Vapo-Cresolene
 Established 1875.
Whooping Cough, Croup, Bronchitis, Cough, Colds, Catarrh, Diphtheria.

CRESOLENE IS A SOON TO REMEDY.
 Does it not seem more effective to breathe in a remedy for diseases of the breathing organs than to take the remedy into the stomach?
 Cresolene cures because the air rendered strongly antiseptic is carried over the affected surfaces with every breath, giving prolonged and constant treatment. If the child complains of sore throat when scarlet fever or diphtheria is about, use Cresolene at once.
 Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

Headache, Indigestion, Constipation and Biliousness,

The immense number of orders for Frootoids, sent by post direct to the Proprietor, is convincing proof that the public appreciate their splendid curing power over the above-named complaints.

Frootoids are elegant in appearance and pleasant to take; they are immensely more valuable than an ordinary aperient; they remove from the blood, tissues and internal organs waste poisonous matter that is clogging them and choking the channels that lead to and from them.

The beneficial effects of Frootoids are evident by the disappearance of headache, a bright, cheery sense of perfect health taking the place of sluggish, depressed feelings, by the liver acting properly and by the food being properly digested.

Frootoids are the proper aperient medicine to take when any Congestion or Blood Poison is present or when Congestion of the Brain or Apoplexy is present or threatening. They have been tested and have been proved to afford quick relief in such cases when other aperients have not done any good at all.

Frootoids act splendidly on the liver; a dose taken at bed-time, once a week, is highly beneficial.

A constipated habit of body will be completely cured if the patient will on each occasion when suffering take a dose of Frootoids instead of an ordinary aperient. The patient thus gradually becomes independent of Aperient Medicines.
