* The thirty-one member Governments listed are non-invaded countries. The Council has recommended that contributions be made primarily by member Governments whose home territory has not been occupied by the enemy.

[Division of Finance, 15th September, 1945.]

It will be noted that of the forty-four member nations in the year 1944, thirty-nine have paid their allocated share of the administrative expenses. The remaining five have notified the Administration that their payments are in process. Of \$9,500,000 allocated for 1944 administrative expenses, the total amount unpaid as of 15th September was \$69,167.

Of the thirty-one nations which were not occupied by the enemy during the war and which were, therefore, asked to contribute to the operating funds of the Administration, twenty-six have made contributions. The remaining five Governments have notified the Administration that contributions are now in process of authorization or appropriation. To date approximately 70 per cent. of the total operating funds asked by the Atlantic City resolution has been paid in.
