

Fellows'

Syrupus

Hypophosphitum

A concentrated mineral pabulum, possessing unrivalled therapeutic properties in all Wasting Diseases, which have been termed "Demineralizations" by modern clinicians.

Supplies the organism with those indispensable mineral elements:

Manganese Sodium Potassium
Calcium Iron

together with the dynamic action of quinine and strychnine.

Over Half-a-Century of Clinical Experience with **Fellows' Syrup** has confirmed it as

"THE STANDARD TONIC"

Samples and Literature upon request.
