ADVANCE

In connection with the delay in paying out complained of by my correspondent, there was certainly a delay after one race, owing to one of the electric bells which give the signal going wrong, but, other-wise, there was no crushing or any other trouble at the machines. Sporting Editor.]

tro the Sporting Editor.)

tro the Sporting Editor.) Sir.-In Saturfay's issue you publish an extract from an American paper re the rough riding of the jackeys there. Now, sir, do you not thick the local writers would be doing the public a favoue if they were to take up this subject. The public are the backhone of racing, and I think it is a shame the way the racing difficult ap-parentry close their eyes to the dishonest furthers that take up the sean nore crossing on Aucking. In have used more crossing that is have seen in three mouths further high obtaind (full, track, And they fuce high days a web there. At Elleralle I went over

to the starting post on several occasions, and at each start there were two or three is a most of crussing. And I notice there has an autive arrangement for keeping the horse are an interesting. And I notice there has a most of crussing. And I notice there has a most of the start. Why not have the failes call, the fail. Why not have the failes call, the start way is used on some of the Australian start way is used on some down. When he is on the group of the failes are all noted up, directly be gets on his stand half the field are the wrong way about. Now, surely the club can afford to give him an assistant. On tracks that I have visited ha hand; and is California the starter has two assistants. Surely, it is another this down is a stickness. There is another the start is stickness. There is another the start is a stickness. There is another the start is a stickness. There has the starter has two assistants. Surely, it is another the start is a stickness. There is another the start is a stickness in the start the number of northers is the start is a stickness is way lead to believe that in racing matters. New Zealand is like the booke of Plaza fore, who lead his field from belinds. I frost that you, Sir, will take up this sch-drow book lead his held from belinds. I frost that you, Sir, will take up this sch-drow block blockness practices just for the side of your inaccents at home. I am, etc. AN INCOENT VISITOIt.

For the benefit of my carrespondent 1 may say that the various writers through-out New Zealand have been harmoring nway at foul riding and inconsistent rou-hing for some time, and still have beness of getting silpendiary stewards appointed...-Sporting Reditor.]

TURF TALK FROM THE SOUTH.

CHRISTCHURCH Thesday

CHRISTCHURCH, Tuesday. The tracks at Riccarton, in consequence of the coutinuous dry weather, are very hard, and quite a number of borses are showing signs of soreness. While Cockade has made a speedy im-provement from the effects of his recent ucddont, and is to be put into work again this work. Goldbeater has also thrown off the effects of his Week! the form of watch in public has been of a Ukappolating nature, has been added to the list. New King has not done much work since the November meeting, and he may not race again fifther and the may not race again fifther and all Finners has week, has joined T. Cotton's feam at Ric-with November 2000 from the strend work, has joined T. Cotton's feam at Ric-

106 November meeting, and we may me face again 411 the automn rolls around. British Peer, which raced at Timara has week, has joined T. Octon's team at Riccaron the solution of the carterbury fean at Riccaron for the carterbury for hard to account for. In the intre-event he was beaten before soing a mile, and on that form seemed harshifty freated in the Feliding races. Evidently the effects of his ardiers are beaten before and a solution of the article of the second form seemed harshifty freated in the Feliding race. Evidently the effects of his ardier exertions at Riccarton. His yieldory is are to bring him into great demand for the Great Northern Derby, as there was a lot of merit in it.
When driving a hoppled paicer at Plumpton Fark on Saturday moraing. J. Price, the well-known trainer, got a make the logital. Sovenial Riccarton trainers thread pairs we should not come away empty-funded. Amongst the candidates likely to make the pair of the History and others. Satisfarory acceptances have been precived for the Historia Racing (Tabis). Proventions at Riccarton are head pairs and they should not come away empty-funded. Amongst the fundates likely to make the inpart for a the History and the saturation and the simulation of the fundation. Baits at the fundate on Thursday next.

Thursday next. The effects of his Probable is feeling the effects of his exertions at the Tinnarn meeting, and will probably be given about respite. His en-gugements at the Christchurch R.C. meet-ing, which takes place on the 16th has, have been cancelled.

CHRISTCHURCH, Friday

CHRISTCHURCH, Priday, R. O'Donnell, who trains for W. and G. Stead, intends taking Naufform and Nobel to Anckland, but be will not leave till after the Christchurch Racing Club's meeting. P. Holmes has had an addition mule to bis string in a well grown three-year-old by Sant Hario from Blytheside. Heorthen, who put up such a great fight in the New Zealand Cup, is galleping in great style again. She will be a connection and then go north to full her engage-ments at Manwatu. Motoa, who was purchased on behslif of Mis S. Nethefold last week at Hungs, was shipped to Melbource yesterday. The Con-queror gehding will go into D. J. Price's state.

stable.

The control of the second seco

D. Roberts. Stratagenn and Sharpshooter left for Auckland on Thursday. On arrival they will Join other members of the Checkboty train, under 3: Cut's charge. Giouenilueb, Nister Anale, and the two-year-obls Kilkvinaing. Fusikakyle, and Appligarth, will do survice on helist of Sir General Will do survice on helist of Sir Genera (Bfford at the Manawatu meethy, All of them have been getting through ar-viceshie tasks, Kilwinning is particular gai-loping well.
