## NAVAL AND MILITARY AND LOCAL FORCES' LAND CLAIMS COMMISSION

(REPORT OF THE)

*Presented to both Houses of the General Assembly by Command of His Excellency.*

WM. F. DRUMMOND JERVOIS, Governor.

To all to whom these Presents shall come, and to WALTER EDWARD GUDGEON and ALEXANDER CROWE, Greeting:

WHEREAS under divers Acts, ordinances, regulations, or other laws now or in times past in force in the Colony of New Zealand, or in some part thereof, divers persons, being either officers, non-commissioned officers, or private members of Her Majesty's naval and military forces, or in the Militia force or Volunteer force of the said colony, or in some other military body or force enrolled in the said colony, have had or alleged that they have claims upon the Government of the said colony or of some province thereof to grants of land in the said colony either for services rendered by them in such capacities in the said colony, or as having retired from such forces for the purpose of settling in New Zealand, or otherwise about or in connection with their being or having been such officers, non-commissioned officers, or private members as aforesaid: And whereas such claims are not now capable of being enforced in law either owing to the same not having been presented within the time prescribed by law, or for other reasons of a technical character: And whereas from time to time petitions have been presented to the General Assembly of New Zealand, or to one House thereof, by certain of such officers, non-commissioned officers, or private members, or by the representatives and assigns of such, praying for relief in the premises: And whereas in pursuance of clause 1 of the First Schedule to "The Special Powers and Contracts Act, 1886," the Governor is empowered "to appoint one or more persons Commissioners, in terms of 'The Commissioners' Powers Act, 1867,' to inquire into and report upon claims to Volunteer scrip in terms of the first column—namely, to give effect to the report of the Waste Lands Committee of the House of Representatives, session 1886, on claims made by Volunteers enrolled between the years 1873 and 1876, which are barred by section 3 of "The Waste Lands Administration Act, 1876:" And whereas in pursuance of the above, and of a recommendation of the Waste Lands Committee of the House of Representatives dated the twenty-second day of June, 1886, adopted by the above House, it is thought desirable to appoint a Commission for the purpose of inquiring fully into and reporting upon all such claims, and any others of a similar character:

Now, therefore, know ye that I, William Francis Drummond Jervois, Governor of the Colony of New Zealand, having full trust and confidence in your impartiality, ability, and integrity, do hereby, by and with the advice and consent of the Executive Council of the Colony of New Zealand, appoint you the said

WALTER EDWARD GUDGEON and  
ALEXANDER CROWE

to be Commissioners for the purposes hereinafter mentioned, with the powers hereinafter set forth, and, subject thereto, to have and exercise the several duties and functions hereinafter mentioned, that is to say:—

1. To inquire into, examine, and report upon all claims to land which may be brought before you by persons who have been such officers, non-commissioned officers, or private members as aforesaid, or by the representatives or assigns of such officers, non-commissioned officers, or private members, all of whom are hereinafter referred to as claimants, which such claimants may claim to have had against the Government of the colony or of some province thereof of such a character as is hereinbefore recited.

2. You are authorized and empowered to make and to hold any inquiry under these presents at any place or places within the Colony of New Zealand as you may think most convenient and adapted to elicit full information respecting the matters which you may be called upon to inquire into under these presents.

3. Before you commence any inquiry under these presents you shall cause such notice or notices as you may deem necessary or expedient to be given, stating the day, time, and place or places on and at which you will be prepared to receive claims, and indicating in what form you

wish such claims to be preferred, and also the day, time, and place when and where you will be prepared to receive and hear any evidence or information which any claimants may desire to offer or bring before you in support of their claims.

4. You shall cause every such notice to be given and published in such manner and form as you may from time to time prescribe, and at such place or places as you may deem best calculated to give effect to these presents.

5. For the purpose of this Commission you are hereby empowered to call before you and examine on oath or otherwise as may be allowed by law all such person or persons as you may think able to afford you any information in relation to the premises.

6. Each claimant shall be entitled to present his claim in such manner and form as you may from time to time prescribe.

7. You may also require any person or persons to bring before you and produce in evidence (saving all just exceptions) any books, papers, deeds, or documents of which any Court of law might compel the production.

8. You are hereby also empowered, in case no claim is made or evidence offered before you in respect of any matter which might have been made the subject of such a claim as aforesaid, of your own motion to examine into and report upon such matter which may be in any manner brought to your knowledge, and, although the same shall not be made or preferred by any claimant, and in any such case you shall have or may exercise all and every the powers and authorities conferred upon you by these presents.

9. In giving effect to this Commission you shall have full power and authority to employ such clerical assistance and other persons as you may deem necessary for your assistance in the premises.

10. In case any inquiry under these presents shall be made and concluded by you, and it shall afterwards appear desirable for any reason that the same shall be reopened, you are hereby empowered to reopen the same; and all proceedings shall be taken in respect of such reopened inquiry as if it were an original inquiry: Provided that no inquiry shall be entered upon after the date fixed for the making of your report under this Commission.

11. And it is hereby declared that this Commission shall continue in full force and virtue, and you, the said Commissioners, may from time to time, and at any place or places within the said colony, proceed in the execution hereof, although the inquiry be not regularly continued from time to time by adjournment.

12. And you are hereby required, with as little delay as possible, but not later than three calendar months from the date hereof, to report to me under your hands and seals your opinion resulting from the said inquiry and the evidence taken thereon of the several matters and things inquired into by you under these presents: Provided always that you may report separately upon each claim, or from time to time upon any one or more of such claims, without waiting for the completion of your inquiries into all the claims which may be brought before you.

13. Lastly, it is hereby expressly declared that all the powers, authorities, and duties conferred or imposed upon you, the said Commissioners, may be exercised and performed by any one of you sitting under this Commission; and that you, the said Walter Edward Gudgeon, shall act as chairman under this said Commission.

Given under the hand of His Excellency Sir William Francis Drummond Jervois, Lieutenant-General in Her Majesty's Army, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Companion of the Most Honourable Order of the Bath, Governor and Commander-in-Chief in and over Her Majesty's Colony of New Zealand and its dependencies, and Vice-Admiral of the same; and issued under the Seal of the said Colony at the Government House, at Wellington, this fourteenth day of September, in the year of Our Lord one thousand eight hundred and eighty-six.

(L.S.) W. J. M. LARNACH.

Approved in Council—

FORSTER GORING, Clerk of the Executive Council.

To His Excellency Sir William Francis Drummond Jervois, K.C.M.G., Governor of New Zealand.

MAY IT PLEASE YOUR EXCELLENCY,—

We, the undersigned, appointed by a Commission dated the fourteenth day of September, 1886, under the hand of the Governor, and sealed with the public seal of the colony, to examine and report upon all claims to land brought before us by officers or private members of Her Majesty's naval or military forces as having retired to settle in New Zealand, and by members of the local forces of the colony for services rendered by them in such capacities (which claims, owing to lapse of time or from technical reasons, cannot now be enforced by law), respectfully submit for your Excellency's consideration the following report of our proceedings:—

In conformity with the 4th clause of the above-mentioned Commission, we have caused to be inserted in not less than two newspapers in each district, at least fourteen and in many cases twenty-eight days before the sitting of the Commission, notices calling upon all persons claiming to be entitled or to have been entitled to grants of land for military service under any Act now or formerly in force in the colony to send in claims in writing, and to appear and give evidence on the days named in such notice. In reply to these advertisements we have received applications from some sixteen hundred persons, and have taken evidence in nearly thirteen hundred cases.

To facilitate inquiry we have held sittings at Palmerston North, Hawera, New Plymouth, Auckland, Wanganui, Hamilton, Thames, Tauranga, Dargaville, Whangarei, Gisborne, Napier,

Masterton, Wellington, Christchurch, Timaru, Oamaru, Dunedin, and Invercargill, and in the order named.

In determining the various claims we have been guided chiefly by the following considerations: 1. That it was not our duty to recommend the applications of those who never had a claim either in law or equity, or those who, perhaps having a claim at one time, yet never attempted to enforce it. 2. That we were required to do justice to those who, from ignorance or other excusable reasons, failed to enforce their claims within the period prescribed by law, or were barred by the subsequent repeals of those Acts under which they claimed. In no single case have we recommended the claims of discharged soldiers for consideration of the Government where there has been a doubt as to their character or to qualification by residence within the province wherein the original claim was made.

We beg to recommend for favourable consideration the claims of those discharged soldiers (Schedule II.) who—(1), being of good character, left Her Majesty's service expressly to settle in New Zealand, and, having applied to the Land Office of the province for scrip, were either put off from time to time by the officials of that department, or, having obtained scrip, failed to select their land within the time prescribed by law, but who in all other respects had fulfilled their part of the contract; (2) those men who did not apply for their land until the Act under which they claimed had been repealed, but who nevertheless had been entitled, and afterwards resided within the province, as provided by the Act.

We have rejected the claims of all discharged soldiers who fall within the following classes: (1.) Those who were discharged from Her Majesty's service after the repeal of the Act within the province in which they afterwards resided. (2.) Discharged soldiers who had or had not served within the colony, but who in the former case had left it and returned as military settlers, and subsequently became entitled to land as such. These men clearly did not come to the colony to settle as discharged soldiers but as military settlers, and ought not to receive a double grant of land by assuming both characters at choice. (3.) Men who, although they had at one time an undoubted claim, have forfeited the same by leaving the province, and thus failing to carry out the residential clauses of the Act. (4.) Men of the 53rd Regiment who have already received scrip or land for service in the Bay of Islands in 1845. (5.) Men who, having received due notice of the sittings of the Commission, have failed to appear before it for examination, and whose written claims were of so meagre a character as to give no information whatever, and who have also failed to reply to the queries sent them by the Commission.

In the case of Volunteers enrolled between the year 1873 and the 31st October, 1876, we have required that the service and efficiency should be continuous.

In pursuance of "The Wellington Free Grants Ordinance, 1869," we have rejected the claims of all Volunteers for service within that province who did not enrol before the 2nd April, 1863, and in the case of Hawke's Bay have, under the provisions of a local ordinance which adopted "The Volunteers Land Act, 1865," for two years only, viz., from August, 1868, to August, 1870, declined to consider the claim of any Volunteer whose five years' service was not complete by the latter date. The Taranaki claims have been treated in a similar manner, for in that province also the Act was adopted for two years (from the 31st December, 1872, to the 31st December, 1874). The provinces of Nelson and Canterbury did not, as far as we can ascertain, adopt the Act in any form, and therefore within those provinces the Volunteers have no claim.

We have rejected the very numerous applications made for actual service against the enemy dating from 1860 to 1868, for the following reasons: (1.) If these claims were ever good in law or equity they ought to have been satisfied twenty years since. (2.) There are now no records obtainable whereby these applications can be verified, and we consider it very doubtful whether the claimants were ever employed on service of such a nature as to bring them within the terms of the Act of 1865, or, if so employed, whether they served the minimum period of six months required by that Act.

Amongst the miscellaneous claims received by the Commission are those of the Hawke's Bay Volunteers. These men were enrolled by the late Major Biggs, and did good service on the East Coast during the years 1865 and 1866. From the evidence given by men belonging to this corps it is evident that no promise of land was made to them on enrolment, but it would appear that the late Sir Donald McLean did promise, in consideration of their good service, that he would endeavour to get them a grant of land, and did, some years after, try to give effect to his promise by introducing a Bill into Parliament, which was, however, withdrawn after its second reading. We consider that no promise was made to this corps which would warrant us in recommending it for the favourable consideration of the Government.

A similar case is that of Major Jackson and those men of the Forest Rangers who were enrolled in August, 1863, and disbanded in the following November. These men received the very high rate of pay of 8s. per diem, and were to receive land, the only contention being as to whether the three months served by them would entitle them to the grant, it being admitted that those men who re-joined at a lower rate of pay (5s.), and who served a term of three years, not only were entitled but did receive some of the best land in Waikato. Major Jackson and some of his men are now claiming a second grant. Major Jackson bases his claim—First: On Mr Russell's minute of the 6th August, 1863, by which he is authorized to enrol the Forest Rangers, and the men are promised land, for distinguished service, "in addition to the ordinary grant." Secondly: On the verbal promises of Sir George Grey, the then Governor, and Mr. Russell, the then Defence Minister. Thirdly: That the Government of New Zealand, by letter No. 2,541, of the 16th November, 1864, recognized his claim. The Commission is of opinion, with respect to the first point, that the "ordinary grant" of land mentioned in the memorandum of the 6th August, 1863, above quoted, involved three years' service. This view was taken by Mr. Holt, the then Under-Secretary, in his memorandum of the 17th of November, 1865; and Mr. T. Russell, in his minute of the 18th October, 1864, distinctly repudiates the claims of the three months' men. As to the verbal promises of Sir George Grey and Mr. Russell, the former gentleman, in reply to queries addressed him by

the Commission, states that he cannot remember having made any such promise, and Mr. Russell, in his letter of the 17th September, 1874, denies that any such promise was made. With reference to the third contention, the Commission consider that the letter quoted does not bear the construction sought to be placed upon it, but refers to the general claim of the Forest Rangers, viz., those men who enrolled on the lower rate of pay, and whose claims were afterwards satisfied by grants of land at Rangiaohia.

We have also had to deal with claims made by members of the Wellington and Auckland Colonial Defence Forces. In the case of the Wellington troop, we find there is no evidence whatever to show that any promise of land was ever made—in fact, the evidence taken by us is distinctly against any such promise; and, further, the terms of service signed by Major Edwards, the then commandant, and the declaration to be signed by each trooper attached thereto, although most explicit on every other point, contains no mention of land. The claims of the Auckland Defence Force present elements of greater difficulty. The evidence of Major Walmsley and other members of the corps leave no room to doubt that the late Colonel Nixon did promise his men land, presumably under the authority of Mr. T. Russell, the then Defence Minister; but that gentleman stated, before a Select Committee of the Legislature, in 1864, that no engagement was made with the corps that they should get land. There is, moreover, no documentary evidence whatever on the subject, whether in the original memorandum of condition of service, No. 63, 1862, or in subsequent letters from Colonel Nixon; and Captain Pye, in his application of the 11th August, 1886, states that Colonel Nixon was promised land, by Sir George Grey and Mr. Russell, for the men who first enlisted. Sir George Grey, in his letter of the 9th July, 1865, states that he cannot remember having made any promise, and that he had nothing to do with the granting of land. Under these circumstances we do not feel justified in recommending that the claims of the Auckland Colonial Defence Force should be considered by the Government.

Should the grants we have recommended be confirmed by the Legislature, we would suggest that due notice should be given to each applicant that his claim has been allowed; but we do not consider that it will be necessary to inform the rejected applicants of the decision arrived at in their cases.

We beg to attach to this report three schedules, containing—First, the names of those applicants whose claims we are unable to recommend for consideration; second, claims of applicants recommended; and, third, claims otherwise dealt with: all of which we respectfully beg to submit for your Excellency's consideration.

Given under our hands and seals at Wellington, this twenty-seventh day of January, one thousand eight hundred and eighty-seven.

(L.S.) W. E. GUDGEON, Chairman.

(L.S.) A. CROWE, Major (Member).
