1. Report of the Governors.

The Board of Governors have to report that at both the institutions under their control-the

The Board of Governors have to report that at both the institutions under their control—the Wellington College and the Wellington Girls' College—the work of tuition is being well carried on. The results of the University and Civil Service Examinations were as follows: Wellington College—2 pupils won Junior University Scholarships, 1 a Senior National Scholarship, 1 passed the Junior University Scholarship Examination with credit, 34 passed the Matriculation and Solicitors' General Knowledge Examination, 20 passed the Junior Civil Service Examination; Wellington Girls' College—1 pupil gained a Senior National Scholarship, 5 pupils matriculated on Junior Scholarship Examination papers, 22 pupils passed the Matriculation and Solicitors' General Knowledge Examination, 20 pupils passed the Junior Civil Service Examination (19 with credit). Senior Education Board Scholarships were gained by 3 pupils. The Board would refer to the negotiations now being conducted with the Government, and

hope that proposals now under consideration for erecting another building on the College ground will relieve the pressure in the present College building and enable the free-place scheme to be efficiently worked in Wellington.

Annual returns and copy of balance-sheet for the year 1906 are enclosed.

2. Work of the Highest and Lowest Classes.

2. WORK OF THE HIGHEST AND LOWEST CLASSES.
