

WAIKAREMOANA CAMP, 1961

Commences 7.30pm on Friday, 20 January, 1961; concludes evening of Thursday the 26th. Accommodation consists of:

- (a) Cabins with fireplaces, electric light, and points.
- (b) Huts with electricity but no fire-place.
- (c) About twenty beds at Lake House, Tourist Department hostel, some for full time, others for only five days. Full board.
- (d) Plenty of room for tents and caravans at jetty camping ground.

There are a community hall with electric cookers and other amenities, a camp store, a daily bus to Wairoa, and a post office at Lake House.

Full details of the camp, accommodation charges, and camp fee may be obtained by writing to the organiser, Mr. B. Teague, Mahia Avenue, Wairoa, for the camp circular.

SOUTH ISLAND HOLIDAY CAMP, 1961

The South Island camp for 1961 will be held in the Murchison District High School, commencing Thursday, 5 January, at 7.30pm. The closing session will be on the evening of Wednesday the 11th.

Murchison is a compact township on the Nelson—Westport main highway, 80 miles from Nelson. The district offers outstanding attractions to Forest and Bird members. It has superb river, gorge, and mountain scenery, native bush, waterfalls, lakes, and upland pakihi swamps for botanists. Bird lovers will find interest, especially in the tame South Island robins.

Those quartered in the school will need their own bedding and lilos. There is ample room for tents or caravans. Two motels are available and two hotels close to the school also offer accommodation.

Those wishing full particulars of this camp should write to Mr. Bernard Teague, camp leader and organiser, Mahia Avenue, Wairoa.

ANNUAL MEETING & CONFERENCE

ROTORUA, 10-12 JUNE, 1960

Will all those wishing to attend the 1960 conference please get in touch with the Secretary of the Rotorua Section, Mrs. F. M. Sherry, 74 Te Wairoa Road, Rotorua, stating type of accommodation, if any, required (hotel, cabin, camp), the number in the party, time and dates of arrival and of departure, and enclosing the registration fee (5s. per family)?

The programme will include a talk by research scientists working on the management of indigenous forests, followed by a visit to the indigenous-forest section of the Forest Research Institute, a tour through some exotic forests, a picnic lunch at Blue Lake, a trip through forest regenerated since the 1886 Tarawera eruption, and a visit to Te Wairoa buried village and Lake Tarawera.
