**Headache, Indigestion,  
Constipation and Biliousness.**

The immense number of orders for Frootoids, sent by post direct to the Proprietor, is convincing proof that the public appreciate their splendid curing power over the above named complaints.

Frootoids are elegant in appearance and pleasant to take; they are immensely more valuable than an ordinary aperient; they remove from the blood, tissues and internal organs waste poisonous matter that is clogging them and choking the channels that lead to and from them.

The beneficial effects of Frootoids are evident by the disappearance of headache, a bright, cheery sense of perfect health taking the place of sluggish, depressed feelings, by the liver acting properly and by the food being properly digested.

Frootoids are the proper aperient medicine to take when any Congestion or Blood Poison is present, or when Congestion of the Brain or Apoplexy is present or threatening. They have been tested and have been proved to afford quick relief in such cases when other aperients have not done any good at all.

Frootoids act splendidly on the liver; a dose taken at bed-time, once a week, is highly beneficial.

A constipated habit of body will be completely cured if the patient will on each occasion when suffering take a dose of Frootoids instead of an ordinary aperient. The patient thus gradually becomes independent of Aperient Medicines.
