(MR. T. KELLY, CHAIRMAN.)

No. 64, Session I.—Petition of A. LE G. CAMPBELL and other Settlers of Takaka.

THE petitioners pray for the erection of a cart bridge across the River Takaka, at the fordway known as Taine's Ford.

I am directed to report that the petition be referred to the Government for consideration.

10th October, 1879.

---

No. 65, Session I.—Petition of H. E. CAMPBELL and P. K. DONNELLY.

THE petitioners allege that it is currently reported that William Fraser, Esq., Resident Magistrate of the Thames District, and Colonel of the Colonial Forces, has been proved to have been guilty of cheating at cards. They pray that the House will cause an inquiry to be made into the truth of such charge.

I am directed to report that the petition be referred to the Government, to be inquired into and dealt with.

10th October, 1879.

---

No. 74, Session I.—Petition of F. DALE and Others, of Kanieri Riding, Westland.

THE petitioners pray that the Kanieri Riding may not be constituted a new county.

I am directed to report that the petitioners appear to be under a misapprehension as to the procedure with respect to the mode of objecting to the constitution of a new county, the appeal being to the Governor and not to the House. The Committee has therefore no recommendation to make on the subject-matter of this petition.

10th October, 1879.

---

No. 97, Session I.—Petition of ANNIE CLERY.

THE petitioner prays for consideration in consequence of injuries received by her late husband while on military duty.

I am directed to report that the Committee do not see its way to recommend the petitioner's claim to the favourable consideration of the House.

10th October, 1879.

---

No. 70, Session I.—Petition of WILLIAM RATHBUN.

THE petitioner prays for an investigation into the circumstances of an alleged injustice done to his son while competing for a scholarship in the Nelson Educational District.

I am directed to report that the Committee is of opinion that it is undesirable to interfere with the decision of the Education Board.

10th October, 1879.

---

No. 6, Session II.—Petition of THOMAS EDWARD FITZGERALD.

THE petitioner states that in June, 1873, he made an agreement with the Native owners for the purchase of a block of land containing about 100,000 acres, and during the course of the survey action was taken by the Government to stop the survey; and he therefore prays for redress.

I am directed to report that the Committee has already reported on this case, and made a recommendation, and again refers the petitioner's case to the Government to be dealt with.

10th October, 1879.

1—I. 1.

## No. 26, Session II.—Petition of JAMES THOMPSON.

THE petitioner claims for pay, to which he states that he is entitled as Drill-sergeant to the Riverton Rifle Volunteer Corps, having been so engaged by the officers of that corps.

I am directed to report that the Committee adheres to its previous report on the petitioner's case.

10th October, 1879.

## No. 91, Session I.—Petition of C. BASSTIAN and Others, of Southland.

THE petitioners pray for a deviation in the line of railway extension from the Invercargill-Kingston line to Mararoa, proposed by the Public Works Department.

I am directed to report that the Committee is of opinion that the subject-matter of this petition is one for the consideration of the Minister for Public Works, to whom the Committee recommends that the petition be referred.

10th October, 1879.

## No. 94, Session I.—Petition of ALLEN and KINGSTREET.

THE petitioners pray for compensation for alleged loss in the construction of the Port Chalmers contract of the Dunedin and Moeraki Railway.

I am directed to report that the Committee recommends the Government to allow the case to be decided by a Court of law, if petitioners desire it, the Government waiving any technical forms that would prevent the matter in dispute being decided on its merits.

10th October, 1879.

## No. 10, Session II.—Petition of ANGUS McMILLAN and Others, of Whangarei Heads.

THE petitioners pray that a wharf which has been washed away at Marsden Point, near Whangarei, in the Auckland Provincial District, may be reconstructed.

I am directed to report that the petition be referred to the Government for consideration.

17th October, 1879.

## No. 8, Session II.—Petition of WILLIAM GARRICK.

THE petitioner prays for some further relief in consequence of an injury sustained while on active service in the Colonial Forces.

I am directed to report that, having made a recommendation in petitioner's case, and the Government having made a payment of £75 on the strength of such recommendation, the Committee has no further recommendation to make to the House in the petitioner's case.

17th October, 1879.

## No. 51, Session I., and No. 51, Session II.—Petition of J. R. MARTIN.

THE petitioner prays for compensation for alleged dismissal, without reason, from the Permanent Public Works Department, Railway Branch.

I am directed to report that the Committee has made inquiry into the case of the petitioner, and it appears from the evidence submitted by the Railway Department that the petitioner was not competent to perform the services on which he was employed. The Committee cannot, therefore, recommend his case to the favourable consideration of the House.

17th October, 1879.

## No. 110, Session I.—Petition of JOSEPH WORMS.

THE petitioner prays that the guardianship of his step-son, now in the Industrial School at Auckland, may be transferred to himself.

I am directed to report that the Committee, having made inquiry into the case of the petitioner, cannot recommend that his application be granted, as the action of the authorities with regard to the petitioner's children meets with the approval of the Committee.

17th October, 1879.

Nos. 131, 132, 133, 135, and 150, Session I., and Nos. 18, 19, and 20, Session II.—Petitions of W. W. DAVISON and Others, of St. Kilda, South Dunedin; A. BOYD and Others, of Tapanui, Otago; R. HARRIS and Others, of Rangitikei; and ADAM OLIVER and Others.

PETITIONERS pray that the reading of the Bible may be practised in the State schools established under the Education Act.

I am directed to report, that the subject-matter of these petitions being one of public policy, the Committee does not deem it necessary to offer any opinion to the House.

17th October, 1879.

No. 147, Session I.—Petition of DANIEL HENDERSON LUSK.

THE petitioner prays for consideration for removal from the military service of the colony, without sufficient notice or compensation.

I am directed to report that the Committee has no recommendation to make to the House in petitioner's case.

21st October, 1879.

No. 60, Session I.—Petition of JAMES WRIGHT.

THE petitioner prays for Volunteer remission scrip of the value of £30, for services rendered in the Pukekohe Rifle Volunteers.

I am directed to report that the Committee is of opinion that the petitioner is entitled to his claim for issue to him and exercise of Volunteer remission scrip, as "The Crown Lands Act, 1877," extended the period for exercise of scrip to April, 1879.

21st October, 1879.

No. 111, Session I.—Petition of MARGARET MASTERS.

THE petitioner prays for the maximum gratuity authorized under "The Civil Service Act, 1866," for special service of her late husband.

I am directed to report that, the provisions of the Civil Service Act applying to the petitioner's case having been complied with by the Government granting a gratuity of twelve months' pay, the Committee has no recommendation to make to the House.

21st October, 1879.

## No. 56, Session II.—Petition of THOMAS LE FEYER HARCOURT.

THE petitioner prays for a grant of land in consideration of passage-money paid on account of himself and family in England.

---

## No. 13, Session II.—Petition of JOHN TREGGAR and Others, of Nelson.

THE petitioners pray that the publicans' license fees in Nelson may be reduced to the same rate as those in Otago.

I am directed to report that, as the subject-matter of the petition is now before the House, the Committee does not deem it necessary to make any recommendation.

21st October, 1879.

---

## No. 2, Session II.—Petition of JOHN MANDER.

THE petitioner prays for consideration for services alleged to have been performed in carrying the mail between Papakura and Wairoa during the Maori war, in 1863.

I am directed to report that, as it appears the petitioner's case was inquired into by a Commission appointed by the Government, the Committee sees no sufficient reason to reopen the case.

21st October, 1879.

---

## No. 44, Session II.—Petition of JAMES HICKEY.

THE petitioner prays for a grant of land, to which he alleges he is entitled for himself and on account of his brother who is dead.

I am directed to report that, as it appears from the report of the Under Secretary for Defence that the petitioner and his brother deserted from the force before their term of service expired, the Committee considers petitioner has no claim for consideration.

21st October, 1879.

---

## No. 119, Session I.—Petition of Major MURRAY and Others, of Thames Scottish Volunteer Force.

THE petitioners pray for consideration for the case of Peter McGregor, a cadet of the Thames Scottish Volunteer Force on the Thames, who was accidentally shot in the wrist by one of his comrades, after prize-firing, on the 14th March, 1879.

I am directed to report that the Committee is of opinion that the accident to the cadet, McGregor, was the result of carelessness on the part of the cadets after being engaged in rifle-practice. The Committee cannot, therefore, recommend any recompense or redress; but draw the attention of the Government to the fact that cadets are allowed to take part in rifle-practice at the butts before they are properly taught to load a rifle.

21st October, 1879.

---

## No. 55, Session II.—Petition of MICHAEL MONAGHAN.

THE petitioner prays for compensation, he having retired from the police force of the colony.

No. 167, Session II.—Petition of GEORGE J. MACKAY and Others, of Tuapeka.

THE petitioners allege that in the month of September, 1878, their district was visited by a very disastrous flood in the Molyneux River, which destroyed all the bridges and ferries on that river within the County of Tuapeka.

That, as soon as these disasters were made known, large sums of money were voted by the House to assist in restoring the Teviot and Beaumont Bridges; but that no effort has been made by the Council of the Tuapeka County to restore the Beaumont Bridge, and, instead, that the Council ignored the importance of the work by passing a resolution to the effect that "the bridge be not proceeded with until all works authorized by the Council are completed;" thus virtually shelving the matter.

They pray that an inquiry may be made into the facts of the case with the view of the Government taking the matter into their own hands, in accordance with section 185 of the Counties Act, and restoring the bridge or ordering the County Council to do so.

I am directed to report that, from the evidence taken by the Committee on the petitioners' case, it appears that the Tuapeka County Council has not applied the £3,000 voted by Parliament and paid by the Government to the county for the purchase of the Beaumont Bridge to such purchase. The Committee is therefore of opinion that the Government should, in the terms of the agreement on which the money was paid, take immediate steps to recover the money by deducting it from the subsidies or other moneys payable to the Tuapeka County Council, and apply it in accordance with the terms of the vote.

I am directed to report that the Committee inquired into the petitioner's case during the session of 1878, and recommended the Government to use its influence with the Road Board of the district to

take a road through Mr. Charteris's land, under "The Public Works Act, 1876," at the cost of the petitioner. It appears that, although the Road Board collect road rates from the petitioner, it declines to take any action to enable him to acquire any access to the land in respect of which it levies rates. It appears also that the Road Board has treated the application of the Government with contempt, and declines to be, what it terms, dictated to in the matter. In the opinion of the Committee it is a question how far, under such circumstances, the Government would be warranted in withholding any subsidies that may accrue to this road district, pending the Board doing its duty in the matter. The Committee is of opinion that the petitioner's case is one of much hardship, and that the Government should take the necessary action in order to give him a right-of-way to his land.

Nos. 86, 71, Session II.—Petition of E. ff. WARD and Others; and RICHARD KELLY and Others.

THE petitioners complain of the manner of the administration of justice in the Resident Magistrate's Court in the District of Poverty Bay, and pray that a fit and proper person may be appointed for the district.

I am directed to report that the Committee is of opinion that there is *prima facie* evidence to show that there ought to be an inquiry as to the fitness of Mr. Gudgeon to occupy the position of Resident Magistrate, and that the Government be recommended to make such inquiry accordingly.

9th December, 1879.

Nos. 356, 357, 348, 358, Session II.—JAMES BEIGHTON and Others, of Roxburgh; JAMES RIVERS and Others, of Alexandra, Otago; BENJAMIN NAYLOR and Others, of Clyde; WILLIAM GREENBANK and Others, of Vincent County.

THE petitioners pray for the formation of a district road from the Waikaia Bush to the main road between Roxburgh and Alexandra.

I am directed to report that these petitions be referred to the Government for consideration.

9th December, 1879.

No. 232, Session II.—Petition of W. B. YALDWYN.

THE petitioner prays for relief in consequence of his services having been dispensed with in the Government Insurance Department.

I am directed to report that it appears, from the evidence taken by the Committee, that petitioner lost his appointment because the Commissioner considered that other arrangements could be made more advantageous to the general working of the department. The Committee does not think that petitioner's reputation as an accountant is in any way injured by such loss of appointment, as it was mainly on grounds not involving competency as an accountant that his services were dispensed with. The Committee, therefore, sees no reason why he should not be again employed by the Government if a suitable opportunity offers.

10th December, 1879.

No. 340, Session II.—Petition of P. AUSTEN and Others, of Ohinemuri.

THE petitioners pray for the arrest of the parties guilty in the Ohinemuri outrage.

No. 113, Session II.—Petition of R. L. F. J. DE THIERRY.

THE petitioner alleges that he entered into negotiations with the aboriginal natives in the North Island for the purchase of certain blocks of land, and thus paved the way for their acquirement by the Government. He further alleges that he not only lost his time, trouble, and money actually expended, but his prospective commission also, in consequence of his operations being suspended by Proclamation issued under Statute law. He prays for consideration.

I am directed to report that the Committee is of opinion that the petition be referred to the Government for inquiry, and, if it is found that the Government has been benefited by the petitioner's work, that a fair payment be made for such work.

11th December, 1879.

No. 330, Session II.—Petition of JAMES DEMPSEY.

THE petitioner alleges that injustice has been done to him as contractor for reclamation works at Auckland, and prays for investigation.

I am directed to report that the Committee does not consider it advisable to interfere in disputes between contractors and the Public Works Department before the contract has been completed, especially as in the present case there is an absence of evidence that would enable the Committee to come to any decision; but recommends the Government to make immediate local inquiry into the matter, with a view of a prompt settlement of the dispute, as any delay will seriously interfere with the harbour.

11th December, 1879.

No. 184, Session II.—Petition of JOSEPH PENNINGTON and JOHN GIBSON.

THE petitioners pray for the refund of money expended by them in fencing their land along the line of railway near the Waiwakaiho River.

I am directed to report that, having made inquiry into the case of the petitioners, the Committee

finds that the Government has strictly fulfilled the agreement entered into. The Committee cannot therefore recommend the claim of the petitioners to the favourable consideration of the House.  
11th December, 1879.

11th December, 1879.

---

No. 341, Session II.—Petition of G. F. MASKEW.

THE petitioner alleges that he was unavoidably absent from duty, through illness, and that he lost his employment in consequence, and he prays for consideration.  
I am directed to report that the Committee is of opinion that the petitioner has received more by way of gratuity than the law allows, and, viewing the case of the petitioner in its general application to the Civil Service, the Committee cannot recommend a further payment.  
11th December, 1879.

---

No. 39, Session II.—Petition of PATRICK BARREY.

---

No. 191, Session II.—Petition of HENRY JACKSON.

THE petitioner prays for redress of his grievances, he alleging that he was summarily and unjustly dismissed from his appointment as Chief Surveyor of the Province of Wellington.

I am directed to report that the Committee has not examined witnesses in this case, but the result of the examination of the Commissioners appointed under "The Civil Service Act Amendment Act, 1871," and of the Select Committee of the Legislative Council, and other official documents have been submitted to the Committee. In consequence of the late period of the session, the Committee is unable to make such an examination into the case of the petitioner as would warrant it in making a final recommendation to the House.

The Committee is, however, sufficiently informed to state that in its opinion the case of the petitioner has not been dealt with in such a manner as to satisfy the ends of justice, and to insure the proper discipline of the Civil Service.

Considering the position previously held by the petitioner in the Civil Service of the Wellington Province as Chief Surveyor, and recognizing his acknowledged ability and devotion to his profession, the Committee thinks that greater consideration should have been shown him than appears to have been by the Surveyor-General.

The charges made against the petitioner by that officer are practically resolved into disobedience of orders alleged to have been issued in the early part of the year 1877. The Committee considers that such disobedience, if it actually occurred, should have been inquired into and dealt with at the time, and should not have been allowed to sleep for nearly two years.

The charges were first officially made to the Government on the 15th November, 1878, but the Government did not appear to consider them to be of a very grave character, as another appointment was proposed to be given to petitioner if a suitable one could be found.

Subsequently, however, the charges made were referred to a Commission appointed under "The Civil Service Amendment Act, 1871," the members of the Commission being nominated by the officer making the charges.

The Committee considers that a Commission so appointed was not a fair tribunal to inquire into and decide on charges which to some extent involved professional rivalry.

It does not appear to the Committee that the main charges have been satisfactorily proved.

The Committee desires to avoid doing anything that would tend to disorganize the Civil Service, but it is of opinion that official tyranny, of the existence of which the Committee have had ample evidence in this and other cases that have come before it, is equally destructive of good discipline as is the insubordination of inferior officers, and that both, in the opinion of the Committee, should be suppressed.

The Committee therefore considers that the petitioner's case should be referred to a Royal Commission, provided such Commission is composed of men of sufficient independence and high standing outside the Civil Service.

13th December, 1879.

No. 287, Session II.—Petition of ROBERT MOWATT. (Further Report.)

THE petitioner alleges that he has not received from the Government the amount of pay to which he is entitled for services as drill-instructor of artillery, and prays for consideration.

I am directed to report that the Committee sees no reason to alter the decision already arrived at in the case of the petitioner.

15th December, 1879.

No. 350, Session II.—Petition of JOHN COLLIE and Others.

THE petitioners pray that they may be reimbursed by Government for losses incurred in carrying out the summit contract of the Wellington-Masterton Railway.

I am directed to report that the Committee dealt with the petition of the contractors in this contract during the session of 1878, and decided that they had no claim against the colony. The Committee is of opinion that the opinion arrived at with respect to the contractors equally applies to their sureties. The Committee cannot therefore recommend their claim to the favourable consideration of the House.

15th December, 1879.

No. 373, Session II.—Petition of ABRAHAM KERCEL.

15th December, 1879.

## No. 361, Session II.—Petition of HARRISON GIBSON.

THE petitioner prays for consideration in consequence of losses sustained through the action of the Government.

I am directed to report that the Committee is of opinion that this claim for compensation is one arising only from contingent circumstances consequent on Native disturbances, for which the colony is not liable. The Committee has therefore no recommendation to make in the petitioner's case.

15th December, 1879.

## No. 367, Session II.—Petition of H. K. TAIAROA.

## No. 370, Session II.—Petition of PATRICK GORMAN and Others (No. 2).

## No. 366, Session II.—Petition of STEPHEN DOBBYN.

THE petitioner submits a claim for £32 11s. for loss of time and expenses incurred in consequence of obstruction of the Natives of the Tepuna District.

15th December, 1879.

---

No. 121 (1878).—Petition of DAVID WEIR.

THE petitioner prays for consideration in consequence of losses said to be sustained through the miscarriage of and non-delivery of a letter by the Postal Department.

I am directed to report that, from the evidence before the Committee, it appears that gross carelessness was shown by the Postmaster at Port Chalmers in not forwarding the letter to its destination. It is also probable that the petitioner suffered some loss owing to the non-delivery of the letter, but the Committee doubt the expediency of the colony acknowledging liability on account of any neglect on the part of Post Office officials to forward letters to their addresses within a reasonable time. The Committee cannot, therefore, recommend the House to grant compensation in the case of the petitioner, as the proper remedy is for the Government to punish officers guilty of such neglect.  
15th December, 1879.

THE petitioner prays for consideration in consequence of having been accidentally wounded when on active service in the field.

15th December, 1879.

---

No. 390, Session II.—Petition of H. BARTON and Others.
