We beg the co-operation of the Nurses who read the Journal in keeping up its interest by sending news for insertion from all parts of the Dominion. An item of news or personal paragraph from the most distant place where there is a hospital or a nurse, is of as much interest as that which can be gleaned in the centres.

Matrons and nurses are invited to send letters, or articles, on any subject that interests them, to open up discussions on nursing or ethical points. To send any personal items of news, to make any inquiries.

Accounts of holiday trips, especially to other countries, extracts from letters from nursing friends abroad will all be welcome and help to make the journal interesting. All matter for printing should be written on one side of the paper only.

The Matrons of Hospitals are asked to send news each quarter by the 15th of March, June, September, and December, of any changes in their staffs, resignations, promotions, marriages, and births among the former nurses, obituary notices, with any little biographical notes of interest to nurses, alterations and additions to the hospitals, new equipment, accounts of any festivities, presentations and so on.
