

NEW ZEALAND GOVERNMENT TOURIST RESORTS

THERMAL SPRINGS, WONDERLANDS, SCENIC EXCURSION ROUTES, AND HEALTH-GIVING SPAS.

TE AROHA.

A beautifully situated health and holiday resort at the foot of the Aroha Mountain, 115 miles South of Auckland; accessible by rail direct or by steamer and railway via the Thames. It has several good hotels and boarding-houses. There is a large supply of hot mineral water, with excellent public and private BATHS. The hot waters are efficacious in cases of Gout, Rheumatism, Dyspepsia, Neuralgia, Sciatica, Eczema, and other Skin Diseases, and in disorders of the Urinary Organs, Liver and Spleen; also in ailments due to excess of acidity. Dr. Kenny is the Government Resident Medical Officer, and may be consulted. Male and Female attendants in charge of the Baths. There are two Tennis Courts and a Bowling Green in Public Domain adjoining the bathing Pavilion.

ROTORUA.—THE WORLD'S SANATORIUM.

ROTORUA, on the shores of the lake of the same name, 915 feet above sea-level, is 171 miles South of Auckland, with which city it is connected by a daily railway service. It is the Centre of New Zealand's Thermal Wonderland, and its unequalled natural Hot Mineral Waters are sure remedies for many painful and distressing ailments. The climate is healthy and temperate; there are several large and comfortable hotels and many boarding-houses. Easy facilities for side-trips are provided by steamer, coach and buggy. Spouting Geysers (including WAIMANGU, the largest in the world), boiling springs and lakes, miniature volcanoes and other thermal marvels abound. Beautiful forest, river and lake scenery.

The Government Gardens cover 250 acres of the lake-side. Lovely flowers; artificial geysers; ornamental shrubberies; winding walks; lakelet covered with native water fowl. Pleasant recreation grounds; afternoon tea; music. Tennis Courts, Croquet Lawns, and Bowling Greens are provided.

PARTICULARS OF THE BATHS.

THE HOT SPRINGS OF ROTORUA are beneficial in a very large number of cases of Chronic and Subacute Disease; more especially in cases of Chronic Rheumatism and in Convalescence from Acute Rheumatism, in Gout, in Rheumatical Arthritis, and in such local manifestations as Sciatica and Lumbago, in Peripheral Neuritis, Neuralgia, and many other nervous diseases when not of central origin, in Neurosthenia, and in certain cases of Hysteria, and in certain Uterine complaints; in many diseases due to failure of excretory organs such as the Liver or Kidneys, and in many skin diseases.

THE PRIEST'S BATH.—This is an immersion bath; the water is of a strongly acid and albuminous sulphur nature, acting as a powerful stimulant to the skin, relieving pain and stiffness, and stimulating the circulation. Hot douches and cold showers are provided for use after the bath.

THE RACHEL PUBLIC BATHS, supplied by the Rachel Spring, are immersion baths like the Rachel, but the water is of a bland, alkaline nature, and distinctly sedative in its effects.

THE RACHEL PRIVATE BATHS are also supplied by the Rachel Spring. In addition to privacy, there is the advantage of obtaining a bath at any desired temperature. Special baths and towels are reserved for those suffering from skin diseases.

THE POSTMASTER BATH is similar in nature to the Rachel, but the waters are even more acid and stimulating.

LOCAL SULPHUR VAPOUR BATHS, for treatment of a single limb or a part of a limb, are available.

THE MUD BATHS.—A part of the whole of the body is immersed in hot mineral mud. These baths are especially useful in cases of stiff joints and localized pain.

THE SIX MASSAGE BATHS.—These baths, only recently opened, are in charge of trained operators. Various kinds of powerful douches, under high pressure, play upon the body, while at the same time massage and various manipulations are employed. The installation, though at present comparatively small, is very complete, while the Rachel water possesses in a very high degree the "glairy" quality which makes the waters of Aix les Bains so peculiarly fitted for massage purposes. There is no bath in the Southern Hemisphere to compare for a moment with this.

THE DUCHESS BATHS.—These consist of a large, hot, covered Swimming Bath and two sets of private baths. For those who desire a luxurious bath at a reasonable price there is no better bath in the world than the Duchess. In addition to the Duchess Swimming Bath, there are

THE BLUE BATH, an open air hot swimming bath, fed by the Maitroy Geysers, and furnished with cold shower baths; and

THE LADIES' PAVILION SWIMMING BATHS, an open air hot bath, similar in arrangement to the Blue Bath, but fed by the Rachel Spring.

THE NEW BATHS now in course of construction will in point of completeness and luxury of baths and appliances, rival the most famous baths of the Old World, and in the variety of Mineral Waters supplied they will completely eclipse any other baths in existence.

The Famous Te Aroha Drinking Waters are obtainable at Rotorua.

THE GOVERNMENT SANATORIUM

The charge for admission to the Government Sanatorium at Rotorua is 30/- per week. The fee includes board and lodging, medical attendance, nursing, baths, and laundry. Patients recommended by Hospital or Charitable Aid Boards and members of duly registered Friendly Societies are admitted at 2/- per week. To these patients are extended all the privileges given to those paying the higher rate. Beds available for Friendly Society patients are limited to six.

Thence boats convey the visitors across Lake Tarawera. A short portage is crossed, and a boat trip is made across Rotomahana, a wonderful lake, where excursionists may be rowed over boiling water. Thence visitors walk to the Waimangu Geyser. Government accommodation house at Waimangu.
