

ALPHABETICAL LIST OF TITLES OF INVENTIONS—continued.

Invention and Name of Inventor.	No.	Date.
Holder, Sanitary paper. W. Davidson and S. G. Smith	9088	16 Nov.
Holes, Apparatus for cutting. W. H. Landells and H. Zander.. .. .	8731	11 Aug.
Holes, Apparatus for cutting. W. H. Landells and H. Zander.. .. .	8873	19 Sept.
Hook and eye. M. Hindley	8276	14 Feb.
Horse checking apparatus. H. W. T. Doggett and J. McChesney	8938	16 Oct.
Horse-collar. J. R. Hart	8640	9 July.
Horse-collar. F. Warner	8748	17 Aug.
Horse-collar, False. T. Clements	8691	30 July.
Horse-collar pad. C. S. White	8823	3 Sept.
Horse-collar, Pneumatic. R. J. Henry	8864	17 Sept.
Horse-cover. W. A. Dimick	8557	4 June.
Horse-cover. G. J. Silcock	8624	4 July.
Horse-cover. T. Richardson	8795	14 Aug.
Horse cover. A. Thompson	9118	14 Dec.
Horse- or cattle-feed, Apparatus for automatically supplying to a manger at any set time, and simultaneously supplying water to a drinking-vessel. W. Rainbow	8721	7 Aug.
Horse-pad or -boot. C. S. White	8774	20 Aug.
Horse-race starter. (See Starters, Starting-machine.)		
Horse-shoe. A. R. McDonald	8907	17 Sept.
Horse-shoe, Nailless. H. Cave	9107	8 Dec.
Hose-nozzle. J. Black	9125	16 Dec.
Hot-air engine. C. R. Macdonald	8803	27 Aug.
Hot-air engine. C. R. Macdonald	8827	2 Sept.
Hot-plates and electrical radiators. J. Chambers	8871	17 Sept.
Hot-water apparatus for household purposes. J. H. Walker	8499	13 May.
Hubs, &c., Cycle-. F. J. Osmond	9112	8 Dec.
Hydraulic elevator or mining pump. (See Pumps.)		
Hydraulic, Process of producing power. R. Wright	8514	22 May.
Hydraulic ram. C. Tindall and F. Biggs	8498	13 May.
Hydrocarbon lamp. E. Waters	8548	3 June.
Hydrocarbon motor. The Motive Power and Light Company (Limited)	8822	3 Sept.
Hydrocarbons and water, Appliance for mixing and spraying. W. S. Williams	8623	3 July.
Hydrocarbons, Apparatus for treating by means of heat. A. Seigle	8417	24 April.
Hydrocarbons. (See also Incandescent.)		
Hydrochlorine process of gold-saving. J. D. Anderson	8299	22 Feb.
Hydrocyanic acid. A. K. Huntington	8719	7 Aug.
Hygienic figure-support, Anatomical. A. G. Parry	8655	15 July.
Ice-cream, &c., Apparatus for producing. J. M. Brown and N. A. Joubert	8882	23 Sept.
Ice-making machine. (See Refrigerating.)		
Ice-safe. M. Kreissig	8825	5 Sept.
Idler-pulley or belt-rest. C. A. Arnold	8832	15 Aug.
Illuminating. (See Gas, Lamp.)		
Illumination, Phosphorescent electric. Moore Electrical Company	8215	22 Jan.
Imprinting machine. R. N. Adams	8681	2 July.
Incandescent gaslight-fittings. A. Vaughan	9079	27 Nov.
Incandescent gas-lighting, Burner for. W. R. Clay	8913	5 Oct.
Incandescent gas-lamp. J. G. Black	8861	12 Oct.
Incandescent lighting, Chemically-impregnated device for use in conjunction with Bunsen gas-burners for. L. Hooker	8439	28 April.
Incandescent oil-burner, Burning liquid hydrocarbons in conjunction with an incandescent hood to produce. W. and I. Darby and J. H. Punchard	9143	19 Dec.
Indiarubber, Process for solving and reintegrating vulcanised. E. Sefton	8863	16 Sept.
Indicating cost of goods sold by lineal measurement, Apparatus for. R. A. Bradbury	9155	23 Dec.
Inflatable wheel-tire. (See Tires.)		
Infuser, Tea-. E. M. Litchfield	8402	20 April.
Ink-bottle, with pen, pencil, and stamp-pouch, Pocket. J. Pool	8436	28 April.
Insetting- and trimming-machine combined. R. N. Adams	8778	29 July.
Insulating chambers or vessels, Means for. M. C. Bannister	8182	10 Jan.
Instructions to engine-drivers, Means for registering. F. W. Petre and A. A. Scully	8217	23 Jan.
Interarterial method of preserving meat. C. L. Villar	8176	4 Jan.
Interest. (See Calculating device.)		
Iron. (See also Box-iron, Glossing-iron, Ironsand, Soldering-iron, Steel.)		
Ironsand, Manufacturing steel and iron from. C. M. Pielsticker	8521	23 May.
Ironsand, Process for extracting iron from. N. Nicolson	9100	1 Dec.
Ironsand, Process for increasing product of iron or steel from. E. M. Smith	8711	6 Aug.
Ironsand, Process for smelting. E. M. Smith	8710	6 Aug.
Isolating telegraph- and telephone-wires. (See Telegraph.)		
Jack. (See Stump-jack.)		
Jacket. (See Oilskin.)		
Joining edges of metal plates, &c., useful in manufacture of pipes, Means for. M. Ferguson	8904	30 Sept.
Joint for metal pipes. J. Sands	9110	10 Dec.
Joint for rail. (See Rails, Railways.)		
Joint for rusticated weatherboarding W. A. Waddell	8630	8 July.
Kerosene and water, Appliance for spraying. W. S. Williams	8623	3 July.
Key for lever-lock. M. Salvador	8732	11 Aug.
Kiln, Continuous. F. D. T. Lehmann and P. N. Kohlsaat	8817	3 Sept.
Kiln, Fruit-evaporating. L. J. Duffou	8287	19 Feb.
Knife attachment for scarifier or cultivator. G. Richardson	9097	2 Dec.
Knife-cleaner. E. R. Standfield	8872	18 Sept.
Knives, Apparatus for cleaning. O. Walter	8236	1 Feb.
Ladder, Step-. G. W. W. Lightband	8552	2 June.
Lamp. E. Waters	8548	3 June.
Lamp. J. S. Scarr	8829	7 Sept.
Lamp, Carriage-. A. E. Kent	8495	12 May.
Lamp, Electric arc. The Davy Electrical Construction Company (Limited)	8242	3 Feb.
Lamp, Electric, for cycle. T. G. Howden	9026	11 Nov.
Lamp, Flame-spreader and smoke-consumer for. D. Dunn, T. W. Lewis, and W. H. Harris	8896	26 Sept.
