BOWLING NOTES.

Great preparations are being made for the Northern Bowling Association Century Tournament, which com-mences on Monday next, January 29, at 9 a.m., at the Auckland and Ponsonby Bowling Clubs greens. It is anticipated that the following centres will be represented at the tournament: Wellington, Napier, Eluff Hill, Palmerston North, Bastings, Feiiding, Hawera, a prominent Sydney club, and a Newcastle Club. The Sydney players arrive next Sundayley the s.s. Waihora, and the majority of the towlers hailing from the North Island reach here by the s.s. Rotoitt on Saturday morning. At 2.30 in the afternoon a formal reception to the visitors will take place at the Auckland Bowling Club's green, when, prolably, a match between the visitors v. Auckland will be played.

In addition to the visitors local bowling clubs will be represented at the tournament, making a total of sixteen competing clubs, viz., Auckland, Ponsonly, Newnarket, Hemuera, Devonport, and Mount Eden. The Tournament will extend over five days, eight rluks being simultaneous will be represented at the tourna-

ly played on the Auckland and Pon-nonby greens, a total of 64 players on each green, so in all 128 bowlers will take part. The visitors will be enter-

each green, so in all 128 bowlers wind take part. The visitors will be entersianed at a smoke concert in the Choral Hall on Friday February 2. A match New South Wales r. New Zealand is on the tapis.

The arrangements for the tournament are in the efficient hands of Mr J. Blades, secretary of the Auckland Bowling Association, and the tournament committee, consisting of the presidents of the local bowling clubs.

It is to be hoped that the Tournament Committee will so arrange the draws in the matches for the Champion Shield and Pennant in order that the same teams may play their three rounds for each day on the same green. By so doing it will not only save expense, but will bave the advantage of economising time, and worry caused by flying in brakes from one green to another. That such a scheme can be arranged I am fully convinced. The draws have been worked out by flyingers—presuming that 16 clubs meet—in such a way that eight clubs play at Auckland on the first day their three rounds, and eight play at Ponsonby three rounds in succession. The same system being adopted for the 2nd, 3rd, and 4th rounds. I feel consideration. sideration.

A close contest in a fours match be-eween teams skipped by Dr. King and A. W. Thomson, on the Auckland lawn, ended in a tic, the scores being 22 all.

The teams representing Devenport in the tournament on the 29th had a third trial of strength on Saturday last. On this occasion Mr Harrison's team won by 33 to 19, making two wins out of the three matches. The rinks were formed as follows:—G. H. Brookes. Taylor, T. Stewart, Harrison (skip), v. H. Nicol, Glenister, M. Nicol, Eagleton (skip),

J. Hutchison (Ponsonby Club) had the advantage of his club-mate. J. Newell, in skipping a fours, the scores being 22 to 19.

Auckland's (Grafton) representative teams practised together on Saturday last, Ledingham's four having the best of Carlaw's by 21 to 17.

The second practice match between Newmarket's team ended in a win for II. Brookes' rink by 20 to 16. Each team have now one win to their

I notice Newman, quite a young player, of the Mt. Eden Club, skipped rink against one of the older hands, and won by one point. Well done, Arthur.

Ballantyne's team to represent Ponsonby at the Tournament, played a four skipped by J. Court. Buchanan, Coutts and D. Stewart filling the other positions, Ballantyne winning by 25 to 13.

J. Edmiston, of Ponsonby, got somewhat of a gruelling from W. J. Rees in a full rink practice match on Saturday last, the game ending 30 to 17.

The challenge buckles of the Ponsonby Club have again changed hands. The holders at present are H. Munro, T. G. Webb, J. Warren, R. Ballantyne (skip), this team having defeated J. Blades rink by 20 to 18.

Mr J. Hardie, of Remuera Club, is again showing his powers as a skip, meeting and defeating R. Hull, in full rink match, by 24 to 16.

I am informed that the local clubs will be happy to see any of the visit-ing bowlers on the lawns during the week for practice.

G. Court's team, representing Remuera in the Tournament, received rather a big defeat at the hands of Laxon's on Saturday, the scores being 9 to 20. F. Court was leading instead of R. Hull in this match.

From the Sydney "Hernid," dated January 13th, I gather that the Hol-royd Blow! Competition amongst the members of the Balmain Club for the mession of the Holroyd Silver Bowl

was concluded yesterday on the local green, and was witnessed by a large number of the members. Mr J. S. Fitzmaurice was the holder of the bowl for 1898-9. Yesterday's play was of an exciting nature. J. Strong (sec.) meeting H. Durie (with a handicap of 12 points) in the final, the former winning by 10 points. The game was 31 points up, four bowls each player. The following are the results of the play:—Semi-final: C. H. Durie (12) beat G. A. W. Stevens (13) by 31 points to 28; J. Strong (ser) beat Jerivs (ser) by 31 points to 24.

Final: J. Strong (ser) beat C. H. Durie (12) by 31 points to 21.

I hear that Wanganui and New Ply-mouth are not likely to be represented at the Tournament this year. I hope this is not so, for some of the strongest players in the colony are members of players in the co the above clubs.

As showing the interest and the amount of excitement created over a game of bowls, I relate the following incident that happened on the Mount Eden Bowling Club's lawn one evening last week, the contestants being two well-known business men of the city. The game was a round in the champion singles match, and owing to the players being a bit late in starting, darkness prevailed before champion singles match, and owing to the players being a bit late in starting, darkness prevailed before the match was nearly finished. The club mates looking on, who were anxious to have some fun, urged the players to keep going, for the moon would soon show her light, meanwhile a few interested ones assisted by striking matches to hold over the jack for the players to sight to. Presently a young girl arrived on the green and said to one of the players: "Father, you are wanted at home at once; some friends have arrived." "Go back," replied the excited parent, "and tell them that I am determined to finish this game to-night, and as soon as finished I will return." Amidst great laughter and joking the game was finished, but unlike Drake of old, the father returned home a beaten man. Who says bowls have no fascination?

DUNEDIN, Monday.

DUNEDIN, Monday.

The annual Bowling Tournament under the auspices of the New Zealand Bowling Association was commenced to-day, with the following inter-club matches on the green:

Invercargill (Lebo, skip) 17, beat Kaituna (Reid, skip), 16; Kaitungata (McLaren, skip), 23, beat Kaituna (Sneddon, skip), 17; Timaru (Gow, skip), 23, beat Gener Island (Smellie, skip), 21.

Dunedin 47, beat Christchurch 32, two rinks aside; Dunedin 56, beat Ganterbury 33, two rinks aside; Caledonian 41, beat Canterbury 35, two rinks aside; Timaru (Gow, skip), 23, beat St. Clair (McKay, skip), 8; Caledonian 48, beat Christchurch 31, two rinks: Invercargill (Lebo, skip), 18, beat Port Chalmers (Morgan, skip), 16.

CORRESPONDENCE.

To "No Bias": Dear Sir.—Now that there are a number of visiting bowlers in Auckland waiting the start of the Tournament, and as it is difficult to obtain the names and addresses of the gentlemen, I would like to mention through the medium of your wide circulating bowling columns that all visiting bowlers and their friends are cordially welcomed to the Newmarket rinks during the week; and as the trams and buses stop close by we hope to see as many as case make it convenient to accept this invitation, and we promise them real To "No Bias": Dear Sir,-Now that vitation, and we promise them real good rinks and a hearty welcome. Thanking you in anticipation, yours truly, J. Cahill secretary N.B.C.

A set of trial fours was rowed off by
the St. George's Rowing Club on Saturday afternoon, for a challenge cup
presented by Mr James Coates. The
first heat was won by Busby's crew
from Littlejohn's, with Pirie's third.
Atkinson's crew beat Carter's in the
second heat, and Thomson's beat Armitage's in the third. Thomson's
crew won the final heat, the names of
the winners being J. Thomson
(stroke), J. Richards (3), H. Saundera
(2), J. O'Sullivan (1), and T. R. Carter (cox).

The following are handicaps for the

The following are handicaps for the The following are handicaps for the single sculls to be rowed off by members of St. George's Rowing Club on Saturday afternoon next for Mr E. W. G. Rathbone's challenge cup:—J. Thomson, scratch; A. G. Busby, scratch; G. O. Waddy, 5s; C. W. Pirie, 10s; F. Innes, 10s; T. Richards 10s; H. J. M. Thomson, 15s; Blair, 15s; C. E. Stone, 15s; E. Cutbbertson, 30s; A. Gilmore, 30s; James Fort, 35s; A. Johnston, 40s; J. O'Sullivan, 43s.

WHY SHOULD I BUY

a Bevel Gear Chainless Bicycle when a chain wheel costs less?

Because under ordinary conditions the bevel gentra run easier than the chain. This is for the reason that the bevel gears are always free from grit, mud, and dust, and are always perfectly lubricated.

2. Because, owing to the peculiar strength and rigidity of the chainless hicycle, the bevel gearing never cramps or twists under any strain that is put upon it. This accounts for the supremacy of the Chainless in hill climbing.

acy of the Chainless in hill climbing.

3. Because, owing to the absence of the side pull of the chain, the frame never gets out of line unless as the result of a serious accident. In this latter case the bevel gears are quite as likely to emerge in a useful condition as the clisin and aprockets. It is usually the rider of the chainless who goes on first after a road race smash up.

after a road race smash up.

4. Because the chainless calls for less attention than the chain wheel. To clean the chainless is a very easy task, which is desirable for preserving its appearance. Neglect does not impair the running qualities of the gearing.

5. Because the bevel gear construction is peculiarly simple, direct, and effective, calling for relatively few separate parts. This ensures freedom from breakage and from annoying accidents.

6. Because the heads

6. Because the bevel gear chainless is by far the handsomest wheel on the market.
