No. 34.—Petition of E. F. WOLTER, of Wellington.

PETITIONER complains of his treatment whilst interned on Somes Island, and prays for inquiry and relief as to his naturalization rights.

I am directed to report as follows:—

1. With regard to the petitioner's prayer that his naturalization rights be restored, this is a matter of policy for the Government; but the Committee expresses the opinion that there is no evidence of any conduct on the part of the petitioner that should stand in the way of regranting his naturalization rights.

2. With regard to the petitioner's prayer for a public inquiry as to his loyalty and his internment, the Committee is of opinion that, as difficult questions of State policy during the war are involved, the question should be left to the Government.

I am directed to report that, in view of the conflicting decisions that have been arrived at by various Committees which have from time to time inquired into the question, the Committee recommends the Government to institute a special inquiry by a Supreme Court Judge or other competent tribunal to examine the whole of the documentary evidence and hear witnesses on both sides.

For consideration of services of Home Service men with a view to granting them certain of the privileges and benefits enjoyed by the New Zealand Expeditionary Forces overseas men.

I am directed to report that the Committee recognizes the splendid services of the men who were retained on home service, but until all overseas men have been fully repatriated it can make no recommendation.
