Examined and found correct, except as to the sum of £11 0s. 3d. paid for interest on a loan of £750 which the Board was not authorised by law to borrow.—J. K. WARBURTON, Controller and Auditor-General.

## EXAMINERS' REPORTS.

and are summarised as follows:—

Mr. H. A. Knight, examiner in agriculture, reported that the first-year students could not be considered, on the whole, as a satisfactory class, although there were six students that had obtained a good average. A higher standard had been reached by the second-year students, and a better general average obtained, some of the papers being very good indeed, and none of them really bad.
