

## Fleecy Woollens

Mrs. Clare Millar, of Enmore, Sydney, writes:—

"People who haven't used 'Sunlight Soap' for blankets should try it. The common soaps seem to leave the blankets dull and heavy to the touch, but 'Sunlight' makes the nap stand well up, and makes them fleecy and woolly as though they had just come out of the shop, and this with less time and less work than is required with ordinary soap."
