. the Premier, and that the survey of an alternative line was thereupon ordered, I have the honor to request that I may be enabled to give an authoritative assurance to the Board of Directors in England that no such change is in contemplation.

I have, &c., A. F. Halcombe, Director,

Emigrant and Colonist's Aid Corporation.

The Hon. the Minister for Public Works, Wellington.

No. 6.

Mr. J. Knowles to Mr. A. F. Halcombe.

SIR,— In reply to your letter of the 16th instant, in which you state that a rumour had reached the London Board of Directors of the Emigrant and Colonist's Aid Corporation of the intention of the Government to alter the position of the railway line through the Manchester Block, and request that you may be enabled to give an authoritative assurance to the Board that no such change is in contemplation, I am instructed by Mr. Ormond to assure you that the line of railway originally laid out through the Manchester Block is the one which it is intended to adopt.

Sir,— Colonial Secretary's Office, Wellington, 5th November, 1872.

I have the honor to transmit to you the accompanying copy of a letter* from the Hon. Colonel Feilding to His Excellency the Governor, asking for certain modifications in the terms of the

contract entered into by him on behalf of the Emigrant and Colonist's Aid Corporation.

As by section 7 of "The Wellington Debts Amendment Act, 1872," no modification of this contract can be made without the concurrence of your Honor, I shall feel obliged if you will inform me whether you are prepared to assent to any of the proposals of Colonel Feilding, and, if so, to what extent. If your Honor desires to confer with the Government on the subject, they will be happy to meet you for the purpose.

As it is very desirable that an answer should be sent to Colonel Feilding by the out-going mail, I trust your Honor will favour me with a reply at as early a date as a full consideration of this important

subject will allow.

I have the honor to acknowledge the receipt of your letter of the 5th instant, enclosing

I beg to refer you to my letter of the 30th ultimo, in which I request to be furnished with a copy of Colonel Feilding's power of attorney, and a copy of one of the bills signed by him, and have to request that I may be furnished with copies of those documents, in order that I may lay them before my Executive.

In compliance with the request contained in your Honor's letter of the 6th instant, I have the honor to transmit, for your information, the accompanying copies of Colonel Feilding's power of attorney and of one of the bills signed by that gentleman.

As in your letter of the 30th ultimo, you ask for copies of all the correspondence relating to Colonel Feilding's matter, I should feel obliged if your Honor would inform me whether there are any documents of which you would like to have copies other than those now supplied.

His Honor the Superintendent of Wellington to the Hon. the Colonial Secretary.

Superintendent's Office, Wellington, 12th November, 1872. SIR,-I have the honor to reply to your letter of the 5th instant, in which you state "I shall feel obliged if you will inform me whether you are prepared to assent to any of the proposals of Colonel Feilding, and, if so, to what extent."

The question whether there is any power without the sanction of the General Assembly to alter the terms of the Colonel Feilding contract is one as to which I am advised there is great doubt.

This point will require careful consideration before any agreement for an alteration is finally come to.

Apart from this question, I think it right, before expressing my own views as to Colonel Feilding's proposal, that I should be informed as to the views taken by the General Government as to such proposal, and in what particulars, if at all, the General Government is prepared to modify the contract.

The Hon. the Colonial Secretary to His Honor the Superintendent of Wellington. Colonial Secretary's Office, Wellington, 16th November, 1872.

Sir,-I have the honor to acknowledge the receipt of your letter of the 12th instant, requesting to be informed what are the views of the General Government with respect to the application of Colonel Feilding for a modification of the contract entered into between the Government and the Emigrant and Colonist's Aid Corporation, Limited.

Since the date of your letter, the Hon. Mr. Vogel has, at the request of the Colonial Government, been in communication with your Honor with a view of arriving at some decision which would be satisfactory to your Honor as well as to the Government. It will not therefore be necessary that I

should further reply to the letter above mentioned at the present time.

I am, &c., JOHN HALL.

His Honor the Superintendent, Wellington.

No. 13.

His Honor the Superintendent of Wellington to the Hon. the Colonial Secretary.

Superintendent's Office, Wellington, 21st November, 1872.

As the result of various interviews with the Hon. Mr. Vogel on the subject of the application SIR,on behalf of the Emigrant and Colonist's Aid Corporation for certain concessions, and in reply to your official communication on the subject, I have now to submit to you the following proposals:—

1. That the time for the introduction of immigrants be extended from April to December.

2. That the rate of interest be reduced to 5 per cent.

3. That the Superintendent will be prepared to recommend to the Provincial Council of Wellington to expend any amount not exceeding £2,000 sterling per annum during five years, to be reckoned from the 1st January, 1874, as a grant in aid to the extent of one-half of the cost of any district roads within the block which may be constructed by the immigrants of the Society during such period, the expenditure to be certified to as reasonable by the Provincial Engineer.

In proposing these concessions, the Provincial Government is of opinion that it should be made a sine qua non that the sum of £5,000 should be remitted on or before the first day of February, 1873,

to the Colonial Treasurer.

That land shall only be Crown granted to the extent of the value of one-half this amount.

That the same provision and limitation of making Crown grants should also be made with regard to the next amounts paid off the first instalment to the extent of £10,000, in addition to the £5,000 payable on 1st February, 1873.

In suggesting these proposals, I desire to express, on the part of the Provincial Government, that it does not in any way desire to commit the Colony, and that the Provincial Government assume the

liability.

I am, &c.,

WILLIAM FITZHERBERT,

The Hon. the Colonial Secretary, Wellington.

Superintendent.

No. 14.

The Hon. the Colonial Secretary to the Hon. Colonel Feilding.

Colonial Secretary's Office, Wellington, 23rd November, 1872. Sir,—

I am directed by His Excellency Sir G. F. Bowen to acknowledge the receipt of your letter of 9th August last,* in which, on behalf of the Emigrant and Colonist's Aid Corporation, you propose certain modifications of the terms of the contract entered into between that Corporation and the Government of New Zealand, for the purpose of the settlement of the Manawatu Block, in the Province of Wellington.

I have now the honor to inform you that your proposals have received the careful consideration of the Government of New Zealand, as well as of the Provincial Government of the Province of Wellington, both of which bodies are anxious to make to the Corporation such concessions as will enable it to carry to a successful issue the important enterprise undertaken by it, and as may at the same time

not be inconsistent with the interests and fair claims of the Colony and Province.

As the result of this consideration, I have the honor to forward to you copy of a letter from His Honor the Superintendent of Wellington, stating the modifications in the terms of the contract, which in his opinion should be agreed to by this Government, and to state that the Government of New Zealand is prepared to assent to the proposals of His Honor, without prejudice, however, to any of its rights in the event of those proposals not being accepted by your Company. The Government would not be able to make further concessions than those named.

I trust you will recognize in the proposals now conveyed to you evidence of a desire on the part

of this Government to afford every possible encouragement to the Corporation, and that this communication may enable it to proceed without delay with its colonizing operations.

I shall feel obliged if you will favour me with the reply of your Company at your earliest convenience, and also if you will be good enough to address any further communication on the subject to the Colonial Secretary.

As I understand from Mr. Halcombe, your Agent in Wellington, that he is prepared to transmit to you by cable the substance of the reply of the Government to your application, I have forwarded to him a copy of this letter.

I beg to suggest that Colonel Fielding be requested to intimate the reply of the Company as early as possible by cable.

Superintendent's Office, Wellington, 14th December, 1872. SIR,-In reference to your letter of the 27th inst., acceding to a request made by me in a letter of the 21st ult., I have on further consideration thought it would be more desirable not to press for

payment of the thousand acres therein referred to.

I find that the want of totara is likely to be an impediment to the progress of certain public works which the Provincial Government are about to contract for; and I therefore propose that the reserves of totara should be made, and the Colonial Government and the Provincial Government should both have a right to cut the timber for employment on public works.

The Provincial Government ask no payment for the benefit on the part of the Colonial Government, and will only ask for payment for the land after the timber shall have been used, from any

purchaser or purchasers to whom it may ultimately be sold.

3, Queen Square, Westminster, S.W., 21st March, 1873. SIR,— I have the honor herewith to acknowledge the receipt of your official letter No. 142, dated Wellington, 23rd November, 1872, and its enclosure, dated 21st November, 1872. With reference to the subject therein treated of, I beg to assure you, on the part of my co-directors as well as of myself, that we are very sensible to the desire exhibited by the New Zealand authorities, Provincial as well as Imperial, to meet our wishes and our requirements. I have, however, to point out that the stipulation calling on the Corporation to pay £5,000 two months before any money was due to it, and the limitations of the Crown grants, which are to issue for half only of the amount paid off up to £15,000, has tended very much to cripple the financial arrangements of the Directors at the outset.

At the desire, therefore, of my co-directors, and acting under the advice of our financial agents,

I am induced to request that the payment of the £5,000 may be deferred until the 1st April.
