* As this lodge has a very large management fund (about £2,000), this deficiency may be treated as merely nominal.
 † On the assumption that the Funeral Fund of the District to which this court is affiliated is actuarially solvent. There is reason to believe that this assumption is not, as a matter of fact, realized, but it is impossible to ascertain how far the Funeral Fund falls short of solvency until all the other courts of the District come to be valued.
 ‡ Freehold property, now worth £4,000, granted to court by Provincial Government.
