EXPLANATORY MEMORANDUM.

The following notes are explanatory of the more important matters relating to the preparation of the balance-sheets and revenue accounts included in B.-1 [Pt. IV], 1939, and in this supplementary paper, which are prepared on an income and expenditure basis and present a more comprehensive statement of the financial operations of departments and services than is possible in the cash statements included in papers B.-1 [Pts. I and II].

(i) Authority.—Section 57 of the Finance Act, 1932, requires the preparation of these accounts and their presentation to Parliament.

(ii) Capital—

(a) General: The amounts under this heading in the accounts usually represent the value of fixed assets at the conclusion of the financial year, and the amounts are divided to show loan capital separate from that provided from revenue or other source.

(b) Public Works Loans: Loans for the Public Works Fund (General Purposes Account) are shown as Public Works Fund Capital in the appropriate accounts recording the expenditure. Redemptions of those loans are allocated by the Treasury to the accounts whose expenditure is represented by the least productive assets.

(iii) *Depreciation.*—Treasury Instruction No. 97 specifies various rates of depreciation based on an estimated average life for different classes of assets. The rates are computed usually on the original capital cost. If the nature of a Department's depreciating assets calls for special rates, these are approved as required.

(iv) *Exchange*.—Exchange on all remittances abroad is charged to the Consolidated Fund; it is not recouped from the various departmental votes in the Consolidated Fund nor from votes in the General Purposes Account of the Public Works Fund with the exception of two—Telegraph Extension in respect of purchases made on account of the Post Office, and Railways Improvements and Additions to Open Lines in respect of purchases made on account of the Railways.

Exchange on remittances abroad for purchases of materials and miscellaneous services is, however, recouped from all the separate accounts, both within and outside the Public Account. No recoupment is made from separate or special accounts (either within or outside the Public Account) for exchange on remittances of interest.

(v) Charges not subject to specific Appropriation.—In pursuance of the general authority quoted in (i) above, certain charges such as administration, exchange of properties, assessed rental values, interest on capital and depreciation allowances, &c., are made through the Treasury Adjustment Account without cash payments or specific appropriation by Parliament.

(vi) Interest.—In the case of separate accounts such as Main Highways Account or State Coal-mines Account, the interest charge shown represents actual interest payable on the loans raised for those specific purposes. In the accounts of other Departments, an average rate, at present 4 per centum per annum, is charged.

(vii) *Rentals.*—Some Departments occupying private premises actually pay rentals. Others occupying Government buildings are assessed annually with rental based on the average rate of interest, the cost or valuation of the property, and the class of building.

(viii) State Balance-sheet.—The State Balance-sheet and Income and Expenditure Account which has been prepared in previous years has now been deleted.

(ix) Treasury Adjustment Account.—This is the equivalent of a "Head Office Account" in branch accounting, and through it are passed inter-departmental transfers and the total of cash transactions for the year. Separate accounts (see vi) having their own cash balances do not utilize a Treasury Adjustment Account.

(x) Values.—When the provision of accounts and balance-sheets on a commercial basis by all Departments was first instituted about 1922, it was necessary to bring numerous properties and assets into account by means of a fair valuation. New assets since then, or additions, are usually recorded at actual cost with any depreciation provision shown either as a deduction or separately.

CROWN LANDS ACCOUNT-continued.

T. POUND, Assistant Under-Secretary of Lands. G. I. BEESON, Chief Accountant.

I hereby certify that the Revenue Account and Balance-sheet have been duly examined and compared with the relative books and documents submitted for audit, and correctly state the position as disclosed thereby, subject to the explanatory notes dealing with departmental accounts generally as appearing at commencement of parliamentary return B.-1 [Pt. IV]. The following comments are appended: (1) Expenditure under the New Plymouth Harbour Endowment Act, 1874, totalling $\pounds 2,279$ 12s. 9d., which is now reflected in the Income and Expenditure Account of the Lands and Survey Department Account, should, in the opinion of the Audit Office, be included in the Revenue Account and shown as a charge against rents; (2) the charges on land with respect to expenditure under section 47 of the Land for Settlements Act, 1925, or the corresponding provisions of any former Act have not been abolished, as required by section 17 (5) (b) of the Land Laws Amendment Act, 1927; (3) in the opinion of the Audit Office the expenditure from the Public Works Fund on Native development areas proclaimed subject to section 522, Native Land Act, 1931, which is included in the asset "Undivided interests in land" should be reflected in the accounts of the Native land-development schemes controlled by the Native Department; (4) the provisions of section 537 (5) (a) of the Native Land Act, 1931, have not been complied with in respect of the asset "Sundry debtors for rates on Native blocks in Waiapu Consolidation Scheme, £3,785 18s. 11d."—CVRIL G. COLLINS, Controller and Auditor-General.

R. G. MACMORRAN, Under-Secretary for Lands. G. I. BEESON, Chief Accountant.

I hereby certify that the Revenue Account and Balance-sheet have been duly examined and compared with the relative books and documents submitted for audit, and correctly state the position as disclosed thereby, subject to the explanatory notes dealing with departmental accounts generally as appearing at commencement of parliamentary return B.-1 [Pt. IV], and to the following comment: No interest has been allowed to the Cheviot Estate in respect of the assets of the Cheviot Estate Account, which have been transferred to the Land for Settlements Account; and, moreover, the Cheviot Estate has been charged interest on the value of such assets other than cash. As a result, the accounts do not show the true amount of revenue earned by the Cheviot Estate and the Land for Settlements Account respectively.—J. P. RUTHERFORD, Deputy Controller and Auditor-General.

I hereby certify that the Revenue Account and Balance-sheet have been duly examined and compared with the relative books and documents submitted for audit, and correctly state the position as disclosed thereby, subject to the explanatory notes dealing with departmental accounts generally as appearing at commencement of parliamentary return B.-1 [Pt. IV] and to the following comments: (1) The loading of the various schemes for administration expenses is not sufficient to cover the full cost; (2) moneys expended out of the surveys of Native Land Account on Native-land-development schemes have not been recouped; (3) In the opinion of the Audit Office, expenditure from the Public Works Fund on Native-land-development areas incurred prior to the assumption of control by the Native Department and included in the Crown Lands Balance-sheet should be reflected in the accounts of the Native-land-development schemes.—CYRL G. COLLINS, Controller and Auditor-General.

NOTE.—Profits from farming operations on blocks under development are not included in the Revenue Account pending the result of the final realization of the blocks, and only in the case of blocks which have reached a certain stage of development has credit been taken for interest on expenditure recouped. Natural increases of stocks has not been brought in as an asset in the balance-sheet.

R. G. MACMORRAN, Under-Secretary for Lands.

G. I. BEESON, Chief Accountant.

I hereby certify that the Income and Expenditure Account and Balance-sheet have been duly examined and compared with the relative books and documents submitted for audit, and correctly state the position as disclosed thereby, subject to the departmental notes enfaced thereon and the explanatory notes dealing with departmental accounts generally as appearing at commencement of parliamentary return B.-1 [Pt. IV]. The following comments are appended: (1) The account does not bear a charge for the cost of expenses incurred by Departments administering the scheme, other than a reduced charge for the supervision of the erection of cottages and milking-sheds; (2) in connection with certain properties the development expenditure appears to exceed the value of the realizable assets.— CYRLL G. COLLINS, Controller and Auditor-General.

W. WAKARUA, Secretary.

The Audit Office having examined the Balance-sheet and accompanying accounts required by law to be audited hereby certifies them to be correct subject to the following comment and exception—*Comment*: As Parliament has not provided in the appropriations for the payment of the compensation grant of £3,000, the item "Compensation grant outstanding, £3,000," should not be shown in the Balance-sheet as an asset of the Board. *Exception*: Employment-tax in respect of the daily allowance paid to the Board members for their attendance at meetings of the Board and in respect of the salary paid to the Secretary has, contrary to law, been paid by the Board.—CYRIL COLLINS, Controller and Auditor-General.

O. N. CAMPBELL, Under-Secretary. M. J. LAWLESS, A.R.A.N.Z., Accountant.

NOTE.—To enable the Board of Native Affairs to fully exercise its powers and functions in respect of Natives who, in the opinion of the Board, are unable to furnish the security required under the Native Housing Acts and for the purpose of assisting the most urgent and necessitous cases, the Government has established a Special Housing Fund consisting of grants totalling £100,000, which have been paid into the Native Trustee's Account for disbursement through the Maori Land Boards as directed by the Board of Native Affairs. All interest, repayments of principal, and other accumulations belong to the fund and may be utilized in granting advances for housing numbers. purposes.

I hereby certify that the Statement of Receipts and Payments, the Income and Expenditure Account, and Balancesheet have been duly examined and compared with the relative books and documents submitted for audit, and correctly state the position as disclosed thereby.-CYRIL G. COLLINS, Controller and Auditor-General.

I hereby certify that the Statement of Receipts and Payments, Income and Expenditure Account, Appropriation Account, and Balance-sheet have, been compared with the accounts and balance-sheets of the respective Maori Land Boards, and correctly state the position as disclosed thereby, subject to the following comments and exceptions:—
1. *Tairawhiti*: (a) The Audit Office is unable to certify to the adequacy of certain securities owing to the absence of information as to the values of the lands secured; (b) moneys have been advanced without the approval of the Board of Native Affairs being obtained as required by section 100 (1), Native Land Act, 1931, as amended by section 11 (3), Board of Native Affairs Act, 1934-35; (c) the Audit Office is unaware of any statutory authority for the domain of £20 towards the cost of maintenance of the Tiareté Gerrard triplets.
2. *Poletrau*: (a) The value of forces on hand at the Tk Kao Store has been accorpted on the certificates of the storeman and a derk who visited the store from Auckland for stocktaking purposes; (b) No fibility in respect of the interest which has become payable since 1st [Apri], 1934, on the Te Karae and Paremata Mokau Government loans is shown in the accounts.—CYRIL G. COLLINS, Controller and Auditor-General.
