

1885.
NEW ZEALAND.

EDUCATION: EXISTING ENDOWMENTS FOR SECONDARY AND UNIVERSITY EDUCATION IN THE COLONY.

Return to an Order of the House of Representatives, dated 20th August, 1884.

Ordered, "That there be laid upon the table a return of all existing endowments for secondary and university education in the colony, specifying the locality of each block of land, its acreage, its estimated value, and its present rental after the deduction of public burdens; also a statement of the sums of money arising from the sale of any of these land endowments disposed of under special Acts of the Legislature, with the particulars of their investment and the interest paid thereon, together with the name of the governing bodies and the profits received by each body since the abolition of provinces."—(Mr. Seddon.)

NOTE.—The information from which the preceding tables have been compiled was supplied by the several governing bodies, except as regards the estimate of the present capital value of the reserves vested in the Wellington College Board and the Wellington School Commissioners, and the University Endowment Reserves, which was made by the Secretary for Education after consultation with the Surveyor-General.

NOTES BY THE SECRETARY FOR EDUCATION.

1. The preceding returns relate to land endowments only, no details having been obtained respecting moneys invested for the general maintenance of the secondary schools or for scholarships.

2. A very large amount of important information concerning the institutions for university and higher education and their endowments is given in the Reports of the Royal Commission (1879 and 1880) on University and Higher Education. Detailed information respecting the reserves vested in the governing bodies of these institutions is contained in the appendix to the Commissioners' Interim Report, sections II. and III., pages 3-15. (See Appendices to Journals of the House of Representatives, H.-1, 1879, and H.-1, 1880.)

3. The Canterbury College Board sold a large proportion of its reserves prior to the date of the abolition of the provinces; but information respecting the lands so disposed of is not covered by the order. No other public governing body seems to have sold reserves before the date mentioned. The following table, compiled from a parliamentary return (E.-11, 1883), shows the total area sold by the Canterbury College Board up to August, 1883, including the sales since the abolition of the provinces:—

LANDS SOLD BY CANTERBURY COLLEGE BOARD.†

Purposes for which the Reserves were held.	‡ Reserves sold.						Annual Revenue from so much of the Proceeds as was invested.		
	Area.			Price.

4. The following answers were received in reply to requests for information concerning the endowment reserves vested in the governing bodies of Nelson College and Christ College and Grammar School, Canterbury:—

From Nelson.—"I am directed by the Governors to inform you that no reserves were ever granted by way of endowment to the Nelson College by the Colonial Government of New Zealand or by the Provincial Government of Nelson, and that therefore the Governors have no return to make."

From Christ's College and Grammar School, Canterbury.—"In reply to your circular of the 21st instant I am directed to state that the only endowment reserve in the Christ's College is as follows: 9 acres 3 roods, part of the Government Domain, Christchurch, granted by the Superintendent and Provincial Council of Canterbury, 24th February, 1857, to be held in trust by Christ's College as a site for the college buildings and for grounds attached thereto."
