Headache, Indigestion and Constipation.

AN IMPORTANT DISCOVERY.

It will interest sufferers to know that a valuable medicine, called Frodooids, has been discovered, which is now completely curing each of the above-named complaints. Frodooids are elegant in appearance, and pleasant to take, and, what is of the utmost importance, are thoroughly reliable in affording quick relief. You do not require to go on taking them for a prolonged period, as is necessary, with some medicines, which even then are mostly disappointing; you simply take a dose of Frodooids when ill and repeat the dose if necessary, but generally one dose is quite effective.

Frodooids are immensely more valuable than an ordinary aperient, in so far that they not only act as an aperient, but do remove from the blood, tissues, and internal organs all the waste poisonous matter that is clogging them and choking the channels that lead to and from them. The beneficial effects of Frodooids are evident at once by the disappearance of headache, the head becoming clear, and a bright, cheery sense of perfect health taking the place of sluggish, depressed feelings, by the liver acting properly, and by the food being properly digested.

Frodooids are the proper aperient medicine to take when any Congestion or Blood Poison is present, or when Congestion of the Brain or Apoplexy is present or threatening. They have been tested, and have been proved to afford quick relief in such cases when other aperients have not done any good at all. It is of the utmost importance that this should be borne in mind, for in such cases to take an ordinary aperient is to waste time and permit of a serious illness becoming fatal.

Frodooids act splendidly on the liver, and quickly cure bilious attacks that antibilious pills make worse. Many people have been made sick and ill by antibilious pills that could have been cured at once by Frodooids. People should not allow themselves to be duped into contracting a medicine-taking habit by being persuaded to take daily doses with each meal of so-called indigestion cures that do NOT cure. Frodooids have been subjected to extensive tests, and have in every case proved successful in completely curing the complaints named.

A constipated habit of body will be completely cured if the patient will on each occasion, when suffering, take a dose of Frodooids, instead of an ordinary aperient; by so doing, the patient will require doses only at longer intervals, and will so become quite independent of the necessity of taking any aperient medicine.

Frodooids are only now being placed on the Australian market, consequently you may at present have a difficulty in getting them from your local chemist or storekeeper; but ask for them, and if you cannot get them at once, send stamps or postal note for price, 1/6, to W. G. Hearne, Chemist, Geelong, and a bottle of them will be immediately forwarded to you post free. Chemist: Storekeepers, and wholesale sellers can now obtain wholesale supplies from W. G. Hearne, Chemist, Geelong, Victoria.
