The REGISTRAR to the Hon. the MINISTER of EDUCATION.

SIR,—

University of New Zealand, Christchurch, 14th May, 1881.

I have the honour, by direction of the Chancellor, to forward to you herewith copies of certain resolutions passed by the Senate respecting the Gilchrist Scholarships, and to ask that the Government may take the action suggested in these resolutions.

I have, &c.,

W. M. MASKELL,

Registrar.

The Hon. the Minister of Education.

Enclosure in No. 7.

RESOLUTIONS.

1. That it is of the utmost importance that ample notice should be given of the time at which future examinations for Gilchrist Scholarships in this colony are to be held, so that they may be properly advertised.

2. That, in order to prevent the possibility of the contents of the papers becoming known in the colony before the day of examination, it is desirable that such papers should be despatched from England as long before they are used in England as possible.

3. That, having regard to the geographical configuration of this colony, and to the fact that there are several centres of nearly equal importance in point of population and general advancement in learning, it is desirable that a sufficient number of sets of examination papers should be furnished to this colony to allow of examinations being held simultaneously at different centres, and that the number of sets of examination papers should be sufficient for at least five of these centres.

4. That the Chancellor be instructed to submit these resolutions to the Government, and request it to use its influence with the Gilchrist Trustees to secure the amendments required.

5. That the Chancellor be requested to communicate these resolutions through the Government to the Gilchrist Trustees; at the same time offering to take charge of and distribute the examination papers to be sent from England, and generally to make arrangements for the conduct of the examination.
