Light Blue, the half-brother to Antarctic, is now being trained at Ellersile by his owner, Mr T. Bowling, Light Blue is a much better looking horse than Antarctic, but it is doubtful if he will ever be as good.

The nominations received for the Taka-puna Jockey Cinb's Spring Meeting, which takes piace on the 26th and 30th inst., are highly satisfactory, and are a good founda-tion for a successful gathering. The weights for the first day's racing are due on Monday, the 14th !nst.

After a lot of disappointments, the San Fran gelding Rangikapus managed to get lis name on the winning list, accounting for the Welter Hack Handleap at the recent Matterton meeting. Rangikapus was boomed for a time as a likely N.Z. Cup winner, except, wheely allowed to drop out of that events.

Son of Marsh, which won the Hotham Handicap of a mile and a quarter, is evidently partial to that distance, as he bolds the Australasian record of 2min 5isee for the journey. This performance was established at Handwick last year, in the Final Handicap, run at the Australian Jockey Club's Spring Meeting.

I don't expect that much sorrow will be caused by the announcement that probably the last has been seen of Nora Soult on the track, for the mad-headed daughter of Soult has been mated with Monoform. The Otahuhu Trotting Club, I am informed, intended refusing her nomination, but it is stated that her owner did not put one in.

A Press Association wire from Weilington states that Mr. G. D. Greenwood, of Canterbury, the owner of Dambe, the winder of the Champion Plate at Trenthan last month, has been elected a life member of the Weilington Racing (3ub. He has presented the club with a cup valued at £100, to be given to the winner of the Champion Plate next year.

It has been reported that horses wearing dungerous plates are working at Riccar, ton, and the committee of the Canterbury Jockey Club has, therefore, drawn the attention of trainers and owners to the drastic rule which was passed at last Conference. Carbine's stock have not been prominent in England this season, but at the Doncater meeting a daughter of his named Zobara won the Prince of Wules' Nursery Handicay defeating 23 others over a mile, in 1.39 3-5; and a Carbine yearling filly made 1000gs at the sales. The "Special Commissioner' of the London Sportsman sold the filly is the best-looking youngster ever streed by Carbine in England.

At Buenos Ayres racing takes place on the Palermo, Belgrano, and somes courses, five days out of the seven in every week, all the year round. Apparently the antigambling crussiders are taknown in the Argentiae. During 1900, in Buenos Ayres, Till races week run, 7206 horses took pear therein, and the prize money exceeded £5:10,000, and the public attendance was 605,128. The amount spent in betting tickets (3/6 each) exceeded £5:000,000.

One of the finest-looking two-year-olds seen in Auckland for some time is Silverlyie, by Birkenhead from Dazzle, one of F. Loomb's team, which arrived from Gisbone on Sunday. Silverlyie, which is engaged in the Welcome Stakes, was given a run in the Maiden Scurry at the seens the best meeting, but finished out of a place. The son of Birkenhead gives the impression that he will not be seen at his best until later in the season.

One of Auckland's teading pencillers will have cause to remember Comedy King's Meibourne Cup, for he experienced cruel luck in connection with the event. A particular friend of Mr. S. Green's, he was advised to back Comedy King for the Cup, which he did, securing a thousand about lim. Shortly after he received further advice to get out of his money, which he also did, and then acting on information backed Flavinius and Trafalgar for the double Caulfield and Melbourne Cups, and the result is now a matter of history.

A tremendous lot of money has been spent by Argentine breeders in importing some of the very heat English thoroughbred stock. Appargntly this is bearing good

fruit, for it is evident there are some par-ticularly smart gallopers in the big South American Republic. Compare the follow-ing times with our best performances in the Domision: Six furiongs in 2.11 3-5; one mile in 1.37; one mile and a quarter in 2.3 5-5; one mile and three furiones in 2.3 3-5. We have nothing equal to doing sny-thing like such good work, but, of course, their tracks are magnificent.

The Cambria Park sire Hierarch was not long in claiming a winner, and the second of his stock to race, Trize, succeeded in winning the Malden Scurry at the recent Glaborue meeting. Trize, which is by Hierarch from Lute, evidently put up an attractive performance, for according to a Glaborue exchange. Santlago and José drew away in the straight, and the latter looked sil over a winner till nearing the post, when Trize came with a marvellous run, and snatched a brilliant victory by a nose. Santlago was a neck away third. Trize's dash was meteoric, and quite electrified the crowd.

Writing from Loudon to a friend in Perth, Mr A. McIntosh, the West Australian veterlaary surgeon, says: — "I shall soon be back in 'God's Own Lond,' where a body is allowed to breathe free air. I was down at Doncaster yesterday to see the St. Leger run. Left London at 8.40 a.m., arrived 12 p.m., distance 150 miles. The return fare was 23/; grand-stand 30/; dinner 5/; and racebook 6d. The St. Leger course, or rather Doncaster, is a fine place, and very precity. I guess there was a crowd or control of the standard for well-ming before the start of the St. Leger, the st. Leger was a grand race. Swynford, the winner, is a fine horse, and F. Wootton, who rode him, a fine horse, and F. Wootton, who rode him, a fine horse, say for Lemberg, who, according to all good judges, ought to have won."

pocket for Lemberg, who, according to all good judges, ought to bave won."

The victory of Comedy King in the Melbourne Cup would not cause any surprise in Australia, for it was generally considered that were the English-bred thorse to be in Justice form, it would take something out of the ordinary to defeat him. Comedy King was bred in England, and is by Persimmon from Tragedy Queen. He mas purchased in England when a foal, along with his dam, by Mr. Sol Green, the well known Australian penciller, and according to out time is rated as a four-year-old, although life in the state of the standard of the state of the standard of
