We have been very gay in our prefty town this week during the visit of the officers and men of the warship. His Worship the Mayor officially received them on Monday, and after a visit to the oil wells and Pukekura Park, entertained them at afternoon tea at the Kia Ora rooms. The members of the Navy League invited the officers to a dance at the White Hart, and in the evening and next day the committee of the Taranaki Ylub and the Sports Ground entertained the visitors at the golf links, fishing parties, and an electric light night football and fireworks exhibition in the Recreation Grounds. As a graceful return to our efforts to entertain them, the ship was thrown open on Tuceday, and Wednesday to the public, and in the evening the warship was brightly illuminated with electric and search lights. We are anxiously looking for-
