(4.) Class E.—Grain and other Agricultural Produce.

Minimum quantity, 1 1/2 tons. Any less quantity will be charged as such minimum, or at rate and a half Class E, not exceeding the rate for Class D.

At all private stores or sidings the loading or unloading shall be done by the owners. The following method of computing the tonnage of grain will be followed :—

- Wheat—10 bags of 4 bushels to the ton.
- Barley—12 bags of 4 bushels to the ton.
- Oats—14 bags of 4 bushels to the ton.
- Flour, Bran, and Pollard—2,200lb. to the ton.
- Oats (crushed) and other grain by actual weight.
- 60lb. of wheat, or 50lb. of barley, or 40lb. of oats count as 1 bushel.

When grain is in bags holding more than 240lb. each the full contents of such bags of grain will be charged rate and one-eighth. The consignment note should state the number of such bags, failing which the charge will be made on the whole consignment. The tonnage on which such charge is made will be computed in the manner prescribed above.

The number of bags and the quantity they contain must be declared upon the consignment notes.

(5.) Class F.—Hay, Straw, Chaff, Turnips, &c.

The railway company may require all loading and unloading to be done by the owner. For each loading or unloading done by the company 5s. per truck will be charged. When loading by consignors is done negligently, and so as to entail reloading on the road, £1 per truck may be charged for reloading.

Beet, carrots, mangolds, pumpkins, turnips, pressed chaff, pressed hay, and pressed straw in quantities under a truck-load will be charged as a truck, or as Class E. Other goods of Class F under a truck-load will be charged as a truck, or as Class E, rate and a half. A truck-load must not exceed 6 tons in weight; any truck loaded with more than this quantity will be charged rate and a half.

Double-bogie trucks will be charged double the classified or local rates.
