

ER OF THE CENSUS.

RD INCREASE OF 24.65 PER CENT. DURING THE LAST FIVE YEARS.

of the Dominion when the census of 1906 was taken, but since then its lead has increased enormously. The addition to the population in the quinquennial period has been 24.65 per cent. as belonging to Greater Christchurch. The increase of population in Greater Wellington is proportionately larger than that of Christchurch, the progress during the past five years having increase- 6.92 per cent, has been recorded in Greater Dunedin.
