

VISITORS TO TOWN

CALL ON US OR WRITE.

Cures create confidence, and have made our business larger by far than any other firm advertising or otherwise. Sufferers are not disappointed, for we never promise them more than we perform. We have recently demonstrated to legions of men the truth of what we claim, that our Special Treatment for Men's Diseases is as certain to cure them as it is that the sufferer engages our services and follows our directions. All that deep knowledge, expert skill and thorough scientific office equipments can accomplish is now being done for those who come to us for the help they need.

LOST A famous man was once asked what his greatest loss in life had been. His reply was "the loss of opportunities." Lost opportunities have shipwrecked thousands of lives. Lost opportunities have filled our lunatic asylums, workhouses, and hospitals. Lost opportunities have been the downfall of mighty empires. Opportunities, however small, when lost, affect the lives of everyone of us. Take advantage of every opportunity that comes to you. Don't say "To-morrow will do," for, as the old proverb says, "To-morrow never comes; to-morrow is the fool's day."

AN OPPORTUNITY PRESENTS ITSELF TO ALL SUFFERING MEN to-day; take advantage of it, and visit or write us without delay.

Your Special Attention is called to the following Remarkable Statements.

EXTRAORDINARY CURE OF DEBILITY AND DISEASE.

Gentlemen.—Now that your remedies have accomplished a cure of my long-standing disease, I cannot more properly evince my gratitude than by asking you to publish this statement, so that the most hopeless may know where to obtain relief. For over twenty years I have been a sufferer on and off. I have been under treatment in all parts of Australia, having visited Victoria, New South Wales, etc., seeking a cure without deriving any benefit whatsoever. I had at last given up all hope of obtaining relief, but your remedies have perfectly cured me, and made me a better man than ever I was in my life. I have been a resident of South Australia for 45 years, and am known by hundreds of people, many of whom know what I have been in the past, and can testify what I am now. Life is now worth living. I could fill a volume and another one in giving thanks to my complete restoration to health. Make whatever use you think best of this. My name is well known throughout South Australia, and publishing this may be the means of saving many wretched sufferers such as I was. I feel as if I had not half expressed what I wish, but, believe me, I shall never forget your kindness.—Yours faithfully,
J. KILLIAN, Davey-stone, South Australia.

A TESTIMONY FROM ONE OF AUSTRALIA'S OLDEST PROSPECTORS.

Gentlemen.—I will send you the following testimonial letter, which you may use whenever you see fit, and will gladly answer any letter which it would benefit you or someone else unfortunate sufferer, and give you permission to use my name at any time or place, as you are, dear doctor, and your wonderful remedies, a God-send to me, as I am a man again to-day, where a few months ago I was a complete wreck, not fit to go anywhere, and impossible for me to follow my occupation as a miner. I had suffered from that horrible disease, blood poison, and consulted several doctors, being under their care and treatment, used all kinds of medicines, but none could help me. I lost all hopes of ever regaining my health again. Life became a burden to me. It was then I began your treatment, and the result was astonishing to me. Two weeks after my sores disappeared, my skin became smooth, and after taking the first treatment, there was hardly any eruption on my body or anywhere, and I feel as if I never did before, being an entirely new man; and should there be a person suffering as I did, I advise him at once to write to, or visit, your Institute—he will find his cure and restoration to health there—and should any man wish for any information I would gladly tell him anything he may wish. You may use my name and letter as you see fit.—Wishing you every success.
JOHN KELLY.

ANOTHER REMARKABLE CURE.

Dear Sirs.—Permit me to thank you for the wonderful success of your treatment in my case, which, as you are aware, would have been one of the worst cases you ever had. As you know, I was just about to write to you, with very little hope of ever getting any relief. However, at your suggestion, I allowed things to go on as they were, and I am now more than pleased that I did, as I am now well and strong again, both mentally and physically, thanks to your treatment. It may be of some benefit for you to know that I had been under seven different specialists for some time, but none could help me. Make whatever use you wish of this.—Believe me to remain, yours sincerely,
R. P. TRACY.

REMARKABLE STATEMENT FROM A WELL-KNOWN NORTHAM RESIDENT.

Gentlemen.—When I placed myself under your treatment some time ago I did so with little hope of your curing me. My case, as you know, was a bad form of debility; my mental and physical powers seemed to have entirely left me, and, being at an age when man should be at his best, my condition naturally caused me no little anxiety. I had wasted time and money in the so-called cure, and to no purpose. This seemed to add to my troubles, and, as a last resource, I visited you. The first week I felt considerably improved, and as I went on I felt myself becoming stronger in every way. Everything seemed brighter, the fearful losses which I was suffering from eventually left me—in fact, the change I, my condition was little short of marvellous. In the meantime, not only out of feelings of gratitude to you that I make this statement, but also to point out to those who are suffering as I did where a complete and permanent cure may be obtained, I shall always recommend the treatment of your Institute to those I meet whom I know to be in need of it. I cannot express as I should like to my indebtedness to you. I thank you, gentlemen, for your kind and skillful attention to my case and wish you every success in the future.—I am, yours gratefully,
ANGUS McGILLIVRAY.

REMARKABLE CURE (After An Other Means Had Failed) of MR. J. A. BLOW, care of S. CHESTER, ESQ., WEST SVAN, W.A.

Gentlemen.—It is with pleasure and feelings of gratitude that I can give my testimony to the effect that your remedies and unifying skill have been the means of restoring me to health once more. My case was a bad one, I know, and my hopes of your ever giving me relief were very meagre. In how-could you then, at my most desperate hopes have been realised, and I feel that I cannot sufficiently thank you for this happy result. Gentlemen, accept my heartfelt thanks for your kind attention to my case. Wishing you continued success and prosperity.—I am, yours, very gratefully,
(Signed) J. A. BLOW.

QUICK IMPROVEMENT OF DEBILITY AND BLOOD POISON CASE.

Gentlemen.—I feel it my duty, for the benefit of those suffering as I did, to say that your treatment is surely a blessing to me. I was a total wreck, suffering untold agony, and weighing about 114lb, when I began taking your treatment, which I have taken but about six weeks, and I feel like a new man, able to work every day, and weigh about 129lb. I feel certain that if I continue your treatment a short time, I shall be a sound, well man. The gentlemen that have treated my case previous to you are surprised when they meet me, and ask who is treating me now. I have tried electric belts, made trips to Sydney and Melbourne, have consulted several specialists, but all in vain until now. I have been four years seeking my health, and I think I can safely say I am at last successful. I am at Perth, so publish this if desired, in hopes that it will lead other sufferers to you.—Yours truly,
(Signed) P. C. BARNBART.
