Miss E. Lawer, Central Otago, to take up midwifery work.

Consumption

is an ever present danger to the weak.

The ease with which one can become infected is an alarming feature of this dread disease. The risk is greatest when the health is not at its best.

You can lessen the danger, maintain health and protect the lungs with regular spoonfuls of SCOTT'S.

No strength-maker is so pure—none so sure as

Scott's
Emulsion
It brings health to all
JUST AS GOOD FOR ADULTS
