The following championship points

Melrose 14, Old Boys 5.
The following championahip points have been scored by the senior teams in the fixtures to date:—Melrose 16, Athletic 11, Petone 7, Old Boys 7, Oriental 6, Wellington 6, Poneke 5. Melrose, Petone, Oriental, and Wellington have three matches yet to play. Athletic four, and Poneke and Old Boys five each. ve each. In the Association senior matches

In the Association senior matches the Diamonds won the championship by scoring six goals against one goal scored by the Swifts. The Rovers beat Petone by two goals to nil.

The competition for the championship has now concluded, leaving the points: as follows:—Diamonds 15, Rovers 14, Petone 4, Swifts 3.

ASSOCIATION FOOTBALL

Y.M.C.A. DRAW WITH GRAFTON. Y.M.C.A. DRAW WITH GRAFTON.

Y.M.C.A. winning the toss took the advantage of the wind and defended the western goal. Brodie kicked off, and soon the Gratton forwards got to work. For some time Graften continued to press, but the defence of the Y.M.C.A. backs was too good. From a throw-in about init-field Grotnam obtained possession of the bail, and plassing to A. McDougall, this player after a lice bif of play succeeded in getting in a shot which bent Smith. From the kick-off Grafton did their utmost to score, but none of the shots sent in were successful, and half-time was called with the score Y.M.C.A. I, Grafton O.

In the second spell A. Smith came from

or me shors sent in were succession and malif-time was called with the score Y.M.C.A. 1. Grafton 0.

In the second spell A. Smith came from goal to hulf-back, F. Goldie taking his place, in goal. Grafton 1.

In the second spell A. Smith came from goal to hulf-back, F. Goldie taking his place, in goal. Grafton the second of the second of

LACROSSE.

GRAFTON (7 Goals) V. SUBURBS (1 Goal). (Referee: Mr G. Robinson.)

(Referee: Mr G. Robinson.)

Wilson (Grafton) and Foubister (Suburbs), the repo centres, faced off. Grafton were immediately on the aggressive, but excellent defence by Brown, Owen and Herroid put the red and blacks' goal out of danger. Fast open play was the order for the next ten minutes, but neither side gained any material advantage. Buburbs were then pundlised acting from the first pundled the pundled of the first control of the first control

NORTH SHORE (7 Goals) V. GREY LYNN (NII).

Miller (Shore) and Gummer (Grey Lynn) started the game. No advantage was gained by either side in the first ten minutes. Then Richardson, Keily, Tissard and Wynyard participated in a passing

rush, and the lastnamed dodged claverly and opened Shore's account with a neat one. The red and whites managed to break through the opposite defence a couple of times, but failed to acore. Alexander cleared the blues' lines with a well-esceuted throw, and Wynyard took a good pass from Tissrd and recorded the second goal for the Shore. Patterson and Corest Lyna sept well bus defending for offers of their opponents, and Thank the efforts of their opponents, and the perfect of the blues before half-time. Second spell: The red and whites opened this half auspiciously by immediately invading opposite territory, but selfish play and baddy timed passing spoilt their chance. Wynyard was again to the fore for the blues and threw their fourth goal. From this till time was called Gry Lynn were but continually checking, but their more goals and titless. Wynyard got 3 more goals and the property of the same and pleased all concerned.

PONSONBY V. PARNELL.

PONSONBY V. PARNELL.

(Ponsonby 11 goals: Parnell, 1 goal.)
Peaceck (Ponsonby) and Ruddock (Parnell) faced off, professional profession

NOTES,

In the game Suburbs v. Grafton, the former did remarkably well till the latter's second goul was got, then they seemed to completely lose their heads. Head they kept their positions then probably have been the would fail probablity have been to would fail probablity have been to would fail probablity have been to would fail probablity have been their chief failing all along; for three parts of the match different tactics are used with good results, then they go oack to their old game, with no success whatever. Herrold, in goal far the losers, did except the second of the game, with no success whatever. Green at point kept Atkinson well in hand for the greater portion of the game, hen like the rest of his comrades lacked condition and judgment.

Alan Brown accounted for some useful throwing and checking.

He grafted consistently throughout. He grafted consistently throughout.

Walsh and Allen played serviceable games.

Walker did not play up to his usual

games.
Walker dld not play up to his usual form, and did not handle his team very

well.

Morrin and Rendall were fairly successful on attack.

Atkinson kept up his good record. He
was well fed by Graham, Luckle and

Lardingham.

cessiul on actual.

Atkinson kept up his good record. He was well fed by Gruham, Luckle and State of the suburbans.

Richardson is rapidly striking form, and his play was most unselfish.

A. Watson was enabled by his pace to put in serviceable work.

Wynyard had quite a day out, those five goals gut by him were the result of clever play.

Miller at centre showed decided important of the state of the state

Alexander played his usual sound game.

Had Patterson been well backed up by his brother players, the scores would have been much more even.

A. Bradly brought off some useful work, but he is very weak in handling his team. Cooke, Gummer, White and Sayers were perhaps the best of the rest of Grey Lynn's team.

R. Noton was in good scoring form, and he was well looked after by his attack comrades.

Lundon played a useful and unselfish game.

comrades.
Lundon played a useful and unseifishgame.
Pencock got through his usual large
share of the work at centre, his only
a. A. Davis, as right attack, did remarkably well. He is a valuable addition to
the now formidable Fonsonby team.
W. Noton, Anderson and Nolan were
quite up to their best form on the defence.
Lennox and Ruddock were the only two
Parnell men who troubled Ponsonby's
defence,
Goldsboro was very patchy in goal.
Hicks did good service at cover point.
Thompson, Dennison, Moore-Jones and
Stubbs showed improved form.
Parnell on the whole performed very
disappointingly; and will have to show
better form if they want to win any more

GOLF NOTES.

(By Bogey.)

The third and final match for Mr Captain's prize was played on Saturday, with the result that Mr H. D. Kissling wins Mr Brassey's prize, and Bamford wins Mr Turner's prize, Mr Mr Caldwell wins the third prize provided by the Club. Mr Bamford has

played very consistently throughout the series of matches, and thoroughly deserves his win.

The	following	are	the	leading
cores:	_			
H. D.	Bamford		.,.94	90-184
I. G.	Kissling		96	91 - 187
	Caldwell			
r. H.	Hooper		96	9519

Or, Go	rdon		97	97-194
1. H	ogg		96	98-19
)r. H	teid		99	95-194

The following are some of the cards returned in the third match:---

H. D. Bamford102	12 9
H. G. Kissling100	9 9
Dr. S. B. Reid	8- 9
W. N. Leutham101	6 9
Dr. F. W. Gordon 112	15 9
D. R. Caldwell103	6 9
A. Hogg	4 9
C. Arnold111	14 9
E. Turner105	8 9
J. L. Bloomfield108	6-10
W. B. Colbeck101	10
J. B. Kyd103	10

Another recent decision of the Rules of Golf Committee is that the flag in stroke competitions must in all cases be removed when the ball lies within 20 yards of the hole under penalty of one stroke. This is a rule which should be vigorously enforced, for it seems more honoured at Green Lane in the breach than in the observance.

There is great interest being taken in the Maponite balls, which are to be brought out this month. Mr Horace Hatchinson, the chairman of directors of the Maponite Company, has already won several important competitions with it. Now we hear that the ball is to be used by J. H. Taylor in the Open Championship. This in itself is a sufficient testimony to the qualities of the new ball, for Taylor is not likely to mar his great chance of winning the championship by playing with a ball in which he has not the fullest confidence. The ball is said to be almost unbackable, and if this is so it seems to me the company is acting against its own interests in selling balls at 6/ per dozen. Any ball which is otherwise really good, and at the same time unbackable, should command a fancy price. There is great interest being taken

The programme of the Ludies' Golf Champioushly meeting has just reached me. It is neat and attractive, and states that the meeting will be held at Christchurch on the 27th of August and the ensuing four days, under the auspices of the Christchurch Golf Club. Miss E. M. Cowlishaw is the honorary secretary.

The programme does not state on what links the championship will be played. I presume this has been intentionally omitted, in the hope that the 'new links at New Brighton will be fit for use, but I can hardly think the will be ready so soon, natural links though it is. Russley, the abandoned, is out of the question, so I presume the tournament will be held on the Hagley Park course.

I trust that a number of our lady golfers will make a big effort to go

magicy Park course.

I trust that a number of our lady golfers will make a big effort to go to the meeting, for unless the Auckland Ladles' Golf Club is represented there will be a very poor chance of ever getting the Ladies' Championship held in Auckland.

It has been proposed, and the suggestion has been warmly taken up, that the Ladies' Championship meeting shall be held either immediately before or immediately after the New Zealand Championship meeting, and on the same anks. The suggestion has many points in its favour, and to my mind practically none against it. It would be very nice, for example, for wives to accompany their husbands to the venue of the championships, and the question of chaperonage of unmarried ladies would not be nearly so difficult as it is at present, for golfing goes in 'amilles. Reduced fares could be obtained for travelling parties, and

this is no small consideration in such a long country as Macriland. It is just as far from Dunedig to Auckland as it is vice versa, but each place is a considerable journey from the other. When matters are in swing it is almost as easy for the local club to carry out two championship meetings as one, and unless it is very exceptional weather, and on a very sloppy green, the first meeting should not in any way spoil the greens for the second meeting. I think it distinctly in the best interests of golf, and especially of ladies' golf, that the two meetings should be held together, and it would create more interest and enthusiasm, especially in the city, which was holding the meetings of the year. this is no small consideration in such

CHRISTCHURCH, July 4.

CHRISTCHURCH, July 4.

The third monthly medal competition took place on Hugley Park on Saturday last, when there was an entry of between 30 and 40 members, and the teeing grounds were frequently very much congested in consequence. Mr. Kitto again won the medal for the best gross score, doing the round in 80, while the hundicap medal was won by Mr. C. Treweek, who, with a hundicap of 14, returned a net score of 73. Mr. Treweek is a comparatively new player, and has come on very fast since he took up the game. He has a good eye, and a good understanding of the points of the game, and he is sure to do even hetter before long. The following are the leading scores.

Gross Net

Gross		Net
Score.	. Hdep.	Score.
C. Treweek 87	14	73
C. Gresson, 93	16	77
W. Reid 91	12	79
R. M. L. Kitto 80	ser	80
D. H. Reid 91	11	80
S. Batchelor 94	14	80
J. F. Miles 93	11	82
M. Ormsbyton	18	82
F. Pyne 107	25	82
·		

Messrs, E. D. O'Rorke and L. B. Wood have been appointed to lay out the course on the new links at New Brighton, and I understand they will undertake the task forthwith. Members are eagerly looking forward to the time when competitions can be played there, as the crowd on Hagley Park gets worse week by week.

NUBLICK.

WELLINGTON.

WELLINGTON.

The members of the Wellington Golf Club are still increasing, and the want of a new clubhouse is now being much felt. The new clubhouse will be erected near the "Drift" bole; tenders are now being catled. Mr. Arthur Duncan is still playing very well. In the last monthly competition he with minus 4 fled with C. Grove minus 7. The match was against Hogey, and each returned a card of 3 up. In playing off the champion won, coming in 4 up. Mrs. Todd put up a record for the ladies last week against Hogey, not losing a kole, and coming in 10 up, with a score of 81. Miss Ella McManis has score of 81. Miss Ella McManis has also been playing well. Mrs. Bidwill, of Fentherston, and Miss Rattray, of Danedin, are now playing golf in Wellington. Mr. R. H. Ithodes, M.H.R., will play while in Wellington, and is joining the club.
