THE FIELD OBSERVATORY IN COURSE OF ERECTION.

MARSHET DAY IN PALMERSTON NORTH. The above picture represents an ordinary busy day at Harry Palmer's market sale, Bonafide-street, Palmerston North. Harry Palmer conducts the only regular pig, produce, and poultry market in the Manawatu district. The sale takes place every Saturday at 12 noon, when consignments are received and buyers attend from all over the island. In addition to his ordinary auction business Harry Palmer conducts a furnishing department on a large scale, having his own factory and a huge stock room adjoining his mart. He furnishes the cottage or amateur from front door to back yards.
