

1908.
NEW ZEALAND.

EDUCATION: ANNUAL EXAMINATIONS.

[In continuation of E.—1A, 1907.]

Presented to both Houses of the General Assembly by Command of His Excellency.

The INSPECTOR-GENERAL of SCHOOLS to the Hon. the MINISTER OF EDUCATION.

SIR,—

Education Department, Wellington, 1st August, 1908.

I have the honour to present the following report of the annual examinations conducted by the Department for the various purposes of Teachers' Certificates, Junior National Scholarships, Junior Free Places in secondary schools, district high schools, and technical schools, Senior Free Places in secondary schools and district high schools, and for admission to or promotion in the Civil Service. The examinations were held between the 10th and the 21st days of December, 1907, and between the 6th and the 18th days of January, 1908, at the thirteen towns, which are the seats of Education Boards, and also at Alexandra, Aratapu, Arrowtown, Ashburton, Balclutha, Dannevirke, Gisborne, Gore, Hamilton, Hastings, Hawera, Lawrence, Levin, Masterton, Naseby, Oamaru, Ohaeawai, Pahiatua, Palmerston North, Paparoa, Rangiora, Reefton, Riverton, Stratford, Tauranga, Thames, Wairoa, Westport, Whangarei.

The total number of candidates that entered was 5,544, of whom 481 were absent from examination. The numbers that actually sat for the several examinations were as follows: For the Junior National Scholarship and Junior Free Place Examination, 1,475; for the Civil Service Junior Examination, 2,173; for the Civil Service Senior Examination, 231; for Certificate Examinations, 1,184. It is to be noted, however, that common to both the Junior and Senior Civil Service Examinations there were 25 candidates who sat for both, and whose names are accordingly reckoned twice in the totals given. Similarly, two of the candidates for Teachers' Certificates were also candidates for the Civil Service Senior.

The Junior National Scholarship Examination was used by all of the Education Boards except three for awarding their junior scholarships, and by Victoria College for awarding the Junior Queen's Scholarships.

The Civil Service Junior Examination was used as the examination for senior free places in secondary schools and district high schools, and also as the First Examination of pupil-teachers. It has also been adopted by nearly all the Education Boards as the test for their senior scholarships.

The following table shows in a succinct form the number of candidates for the last three years:—

	1905-6.	1906-7.	1907-8.
Junior National Scholarship and Junior Free Place	790	1,458	1,475
Civil Service Junior, Senior Free Place, First Pupil- teachers	1,305	2,123	2,173
Teachers D and C	749	1,051	1,184
Civil Service Senior	141	183	231
	2,985	4,815	5,063

From a comparison of the figures in the above table, it will be seen that the recent examinations have witnessed a remarkable increase in the number of candidates under the various headings. This increase in the candidature, so far as the December examinations are concerned, is evidently due to the greater opportunities now afforded for free secondary education; in the teachers'

examinations it is accounted for chiefly by the encouragement given to teachers to improve their status, more especially in connection with the increased facilities extended to those who desire to take a forward step towards a Class C qualification.

The expenses of the examination amounted to £3,980 18s. 8d., and the fees paid by candidates to £3,020 5s. Printing and clerical work are not included in the account of expenses. The results of the Junior National Scholarship Examination were made known on the 22nd January, those of the Civil Service Junior Examination on the 1st February, those of the Civil Service Senior Examination on the 13th February, those of the examination for the Education Board's Senior Scholarships and for Senior Free Places on the 1st February, and those of the teachers' examinations on the 22nd February.

The total number of candidates that sat for the Junior National Scholarship and Junior Free Place Examinations was 1,475. Of this number 1,231 were candidates for scholarships, and 425 for free places only. On the result of the examinations 682 attained a scholarship qualification, and (including this number), 830 qualified for free places in secondary schools.

The highest percentages of marks gained in the various examination-papers were as follows: English, 89; arithmetic, 100; geography, 92; general paper, 99; drawing, 94. The highest percentage gained by any one candidate on the whole examination was 88.

Of the 2,173 candidates for the Civil Service Junior Examination, 1,304 were seeking employment in the Public Service, and 943 passed the examination, 620 of them with credit. Of the successful candidates, those that passed with credit, and such of the remainder as were not over sixteen years of age on the 1st December, 1907, satisfied the requirements of the regulations then current for the tenure of Senior Free Places in Secondary Schools and District High Schools. There were 784 candidates for Senior Free Places only. The total number that qualified for Senior Free Places, whether this was or was not included among the special objects for which the examination was taken, was 1,523.

Of the 231 Civil Service Senior candidates, 90 came up to complete examinations in which they had already been partially successful. In all 39 passed the whole examination, and the work of 125 in addition was accepted by the Department in two or more subjects towards the full qualification.

The numbers of candidates that entered for different stages of the Teachers' Certificate Examinations, with their status at the time of entry, are shown in the subjoined table:—

Examinations previously passed.	Candidates for the Whole or Part of the Class C Examination.	For Class D.	For Class D, with the Matriculation Examination of December, 1907.	For Completion of Partial Pass for Class D.	For Special Certificates in Single Subjects.	Total.
Nil	17	244	49	310
Matriculation	49	195	244
Partial pass for Class E	1	10	1	12
Class E	22	18	40
Partial pass for Class D	86	230	...	316
Class D	253	253
Higher examinations	254	7	...	27	...	288
Totals	682	474	50	257	...	1,463

Of the whole number of 1,463 candidates, 407 have passed—1 for Class A, 15 for Class B, 196 for Class C, 195 for Class D. 319 have obtained partial pass—3 for Class B, 138 for Class C, 178 for Class D. There are 192 whose work in separate subjects of the Class C Examination has been accepted by the Department, and 281 candidates, besides 151 absentees, have failed to improve their status. Attached to this Report are lists of the examiners, and of the successful and partially successful candidates. The examination-papers, with an appendix containing the criticisms and suggestions made by the examiners, have been printed separately.

I have, &c.,
G. HOGBEN,
Inspector-General of Schools.

LIST OF EXAMINERS.
