“INDUSTRIAL” AND “ORDINARY” LIFE ASSURANCE.

INDUSTRIAL LIFE ASSURANCE:

THE Special Feature of INDUSTRIAL LIFE ASSURANCE is the easy mode of payment of Premiums, viz., by WEEKLY or MONTHLY Instalments, collected from Policy-holders by the Company's Agents, thus placing the benefits of Life Assurance within the reach of all classes of the community. In Great Britain ONE out of every FOUR persons of the ENTIRE POPULATION are insured in this way, shewing the marked popularity of this system of Insurance.

ORDINARY LIFE ASSURANCE:

LIFE ASSURANCE in all its forms is conducted by the “Citizens'” Life Office; and this is one of the very few ANNUAL BONUS declaring Life Assurance Companies.

The “Citizens' Life Assurance Company” is a household name in the Australian Colonies. Five death claims are paid on an average every day.
