WELLINGTON RACING CLUB'S SUMMER MEETING.

CUP DAY.

The Wellington Racing Club commenced their Summer Meeting on Monday, there being a very large attendance at the Hunt racecourse. The weather proved the reverse of favourable, a blinding dust storm prevailing most of the day. The betting proved brisk, a sum of £14,964 going through the totalisator, as against £10,429 for the corresponding day last year. The racing was chiefly remarkable for the downfall of the favourites, this being especially the case in the Cup, when Boreas could only run second to Djin-Djin, with the Auckland, Rosella, in third position. Captain Russell was successful in the Wellesley Stakes with Heiras, the Goldreef filly starting the greatest outsider in the race and putting down two much fancied

candidates in Phooka and Beddington. The details of the racing are as follows:-

Wellington Cup, of 650 sovs, with piece of plate of the value of 100sovs added; second horse 100sovs, third horse 50sovs from the stake. One mile and a half.-

40-Mr. L. D. Nathan's g Beddington, by Seaton Delaval-Miss Letty (Gallagher), .....

Also ran: 230, Formosan; 208, Cannie Chiel.  
Cannie Chiel was badly left at the start. Beddington soon had a length's lead from Phooka and Formosan, but, after going a furlong, Phooka dropped away last. Beddington and Formosan carried on running to the straight, where Captain Russell's filly joined them, and, after a brief struggle in the latter portion of the straight, won by about a quarter of a length. Phooka, after dropping away last, came with a late run, and finished a good third. Time, 30sec. Dividend, £11 13s.

PRESIDENT'S HANDICAP of 150sovs; second horse 20sovs from the stakes.  
200-Mr. Robinson's g Mill-o-the-Wisp, 7.12, in default of 7lb penalty (Robinson), .....

THE SECOND DAY'S RACING.  
WELLINGTON, Tuesday.  
The meeting will be continued to-day (Wednesday), when the principal events are the Wellington R.C. Handicap and the Metropolitan Handicap. In the former the issue should rest between Rosella and Boreas, while Jubber reads a likely one in the six furlong race. The acceptances are as follows:-

V.R.C. AUTUMN MEETING.  
The weights for the Newmarket Handicap and Australian Cup are to hand, more than usual interest attaching to these, owing to the presence of the Auckland champion, Seahorse. Mr F. Dakin has dealt it out rather heavily to Major George's colt, who gets 2st 2lb in the great six furlong race, and is on the same mark with Merrivce and Wait-a-Bit, at 8st

10lb, in the Cup. There is nothing in this to tempt Major George to send the chestnut across, so probably the trip will not be undertaken. The weights are as follows:-

THE NEWMARKET HANDICAP. A sweepstake of 250sovs each, with 1000sovs added; second horse to receive 200sovs, and third 100sovs out of the stake. Three-quarters of a mile. Run Saturday, 3rd March.

CRICKET.

Cricketers were favoured with exceptionally fine weather on Saturday afternoon, when the various Cup competitions were resumed. The wickets also were in first class order, so that the batsmen should have had an afternoon's outing at the expense of the

Bowlers. This was the case in the United-Gordon match, the former in their second innings making a splendid stand, but in the other senior matches the scoring was unaccountably low. One of the reasons for this low scoring seems to be lack of confidence on the part of some of the batsmen. From this cause they treat the bowling with far too much respect, contenting themselves with playing a ball that they ought to hit. To return to Saturday's play, Auckland gained an easy victory over North Shore by an innings and 53 runs. Parnell were also successful against Ponsonby, winning by 3 runs with 9 wickets to spare. The third senior match is still in a very interesting stage. After fielding rather badly in their first innings United had to follow on, and made a splendid recovery, keeping Gordon in the field the whole afternoon, and putting up the splendid total of 286 for the loss of only four wickets. This match will be brought to a conclusion next Saturday, and unless anything unforeseen occurs the finish promises to be highly exciting.

UNITED V. GORDON.

With three wickets down for 56 runs United continued their first innings, but the remaining batsmen, with the exception of P. Hay, failed to take advantage of the splendid wicket provided for them, and the total only reached 116 runs. P. Hay's 30 was the outcome of nice free cricket, and he looked good for a score when he missed a ball from Edwards and was caught. Being 145 runs behind, United had to follow on. Clayton and D. Hay opening the batting. Off his very first ball from Edwards the latter gave a fairly easy chance behind the wickets, which was not accepted, and what an expensive mistake that was, his subsequent score shows. Right from the commencement "Dug" commenced forcing the pace, hitting freely all round the wicket. Clayton did not stay very long, being bowled by a beauty from McLae, and a similar one in the same over was too much for Stemon. C. Hay did not give a great deal of trouble, and then N. Lusk joined D. Hay, and a splendid stand was made, both batsmen playing with great freedom. N. Lusk, after scoring 46, had the misfortune to be run out. P. Hay was next and the two brothers played out time, and carried the score to 286. "Dug's" contribution of 134 was a really fine innings, and he thoroughly deserved the applause he received upon his return to the pavilion. He certainly gave several chances in addition to the one already mentioned, but none of them were easy, and from the nature of the game he was playing, viz., forcing the pace, it is almost impossible to avoid giving an occasional chance. P. Hay knocked up 63 in a very short time, and without a chance. It was about the best innings Purvis has played this season, and he gives promise of emulating "Dug's" performances with the bat. No doubt a good deal of the sting
