summer things, though I fancy, some of shem felt rather chilly 'as the alternion wore on, but it certainly - made the scene a bright and charming one. "The School" - character of , these sports is almost lost, so large have they become, really much like a public sports gather-ing. There seemed to me such a lack of enthusiasm, a predominent feature in most achool or college functions. I hoped great things of the Invitation Race, but I suppose because a Gram-mar School boy won, F. B. Carolan, it was haidly to be expected, though the King's boys gave him a hearty clap. The most exciting episode during the afternoon was the One Mile Open Handi-cap, which was won by a sturdy little atternoon was the One Mile Open franci-cap, which was won by a sturdy little fair boy, who, with a start of 90 yards, ran in fine style; his name was Adams. The Old Boy's Race was rather funny. Most of the starters toed the mark just as they arrived from office, many not even taking off their hats, much less their coats. J. Walker won in great their coasts, J. Walker won in great style. Several school records were broken during the day. J. C. Whitney lowered the 220yards, record, from 24 3-5s. to 22 3-5s., an excellent school boy perfor-mance. He also created a new long jump record 90th 101in G. Laraser mode a nance. He also created a new long jump record, 2014. 104in. G. Larner made a new high jump record, 5ft. 4in. The Sack Race was great fun, and the winner Marray, certainly has acquired the "art" of unray, certainly has acquired the "art" of sack running, for while all the others were tumbling about, he kept on his course, and with tiny steps, romped in a winner. The tug-of-war, Boarders v. Day Boys, proved the latter the stronger. The Boarders wanted more "heef." Tea was brought round the stand by a num-ber of the College boys, and was most welcome; such nice manuered little chaps

October 22.

At Treatham. Such a disagreeable day for the races! In town there was a high wind and threatening rain, so many of those who were going for pleasure changed their minds and stayed at home; but, of course, all the keen racing people went out. Once at Trentham it was really not so bad, and the grandstand is excellently sheltered from the wind, though elsewhere one feit it a good deal.
