

HELD FOR RANSOM BY BRIGANDS.

The above is a picture of Kato, a noted Bulgarian brigand chief, with his bodyguard. It is a similar band of men that holds Miss Stone, the American missionary captive.

A SUPPRESSED PLATE.

A correspondent sends us the above valuable plate, which he declares was one of the suppressed pictures in the first and withdrawn edition of Mr. Seddon's book on his island trip entitled, "A Premier in Search of Health." We give the picture for what it is worth, but rather question the bona-fides of our contributor.
