"The style is quite smart, but I'm tired of the colour."

HOW often is a perfectly stylish and serviceable jumper, or dainty frock, discarded for the only reason that the owner has grown "tired of the colour"! If this applies to some item of apparel in your own wardrobe, why not enlist the aid of Nadeo Dyes—endow the garment with new colour-*charm*, and derive more wear and pleasure from it! There are twenty dainty shades of Nadeo for you to select from—each equally effective with silks, cottons and woollens—each absolutely fast in the fabric, but non-staining to utensils and hands.
