UNION OIL ENGINES

Are **BEST OF ALL**—reliable, economical, clean, and magnificently designed. A cheap engine will cost you more for fuel, repairs, annoyance and vexation in six months, than will run our engines for a lifetime.

Under patronage of the New Zealand Government, who employ "Unions" from 95 h.p. to 3½ h.p., both marine and stationary.

Principal Agents—
W. A. RYAN & CO.
 (LIMITED),
 Engineers, AUCKLAND.

We have large works and skilled workmen, and we are engineers who know our work not only machinery importers. Estimates given on all classes of work.
