Since the departure of Judge H. F. Ayson, Mr. S. Savage, Commissioner of the High Court, has heard most of the cases brought before the High Court, and those cases which are outside a Commissioner's jurisdiction have been heard by Mr. S. J. Smith, Acting Chief Judge.

## LEGISLATION.

The only legislation passed in respect of the Group during the year was the Order in Council dated 9th February, 1938, relating to Pearl Shell Fisheries (Penrhyn).

## PUBLIC WORKS DEPARTMENT.

Much renovation work on Government buildings, roads, bridges, grounds, telephones, &c., rendered necessary by the postponement of such work during the late years of financial depression, was carried out, as well as Group Island work where necessary.

The Engineering Branch has now its fleet of transport in good condition, and has exercised supervision over power-engines, including freezer, wireless station, and X-ray equipment.

Both Public Works and Engineering Branch, however, are hampered by cramped accommodation.

## Post Office.

All offices in the Group have remained open throughout the year and the usual services have been maintained.

Telephone Services.—The earth-working system in operation here, though unsuited for this part of the world owing to climatic conditions, has given good service throughout the year.

Mail-service.—The monthly mail-service carried out by the m.v. "Matua" between New Zealand, Fiji, Western Samoa, Tonga, and Rarotonga during the year has been satisfactory.

Post Office Savings-bank.—Deposits (ordinary), £18,668—15s. 6d.; withdrawals (ordinary),
