ATHLETIC SPORTS IN WELLINGTON—BOYS OF ST. PATRICK'S COLLEGE HOLD THEIR ANNUAL GATHERING.

St. Patrick's College, Wellington, held their twenty-eighth annual sports meeting at Athletic Park last week. The weather was ideal and the tracks were in good order. The Mayor (Mr. D. McLaren) was present, and the faculty of the college and many visiting priests assisted at the gathering. The illustrations show a series of snapshots at the meeting and a group of the competitors.

PROMOTING THE ENTENTE CORDIALE—SOUTHERN BOWLERS VISIT AUCKLAND.

A party of South Island bowlers arrived in Auckland last week, and were given a Mayoral reception at the Town Hall. The visitors were on a tour of the North Island, and, after playing in Auckland, they went on to Hamilton, Rotorua, Tauranga, Pihikaki, Wanganui, Palmerston North, and Wellington. The illustrations show a general group of the visitors, and a number of snaps taken during the matches in Auckland. Mr. C. J. Parr (Mayor of Auckland) mentioned that of late a very kindly feeling had been brought about between Auckland and the Southern cities of Christchurch and Dunedin, whence the bowlers came. This excellent feeling had, he intimated, been very largely promoted by the interchange of visits of members of the bowling fraternity.
