Football.

Our winter game is certainly dying hard this season, for although Saturday last was a perfect summer day, over half-adozen teams journeyed to Potter's to engage in friendly contests. The day was, however, a regular "scorcher," and as the majority of the players were playing their first match of the season, it is perhaps unnecessary to state that the contests were not "hard and fast games from start to finish."

One of the principal matches was that between the Auckland and Ponsonby Lodges of Druids. The game, which resulted in an easy victory for the latter by 32 points to nil, was watched by a large number of spectators, and was contested throughout with the utmost good feeling, The representatives of the Ponsonby Lodge, amongst whom were several wellknown senior players, were far too good for their opponents, and scored no less than eight tries, four of which were converted. For the winners tries were secured by the following—T. Mills (capt) (3), P. Mackie (3), Newbigin (1), and F. Cooper (1). For the Auckland team Lewis (capt.) Mens (2), Hunter and Michaels all played well, and did their utmost to avert defeat. In the evening the teams met at St. George's Hall and spent a highly enjoyable evening. The contest between these lodges promises to become an annual affair.

The match between the Ponsonby Navals and the Victoria Rifles, produced an interesting and exciting game. After an even contest, in which good play was shown by the players of either side, the game ended in a draw, each side failing to score.

On Saturday afternoon a football match took place between St. Stephens' College and Richmond at the College ground, Parnell, and resulted in a win for the former by 24 points to nil. During the first spell tries were obtained by W. Raiti and H. Tawihana, and a free kick and a penalty kick were converted by I. Te Paa. In the second spell tries were obtained by J. Kiriki (2) and J. Tawihana (1), one of which was converted by H. Rewetiro. T. Hazleman, Brook, Johnston, and R. Brown played well for the losing team.

The Ponsonby team finished up the season on Saturday last by a trip to Papakura. Leaving town at 12 o'clock in brakes the team arrived at Papakura at about 3 o'clock, being heartily welcomed by the country team and a large number of football enthusiasts. Play commenced shortly after 3 o'clock, the game being watched by a large number of spectators. After a friendly and wellcontested game the town team proved victorious by 9 points to 5, their combination being slightly too good for the Papakura boys. For Ponsonby, tries were obtained by Masefield, Cole and Wright. The local team secured a try from which a goal resulted. The Ponsonby team was entertained at a smoke concert in the evening, and returned to town the same night after a pleasant trip. The winners played only 14 men.

Mr A. E. Sefton, the manager of the New South Wales football team, who returned to Sydney before the completion of the tour, was interviewed by the representative of the Referee. In reference to the reports in certain New Zealand papers concerning the conduct of the team Mr Sefton says: "The reports are absolutely untrue. They were the quietest lot of footballers I have ever seen together, especially for the number, viz., 28. It was a great exception to find even one of them out after 11 p.m." Mr Sefton considers that in forward play the cornstalks were able to hold their own with any set of forwards in this Colony, having met only two teams from whom they were unable to secure the ball in the scrum five times out of six. He attributes the defeat of the Welshmen to the superiority of our back play, which is a different style of play from what they were accustomed to witness in New South Wales. In referring to the Auckland and Tara-naki matches, Mr Sefton said, "Taranaki and Auckland showed far better combination than we afterwards saw. Auckland's last two tries were real master-

anything in the world. Our three quarters mostly stand and pass; theirs run straight ahead and pass at full speed."

The Suburbs Football Club held a smoke concert at the Newmarket Hotel during the week. The gold medal presented by the proprietor, Mr W. E. Ryan, for the best all-round player in the team was won by Wally Rhodes, whom I may mention left for Wellington on Monday

The Waikato Rugby Union are tendering a benefit to "Barlow" Madigan. The affair takes the form of a fancy dress costume match, and is set down for Saturday next. Any of "Barlow's" old admirers who wish to assist in making the benefit a financial success, can purchase tickets from either Mr J. A. Cooper or Mr T. Foley. I may state that Barlow has been the victim of a lengthy illness, and is still unable to work.

The Otago Rugby Union has written to the English Union, protesting against the action of the New Zealand Rugby Union in forbidding their annual interprovincial match with Canterbury, both of whose Unions are affiliated to the

English Union. During the football season just closed the Auckland Branch of the New Zealand Referees Association, which was formed on June 4th, supplied seventy-four referees for various matches. Mr. A. J. Parker officiated on ten occasions, and F. Drum, A. Kilfoyle and A. M. Edmonds each nine times.

Cricket.

Nearly all the clubs indulged in practises last Saturday. The Gordon Club played a match between teams chosen from the first and second elevens, when seven of the juniors showed good form.

I would remind the secretaries of clubs that the entries for the Auckland Cricket Association's three championships close

on Saturday evening next. The performance of A L. Allan, of Hawke's Bay, who threw the cricket ball 113 yards 1 inch, has been passed as a New Žealandamateur record. Cricketers should endeavour to have this event placed upon the programme at the

championship meetings. The local Parnell Clul and the Midland Club, of Wellington, have exchanged players. W. Gardiner will this season play for the latter, and W. Wynyard will players. battle for Parnell in the event of the Shore remaining as juniors. The Shoreites have, however, asked to be admitted

a senior team. The New South Wales Cricket Association has passed the following resolution :- "That the Victorian Cricketers" Association be informed that before any New South Wales team controlled by this association can meet Mr Blackham he must withdraw the defamatory statements regarding Mr Tooher made by him at the conclusion of the last intercolonial match played in Sydney." The misunderstanding between the two colonies threatens to affect the intercolonial programme for the coming season. Blackham refuses to withdraw his statements, and the remaining Victorian representatives be-lieving Blackham to have been in the right will not take part in any match from which he is excluded.

Tne Canterbury Association being informed that Stoddard's English team would probably visit New Zealand for a guarantee of £1000 has reopened negotiations with other associations. The Canterbury Association has guaranteed £300 on its own account.

Athletics.

The date of the Auckland Club's athletic carnival has been altered from December 8 to November 24. The North Shore Club are first in the field their date being fixed for November 3.

I hear that Alf Burton will not be a competitor at the spring meetings. Alf has been ordered by the doctor to take a spell from the track.

Thomas, who until lately held the New Zaland mile walking record, is at present Auckland, and will take part in the walking events.

Tommy Roberts, who is at present in Sydney, has thrown in his lot with the Sydney Harriers. He entered for the amateur 100yds event at the Lillie Bridge Sports on Saturday last, and was han li-capped to run from scratch. The handicapper has evidently judged Tommy's sprinting capabilities by his performances over the 'sticks.'

An amateur athletic club has been pieces, and could not be surpassed by formed at Te Awamutu. The club holds

its first carnival on November 9th, and is to be affiliated to the N.Z.A.A.A.

I hear that Mr F. W. Edwards has been offered the position of starter to the A.A.A. and Cycle Club for the coming season. Mr Edwards has not decided whether he will accept the position.

E. O. Bredin, in an attempt to lower the half-mile amateur record, cut out the distance in 1min 56 1-5th sec.

Swimming

The fifth annual meeting of the Council of the New Zealand Amateur Swimming Association was held on Friday evening last at the Harbour Board Buildings. The following affiliated clubs were represented by their delegates: — Auckland, Christ-church, East Christchurch, Gisborne, Port Ahuriri, St. Albans, and Whangarei. The secretary's report, which was highly satisfactory, was adopted subject to approval by the executive. Owing to the expense of the banner, and a loss on the sale of annuals, the balance-sheet showed a debit of £14 6s 9d. As the number of affiliated clubs has considerably increased, it is not expected that this will occur again. The Port Ahuriri, Whangarei, Akaroa, and Napier Clubs were admitted. It is proposed to ask the Government to give £ for £ locally raised subscriptions for school instruction in swimming, and also to provide for bathing reserves in all new Government townships. A limit of £10 was fixed for prizes, and all private matches are to be strictly disallowed. The following officers were elected for the coming season: - President, Sir Robert Stout; secretary and treasurer, Mr R. St. Clair; auditors, Messrs Esam and O'Mera; Appeal Committee-North: Messrs O'Mera, Goldwater, and the secretary; South: Messrs Airey, Mountfort, and A. Smith. Consuls are to be elected by the provincial clubs, and the secretary is to appoint correspondents in the centres where none exist.

Cycling.

W. L. Kerr, amateur champion of Australasia, accomplished a great performance on the 20th inst., in which in a ten mile "go" against time he succeeded in lowering all the Australian and New Zealand records for all distances except the mile. The following were his times: One mile 2min 22sec, two miles 4min 512sec, three miles 7min 20sec, four miles omin 49sec, five miles 12min 21sec, six miles 14min 53sec, seven miles 17min 28sec, eight miles 19min 59sec, nine miles 22min 31sec, ten miles 24min 58sec.

Sporting Review

THURSDAY, OCTOBER 11, 1894.

A MEMBER of the seven stone odd division of the New Zealand Cup contestants was seen out on Saturday last when the St. George-Engagement horse, Magazine, won the Spring Handicap of a mile and a distance at the Plumpton Park racing and Trotting Club's Spring Meeting. The telegraph account of the race tells us that the four-year-old son of St. George carried his 8.3 over the ground in 2min 2sec, but what the strength of the field was can only be conjectured. Goodwood, with an advantage of 13lbs, was half a length behind Mr Campbell's horse, who it will be remembered was supported last week for £800 locally in connection with the N.Z. Cup. His win on Saturday last is bound to bring him further in favour for the big November event in which Southern judges fancy he will run a very forward horse. His time of Saturday last, 2min 2sec, was beaten by a second last year when Vogengang, with 8.8 up, covered the mile and a distance in 2min 1sec, but contrasted with Cajolery's 1892 performance of 2min 3sec with 7.11 up, Magazine's 2min 2sec

well. That his Plumpton Handicap chance was held in good esteem is evidenced by the small dividend (£1 12s) declared on St. George's son. Strathbraan, with the same weight (7.13) that Addington carried to victory in last year's Plumpton Maiden Plate, won the same event easily on Saturday in 1min 34sec-2sec longer than the Vanguard colt's 1893 time-and Goodwood with 8.0 upset a big field in the 6½ furlongs Flying Handicap in 1min 25\frac{3}{2} sec, Lady Lear, 6.12, and Reflector, 8.3, being in the places. A field of thirteen was weighted for this event, and that speculation was strong in another direction than that of the winning horse is shown by the £9 3s paid out to backers of the chestnut son of Ascot and Maid of Eccelston. Last year this event was won in 1 min 255ec by Vogengang, who pulled off the double, Spring and Flying Handicaps. The two-year-old race, the Kindergarten Stakes of 20sovs, four furlongs, was won by Alcestis, a descendant of Master George and Psyche, who covered the half mile in exactly the same time that Kingwai took in 1893, viz., 52 seconds. The other places were occupied by Pop'em and Flying Artillery, two descendants of the Musket-Ouida horse Artillery. Pop'em, who followed the winner past the post, claims Miss Webster as her dam, and Flying Artillery has Credulity as his maternal relative. The two mile Plumpton Handicap Harness Frot fell to Camisca, 37sec, the time (by wire) being returned as 5min 53sec. Last year Maggie L. with 42sec handicap, won this event in 6min 1sec, Three Cheers 30sec, of whose quality we were favoured a glimpse recently, running into third position. The other trot contested on Saturday, the Sockburn Handicap Trot (in saddle), one mile, fell to Peggy, 14sec, who showed a 2min 46sec gait for the Sydney horse owners and trainers have

been working up an agitation for some time past which has for its object the appointment by the Australian Jockey Club of an additional handicapper. In the past Mr J. A. Scarr has reigned supreme in the matter of adjusting weights in connection with N.S.W. racing, and the discontent which for some time past has been made manifest by the ever increasing number of plaints "To the Editor" has culminated in the preparation and presentation of the following petition to the committees of the Rosehill, Tattersall's, Warwick Farm, Canterbury, and Moorefield Racing Clubs:—
"Gentlemen — We, the undersigned owners and trainers of racehorses competing on courses around the metropolis of Sydney, beg to draw your attention to the fact that we are dissatisfied with the handicapping of our horses, and humbly pray that you will consider our grievance, and we respectfully suggest that you should appoint a second handicapper, or two extra handicappers, if necessary, to work in conjunction with Mr Scarr. As matters stand at present, Mr Scarr has the supreme control over the handicaps, and inotwithstanding any mistakes that he might make, no one has the authority to point out the same to him. Consequently we may go on from week to week, and month to month, groaning under the injustice; whereas, if you will adopt our suggestion, it will place the matter on a more equitable footing. We consider it very unfair towards the racing community in general that any one man should hold such power, though we do not in any way wish to impugn Mr Scarr's conscientiousness in the performance of the duties of his office." This petition has been signed by sixty leading trainers and owners. The fairness of the request should entitle it to serious consideration at the hands of the N.S.W. authorities. Two Sydney owners who race under the noms de course of J. Baronet and W. Merthyr, complain bitterly of the manner in which their horses have been treated by Mr Scarr. The owners alluded to have ten to fifteen horses constantly in work, and the fact that they have not won a single race for two years is quoted as evidence against the handicapper's adjustments.

THE Spring Race Meeting of Tattersall's Club saw one of Auckland's New Zealand Cup candidates engaged viz., Royal Rose the son of King Cole and Rosalind being one of the 18 competitors for The fact Spring Handicap honours. that the prize-roosovs with rosovs out entailed no N.Z. Cup penalty, coupled with the assertion of the Melbourne Sportsman that the stable had been laid half the sweep attaching to the event, argues that every effort was made by the Le Loup-Miss Kate annexed in the with 61b more on his back reads very Royal Rose party to win the stake, but respectable time of 2.441 after a hard

Ruenalf's impost of 8.4 enabled that son of Grand Flaneur to score a runaway victory in 2min 102 sec. New Zealanders who saw the runs made by the King Cole colt declare that he faced the A.J.C. music in tip top fettle, and the question whether that condition can be kept on him until our Cup Day arrives will be an anxious consideration for those who have supported him for the big Southern prize. The reports received of the fight for the Spring Handicap show that the race was run at a solid pace, Ruenalf coming away from the field with ease once the straight was entered. He was well within himself when he reached the post four lengths in front of Escapade. Royal Rose's impost of 8.13 must of course be remembered in estimating the performance given by him in this race. The opening event at the meeting, the Tramway Handicap of 100sovs, six furlongs, fell to the Apremont—Becky Sharp gelding Whakawatea, who carrying 9.10, and a 12 to 1 chance, won by a short head from Hirondelle in 1min 18sec, the Trenton horse, Musketoon, being third, 2 head behind the second finisher. The Dancer, who failed to score right through Wright's Australian tour, went out at the same price as Whakawatea, but was unplaced, and Stanmoor and Philson formed another pair of unsuccessful New Zealanders. For the first time this season luck shone on Mr Dan O'Brien, his Welcome Jack—Gage d'Amour gelding, upon whom has been bestowed the name of Bob Ray, carrying his 7.12 to victory against a field of twenty well-bred youngsters in Tattersall's Two-Year-Old Stakes of roosovs, four furlongs. Loyalty's owner sent the gelding out at 8 to 1, and after being nicely handled by Ettridge, the youngster made his dash half way up the straight and won fairly easily in 50secs, the Lochiel colt Killiecrankie, who beat Mr S. Hordern's Nordenfeldt -Lady Nora filly, Miss Nora, by a length for second honours. Bob Ray was bred by the Hon. H. C. Dangar, and purchased for a very moderate figure at the last yearling sales by Mr O'Brien, who named the youngster after an old Southern comrade, Cravat, the Castor-Necklace colt, obtained by Mr Hordern at the last Wellington Park Sale was in the race, but did not figure in the fight. It should however be remembered that another of Mr Hordern's nominations ran into a place. The last race of the day, the Flying Welter of 100sovs, six furlongs, saw Whakawatea out, but the Apremont gelding could not foot it with Hopscotch, the Grand Flaneur gelding that showed a comfortable 1min 161sec gait in the High Weight Handicap run on the last day of the A.J.C. Meeting. In that race he carried 9.0 and at Tattersall's Meeting he rattled in an easy winner in 1min 162sec, with 9.4 on his back. Whakawatea was fourth.

AUCKLAND RACING CLUB'S SECOND SPRING.

THE weights for the Prince of Wales Handicap and the First Handicap Hurdles to be decided on the opening day of the Auckland Racing Club's second spring meeting were declared by Mr Evett on Saturday last and will be found in another column. In the mile and a half race, the Prince of Wales Handicap of 165 sovs, St. Kilda has been placed at the head of the eighteen horses entered, with 9.9 opposite his name. That the St. Leger—Matakana gelding is a capital performer over certain distances has been made abundantly evident, but that he can give away half a dozen pounds to a performer like Royal Rose over a mile and a half I very much Down at Hawke's Bay he question. showed what he could do up to a mile and a distance with most respectable weights, but when it came to covering a mile and a half with 9.8 up St. Kilda was decidedly out of it. He could get to the head of the straight with the best of them but then the pinch came. That was against a field which included no Royal Rose. However, the King Cole colt is not at all likely to see our November meeting, so whether the Matakana gelding can or cannot give him 6lbs over the Prince of Wales distance is immaterial. Next to Royal Rose stands Reynard, whose solitary performance during last season was in the C.J.C. Midsummer Handicap of 200 sovs, one mile and a half, which event this son of

fight with Au Revoir. On that occasion Reynard carried 7.0, so that the extra stone imposed by Mr Evitt cannot be said to be uncalled for. Next to the Le Loup horse comes Ida with 7.10, Yattenfeldt has 11b less, and Grenadier has been weighted at 7.8, Ben Godfrey standing on a similar mark. Up to date Grenadier has been anything but a success, and remembering what he has (or rather has not) done one is inclined, when glancing lower down the list, to wonder why this howling failure is summed up as 2lb better than Tulloch over a mile and a half and 3lbs the superior of St. Laura. At the same time I am free to confess that Brigadier's son may be capable of doing what Mr Evett has asked, for I firmly believe that he can do "yards" better than his A.R.O. Spring Handicap display would seem to indicate. Still the fact remains that he has not shown such ability in in public and that being so he cannot be regarded as having been let into this handicap with too light a weight. While his chance (on paper) looks hopeless it may turn out to be the very reverse. He can gallop with the best of them and on the 9th of November he may more than justify the A.R.C. handicapper's weighting. I say perhaps. Ben Godfrey at 7.8 has some decent mile running to his credit, but so far he has not shown much ability to get the extra distance. Eve and Formé are fairly placed at 7.7 and 7.6 respectively, and Tullon for been placed on the same mark as Formé. Now when one remembers Tulloch's easy win in this event last year when the Sword Dance horse carried 7.4-21bs under his weight of this year — and won comfortably in 2min 401 sec, one is apt to consider that he is not overburdened for this year's fight. And the same reflection covers the of St. Laura, who stands at 7.5. season she won the A.R.C. Guineas with 8.5 up, beating Yattenfeldt by a head over a 1min 45sec run mile; won the Waimate Handicap at the Egmont Summer meeting, carrying her 7.7 over the seven furlongs in 1min 34sec; won the Harrison Memorial Stakes, 6 furlongs, at Wanganui, in the Autumn winning easily (with 8.2 up) in 1min 16 4-5th sec, and the Flying Stakes, 6 furlongs (7.9 up) in 1min 17sec at the same meeting; and at the A.R.C. Autumn gathering she carried off a very respectable double, for going out in the Eden Hendicap of seven furlongs she easily carried her 8.6 to victory in 1 min 30 sec, and on the second day of that meeting she again faced the Stewards' Handicap of a mile with the same weight, 8.6, against her name and won hard held in 1min 45sec. With the extra year over her head the additional half mile may not trouble Miss Laura's daughter, in which case her 7.5 may be a very handy weight for the mare to carry. In view of her chance and the probabilites attaching to the names of Tulloch, Ben Godfrey, Yattenfeldt, Ida, not to mention Royal Rose and the top weight, I do not think any attention need be paid to the racers standing lower in the list than Doris, who shares the 7.5 mark with the Miss Laura mare, unless one is inclined to fancy the name of Allan-a-dale, 6.11, on his Gisborne Park Stakes win-2min 7sec for a mile and a distance with 88 in the saddle. With 6.11 up this candidate may hustle along to some purpose. Accepting Royal Rose as an unlikely starter the best quartette should be Ida, Yatten-

feldt, St. Laura and Tulloch. In the hurdle race I fancy Belmont does not bear the aspect of having been too well treated. At the top of the weights with 11.10, with Marechal Neil at 81b less, Warrior 27lb less, and Skittles at 30lb less, the King Quail—Winnie gelding looks anything but comfortably situated. Contrast his impost with that awarded Skittles, and what do we find? Mangere's sister took 22lb from him at the last A.R.C. meeting, and ran him decidedly close in spite of the fact tha she was somewhat short of work, and that the state of the going suited the King Quail gelding right down to the ground. Now when it is a fair argument that the mare's condition will be better than was the case on September 15, and that the state of the track will on November 9th be much more to her liking than it was on the first named date she takes 30lb from Belmont! It is of course very much easier to pick holes in a handicap than to frame one, but Belmont's weighting certainly does not strike one as correct in the remotest degree. However, the King Quail gelding has been scratched for this event, so the matter may well be left alone. Magpie, therefore, stands at the head of the list at 11.6 Over country this Betrayer gelding has shown decided

hurdling did not meet with first place honours it was far from being of in-At Canterbury in the different class. spring he was weighted at 10.12 in the two mile Spring Hurdle Race, and followed Clarence 10.11, and Norton 12.3, past the post. The Ascot horse was half a length behind Clarence, and Empire followed Norton by a length. The two miles took 4min 10 sec to traverse. At the Dunedin Spring Meeting Magpie had 10.8 in the two mile and a distance hurdle race, won by Rebel, 10.5, in 4min 29sec, and finished half a length behind the second horse, Smuggler, 9.12. At the Autumn D.J.C. gathering the mile and a half hurdle race, won by Cajolery in 3min olsec, saw Empire, 10.7, a length and a half away third. Next to Magpie stands Marechal Neil. 10.2, and at the weight he should be able to do something if there be any merit in him at all. Warrior, 9.11, and the light weights are well placed, and if it were not for the weighting of Mangere's sister the handicapper might be complimented on his work. With Belmont risen tolb and Skittles only 2lb for that race of September 15th, one, however, feels compelled to restrain any desire he may have to applaud this particular adjustment.

PAKURANGA HUNT CLUB.

THE nominations received in connection with the annual meeting of the Pakuranga Hunt Club show a falling off compared with the returns for last year's gathering. Then the entries totalled 101; for the meeting to be held on the 20th inst, the nominations received number 85. In the open events there is an all-round falling off with the exception of the Open Handicap for which two more entries have been received than was the case last year, but the Flying Handicap and Open Hurdles each show three nominations less, and the Pony Handicap has five In the close events the Hunt Club Cup has two more entries than last year but there is a falling off of three entries in the Ladies' Bracelet and one in the Tallyho Steeplechase, and a decrease of five appears in connection with the Members' Hurdle race. The weights appear in another column, but as acceptances are due to-morrow at 9 p.m. I shall defer dealing with the weighting until next

V.A.T.C. SPRING MEETING.

THE Randwick Spring Gathering gave us many valuable hints of what we may look forward to when the curtain is raised at Flemington next month, and on Saturday next and October 20th further interesting light will be shed on the intricate problems which are presented and proved annually in Melbourne-to the consternation of the many and the gratification of the few. On the 13th inst. the Caulfield campaign opens, and when the C-11field Stakes, Guineas, and Toorak Hanuicap have been lost and won, the way will be open for the Caulfield Cup, which may be said to really open the Spring Carnival of Victoria. Guineas is the first puzzle to be considered in connection with Saturday next, and New Zealanders' attention will naturally centre in the prospects of Mr Gollan's colt. Bonnie Scotland. A.J.C. Derby win carries with it a 7lb penalty, so that if the colt's owner elects to send him for this race he will have 8.12 to carry. It may be that Mr Gollan, with an eye to the Victoria Derby, may withdraw Loyalty's brother. If he, however, allows him to run for the ososovs I am in clined to fancy the colt's chance, the weight notwithstanding If one accepted his Biennial Stakes display as a true sample of Bonnie Scotland's ability his chance next Saturday would appear to be a decidedly infinitesimal one, but it may be that his Derby victory was accomplished while the colt was short of condition. That would account for his temporary absence of ability. The rest may have given him back all his powers, in which event his chance cannot be underestimated. Dreamland's attack of strangles has doubtless interfered very materially with his preparation, and under the circumstances one can safely incline to the belief that this candidate will be kept in reserve for the V.R.C. Derby, in which contest I fancy he will prove victorious. Hickenbotham's stable has four rattling representatives in Destiny, Malachite, Eiridsford, and Cobbitty, and which will be the "pea" is very hard to say latter showed something like ability at the recent A.J.C. Meeting. In the race for the Member's Handicap he carried 9.2, and giving 28lb to the Grand Flaneur gelding Reconstruction,

furlong contest, which was carved out in 1.55½—a record time for Australia. If he keeps fit the mile on Saturday next should be well within his reach. Destiny is another hot one, and Moorite, who in the opinion of many Australian experts was one of the best two-year-olds seen out last season, claims many excellent judges as supporters. There is a very large number of what one might term unknown quantities engaged in the Guineas, and at this distance from the scene little good can result from endeavouring to extract the good from the bad. Bonnie Scotland, Moorite. Destiny, Cobbitty, and Atlas form a nice quintette, and should they be sent the finish may lie between

COBBITTY and MOORITE.

The Toorak Handicap of 500 sovs, one mile, has a very long list of runners attached to it, and at the weights the eye is inclined to linger on the name of Selim, who is weighted at 7.9. The top weights will hardly accept, although Fortunatus at 9.13 may be considered speedy enough to be slipped. Response, Cressy, and Taylor's trio Elswick, Alpine, and Idolater read as likely ones, and if Selim proves the best on the day I shall not be surprised.

WANGANUI.

October 6.

It transpires that Fame, Foam and Sunshine, whom it was reported would be sent to Megaphone, will not visit that horse, but will go to Vanguard, who is highly fancied amongst breeders here. Amongst others that will visit the son of Traducer—En Avant will be Eclat, Pastille (dam of Tayforth), Lady Grey (dam of La Petite Fille), Spray (by Hippocampus), Rara Avis, Venus Transit, and the dam of Jupiter.

Westmere ran very consistently at Hawke's Bay, and it was hard luck for Mr Paul that he did not catch the judge's eye first on one occasion, and there is no doubt but that the horse will be greatly improved by the New Zealand Cup day. Nevertheless I do not favour his chance for that event.

Mr Edgar Symes has been appointed honorary secretary to the Waverley-Waitotara Racing Club, vice Mr Mussen, resigned.

Reports to hand re Mr Herbert Jackson's starting at the Hawke's Bay Meeting state that he was far from being a success with the flag. Mr Jackson wields the flag at the forthcoming Wanganui Meeting.

Sunbeam will be worth watching in

hurdle events this season.

Westmere when he ran second to Cyrus at Rangitikei would have paid a dividend of £16 had he won. There were only 23 investors on him.

Hippomenes' full brother Sylvia Park, when thoroughly fit will, I predict, be the boss hack on this Coast. He is a real good 'un.

Countess (Mute—Swiveline), who paid the big dividend at Waverley twelve months ago, is now being trained by Fred Harrison, who has got the mare located at the Prince of Wales stables. She will not be raced until later on in the season, as Fred could not get her anywhere fit at Patea owing to the bad state of the tracks, so therefore he brought her to Wanganui to train. When thoroughly wound up she will be a hard nut to crack as she has already proved that she can gallop.

Monte Carlo was considered a good thing by local punters for the Spring Handicap at Hawke's Bay and his indifferent running in that event came as a great surprise. His chance for the big Southern event now looks a very poor

Pom Pom's display in the Hawke's Bay Guineas was very disappointing to local backers, as his chance of securing that coveted prize was highly thought of here, more especially after the result of the October Handicap had come through. The fact that his stable companion ran second, and that on track form Pom Pom generally had the best of Westmere, resulted in his being backed more freely than he would have been. It is quite likely that the son of Wapiti did not care for the heavy going.

Mr Paul's filly, Caribou, ran well in

both events she started for, and, no doubt, her trainer, Mr Belcher, will be highly satisfied with her performance, as the filly is a lot backward at present. She should run prominently at the C.J.C.

meeting as she will be greatly improved by then

Charlie Woodley has just taken in hand a bay gelding by Ascot—Equation, half-brother to She. He is a big, powerful upstanding horse and should do well at the illegitimate game. Woodley has in hand at present Prestige, Strike and Lisetta—the first-named is as sound as a bell and will place a few events to his credit before the season is over.

Fraternité, in W. Butler's stable, is doing well, and should he continue to do so, if not harshly treated, will be a starter for the Auckland Cup.

Formé, after her victory at Hawke's

Wanganui Derby.

Romp, dam of Norton, Pill and Camomile, has dropped a filly to Natator, and visits Megaphone.

October 9.

EOTHEN, the half-brother to Waterbury, has been purchased by Mr W. H. Keith, and is now located at that trainer's stable. He should do well at the illegitimate came.

The Dauphin's son, Fraternite, has, since I wrote last, gone amiss, and it is quite likely he will not be able to start at Wanganui. Had he kept sound he would have been heard of during the season.

Monte Carlo's running at Hawke's Bay has greatly disappointed backers here as the son of Ascot—Speculation was considered to be a moral for one of the big events for which he started.

WELLINGTON.

October 5. IT is stated that the Hon. J. D. Ormond profited to the extent of £200 outside of stakes by North Atlantic's victory in the Spring Handicap at Hastings representing an investment of a fiver on his horse. He, however, lost a good sum over the horse's defeat in the October Handicap on the first day of the meeting. With a capable trainer like "Con" Boyle in charge of his horses I think North Atlantic's owner will make amends in the future for the severe reverses received by his string during the past few seasons. Mr Ormond certainly merits success, for straight-going sportsmen of the hon. gentleman's stamp are few and far be-

tween now-a-days.

George Hope arrived here from Sydney by the Wakatipu on Wednesday. Although Couranto and Waterbury went wrong, he succeeded in making the trip a financial success with the aid of Mutiny. He says that the little horse, which has improved beyond recognition, could have been disposed of for 500 guineas the day before he left, but Hope's instructions were not to sell. George left Waterbury in Sydney, as the horse has an enlarged knee besides an injury to the stifle. It is probable that Mr Douglas will send another team of jumpers to Australia next winter, and Waterbury will be treated to a spell in the meantime. Hope assures me that the Australian jumpers are a long way behind the cattle raced over fences in this colony. The country is not so stiff either as compared with obstacles found on some of the New Zealand racecourses. In the course of our chat Mutiny's rider ventured the opinion that Chesterman or Patron would take most beating in the Melbourne Cup.

It is highly probable that one of our prominent pencillers will take up his residence in the land of the kangaroo after the New Zealand Cup is decided. The drastic provisions of the Gaming Bill is the reason assigned for the penciller seeking fresh fields.

Mr J. Paul, the Wanganui sportsman, is experiencing hard luck this spring with his horses. Four seconds at one meeting is very galling indeed. Some people, however, think that with a more experienced horseman in the saddle Mr Paul's horses would have fared better.

For those who believe in coincidences I may remind them that last season Rose-feldt, who afterwards won the New Zealand Cup, did exactly what Westmere has accomplished this spring—ran second in the Rangitikei and Hawke's Bay Spring Handicap. Rosefeldt then won the Napier Park Handicap, but it remains to be seen whether Westmere will follow her example. [He did not.—Ed. S.R.] If he does many superstitious people will fancy they have got the winner of the Cup in Mr Paul's horse.

I mentioned in a previous letter that the hack Merryman would be placed in H. Fletcher's hands to train, and he is now an inmate of the stable.

this Betrayer gelding has shown decided Grand Flaneur gelding Reconstruction, the filly is a lot backward at present. The Hutt horses are doing serviceable ability, and last season, although his ran him to a head in the mile and a She should run prominently at the C.J.C. work. Fletcher is getting Review and

Lord John ready for the Taratahi-Carterton meeting on the Prince of Wales Birthday, and J. Huxtable is also sending the hack Vain Glory along in view of the same meeting. The Escutcheon mare is doing excellent work, and should pay her way during the coming season. Essex (Ascot—Fairy Queen) has been taken in band by Huxtable.

By all accounts the Hawke's Bay track was in a very soddened state for the recent' two days' meeting, which, of course, interfered greatly with many of the competing horses. I expect to see the form shown by some of the contestants reversed ere long.

I believe the Hawke's Bay people were loud in their praise of Mr Henry's initial attempt as the handicapper to the local club. Large fields were brought to the post, and the racing was interesting, while only two favourites got home in the handicap events during the two day's

Westmere was well supported in Napier to win the N.Z. Cup after his display at the meeting, and the best price obtainable about him now is 100 to 10.

A pony stallion named Sailor arrived here by the Wakatipu from Sydney. He was sent on to Wanganui by train to his owner, Mr B. M'Caull.

Chesterman is considered to be an out and out stayer, and his chances in the Victorian Derby and Melbourne Cup are reckoned to be excellent if they are solid run races. Loyalty was was not properly wound up at Randwick, and he will strip a far better horse at the Victorian Meeting. His owner did not fancy Loyalty's chance in the weight-for-age races, but supported him in the mile race at the concluding day of the meeting, in which he ran second.

Three Star is classed by good judges as a non-stayer, but George Wright has a wastly-improved horse in Royal Rose to do battle for the stable in the N.Z. Cup. This horse's ability to get the distance is readily conceded, and his chance is considered a rosy one.

The attempt to re-open the Timothy case has fizzled out.

Owing to the finances of the Wellington Trotting Club being in low water, the stewards have decided not to include the two pony gallops in the November programme, but the innovation will probably

be given a trial in January. The club at present could not afford to risk losing money in trying the experiment. Mr T. Bryant's imported trotting horse .H. scored his first victory in New Zealand at Hastings last Wednesday. Mr Bryant has had a lot of hard luck with

his trotters, and I trust he will fare better in the future. His other representative, Vancliffe, ran three seconds at the meet-

A meeting of the stewards of the Wellington Racing Club was held on Thursday, the principal business being to receive the report of the committee with reference to country race meetings. The committee reported that they had been interviewed by delegates from several clubs and after due consideration recommended that the following meetings should be abolished, viz., Wellington Racing Glub, one (the Winter Meeting, which was done away with last season); Porirua Jockey Club, one; United Hunt Club, one; Wairarapa Hunt Club, one; Akura Maori Racing Club, one; and the Pahiatua Jockey Club, one.

I hear that Leontine appeared to be in splendid fettle at Hawke's Bay, but was not fancied by his connections in the October Handicap in which event he occupied a conspicious position in the rear. I fancy he will improve on this form before the season is over.

The North Island horses engaged in the New Zealand Cup are moving southward. Rangipuhi arrived in town on Saturday last, and went on to Riccarton on Monday. George Blanche has the Feve horse in spleadid condition.

Lottie came down from Hastings last night and proceeds South to-morrow. I hear that the mare is very well, in fact some people think she is too well at this period, and may probably go off before the day of the race.

There is a rumour abroad locally that a popular Southern pick for the New Zea-land Cup has gone wrong, but the stable alluded to has another representative to fall back upon.

It would appear from recent accounts that Pinrose will be an absentee from the Cup. I heard one local penciller offer to lay 100 to 1 about his chance. Liberator

is also receding in price. A Wellingtonian enquired the price of

chasing the horse. The figure asked, 300 guineas, effectually stopped negotia-Some people who saw the big horse run at Hastings consider him equal to Norton, but that is saying a lot.

The new training track at the Hutt is in rattling order, and the local nags are being sent along in view of November engagements. Davis has Kent, Swordfish and Overseer looking in splendid order, Kent especially, while Review and Lord John in Fletcher's stable are also in nice condition.

La Norde, formerly owned by Dr. Connolly of Wanganui and now the property of Mr W. Pryde of Forty Mile Bush, has a fine yearling colt by Rama Rama, and is expected to foal shortly to Treason. She visits Ascot.

At a meeting of the stewards of the airarapa Racing Club held at Wairarapa Kacing Featherston on Saturday several tenders for work on the course were accepted. J. Ames's tender for worktotalisators was accepted, ing the totalisators was accepted, subject to a slight alteration in terms Mr Macfarlane was unanimously elected handicapper, although some of the stewards stated that he was unwilling to act in that capacity. The programme committee recommended the following card which was adopted by the meeting; card which was adopted by the meeting;
—First day—Hunters Hurdle Race of £30, 1½ miles; Trial Hack Handicap of £25, 1 mile; Wairsrapa Cup of £125, 1 mile and 7 furlongs; Hack Hurdles of £20, 1½ miles; Flying Handicap of £50, ½ mile; Wairarapa Hack Handicap of £50, 11 miles; Grandstand Walter Handicap of £35, 11 miles; Grandstand Welter Handicap of £40, 1 mile and a furlong; Tauherenikau Hack Welter of £20, 1 mile. Second day—Open Hunters Hurdles of £30, 13 miles; Telegraph Hack Handicap of £25, 2 mile; Racing Club Handicap of £80, 11 miles; Second Hack Hurdle Race of £25, 1½ miles; Presisidents Handicap of £50, 7 furlongs; Valley Hack Handicap of £25, 1½ miles; New Year Handicap of £40, 1 mile and a distance; Final Hack Handicap of £20, Winners of races to be penalised if necessary up to a stone. It was resolved to board off the grandstand publican's booth from the lawn next the saddling paddock, and an improvement is to be made in connection with the ladies' room. The membership roll now numbers 250.

New Zealand Cup betting is a dead letter here, the only horse backed during the week being Three Star, one bookmaker laying £300 to £10 against the Castor colt. There was very little wagering over Napier Park to-day, but what little was done resulted in favour of backers.

DUNEDIN.

[BY WIRE.]

October 9.

THE N.Z. Cup betting bears no comparison with the business done last year in this city, nothing to speak of having been done for the last month. A little money was taken about Pegasus on Friday, about £300 being secured at 100 to 7 Enquiries were made re Royal Rose, but no business took place at the price offered, viz., 100 to 10.

Most of our Cup candidates are engaged in the Oamaru Spring races to be held on Thursday and Friday next. Lady Zetland, Dilemma, Captive, Rangiatea, Casket and Victim are the acceptors for the Spring Handicap, which I think may be won by Dilemma. The horses named are all engaged in other events, and each of them should pick up a crumb at the gathering.

Our horses are doing well and are very forward. I am often at the Forbury but a strong gallop is rarely witnessed. Quite a different system is adopted now compared with that which existed in years gone by when too much fast work was indulged in. After a horse has proved himself to be a racer, long steady work and occasional flutters appear to give better results than leaving the probable win on the training track.

The owner of Beadonwell, a popular young sport here, tells me that his horse will win the Cup. He openly advises all his friends to have a little on him so he may be looked on as a moral starter.

A system of fraud has recently been practised here to take down the bookmakers. A couple of the smaller fry telephoned for £30 on Saracen when he won at Timaru, using the names of a couple of prominent backers. They netted about £80 over this transaction as they bought over the two backers to draw the money. [The latter could not have been "the clean potato."—Ed. This was the beginning of the discovery, and by united efforts accompanied by some expense the pencillers traced the whole swindle to certain men who were thought to be beyond such meaness as to fall in with a proposal to share the result of such rank dishonesty. It is stated, however, now that they are bowled out that they are likely to recompense the metallicians for the loss occasioned the latter in connection with Saracen's pay out. Several of the layers who suffered over Blarney will however see no return.

Takapuna Jockey Club.

AT the annual meeting of the Takapuna Jockey Club, the Chairman (Mr E. W.

Alison) said: Members of the club would be gratified to know that the season of 1893-94 had proved so successful from every standpoint. The popularity of the club continued, and each of the four days' racing was marked by fine weather, good attendance of the public, and exceptionally good contests, the credit for which was due in a great measure to the handicapper, Mr W. Knight, who was deserving of a special meed of praise in producing so many exceptionally close finishes. The club was again in a sound financial position, notwithstanding the losses of the seasons 1891-92 and 1892-93, and would commence the present racing season under favourable circumstances. So soon as there was a suffictent sum in hand to warrant the building of a new grandstand this work would be set about, as owing to the large attendance of the public the present stand does not afford that convenience and comfort which the requirements of the public demand. The cost of a suitable stand and conveniences would not be less than £1500, and the committee expect that if the ensuing season is as successful financially as that of the past one, the club will be fully justified in undertaking this necessary and important work. club only held two meetings last season as against three the previous one. Under existing rules it would be prudent for the incoming committee to again only hold two meetings, viz., the Summer and Winter. I will now refer to the Racing Conference: Members are aware that suburban and country clubs are now represented at these conferences, and that have been elected delegate for the These racing con-Auckland district. ferences seem to be managed in a most extraordinary and unbusinesslike manner -and to be controlled by a section who dominate as they choose. A meeting of the Conference was to have been held in July, and questions vitally affecting suburban and country clubs were then to be discussed, chief among which was the question of added money, but so far the only meeting held had been a special one to consider the Gaming Act, held after it had practically passed I received no official intimation of this meeting, but seeing a paragraph in the political news that a meeting was to be held, I called upon Mr Percival to ascertain whether the meeting was to be a general or special one. He replied it was a special meeting to consider the Gaming Act, and that no other business would be transacted. The business, however, was not so restricted, as resolutions were carried re the formation of a New Zealand Jockey Club. Now, why was not a general Conference convened before the racing season commenced, and why should a delegate be kept in ignorance at to when meetings are to be held? There has been no general Conference since July, 1893, and none since the country delegates were elected, so that the country delegates have so far been ignored, and are not likely to benefit this season at any rate by any new rule which may be passed by the Conference. The question of the establishing of a New Zealand Jockey Club will be discussed at the Conference which is expected to be held in Christchurch early in November. I am not presupport or oppose such a club, but before

to be quite satisfied that its constitution would ensure justice to all, and that the country and suburban clubs were fairly represented on such a court. The manner in which business at the Racing Conferences has been contrived does not tend to create a bias in favour of the institution of a N.Z. Jockey Club. The new Gaming Act regulates the number of meetings to be held in future at which totalisator permits are to be granted, and the Government were wise in not allowing these permits to be issued by a N.Z. Jockey Club. Now that the number of meetings has been regulated by law there is no occasion why the present unreasonable and unjust restrictions in respect to added money should continue. The majority of clubs cannot afford to pay the amount in stakes as at present provided. They cannot continue to race at a loss, nor should they be compelled to do so. At the next Conference the delegates are to report as to the meetings which are to be discontinued. In the Auckland Province there will be ten less than in 1892-93, but so far no decision has been made as to which clubs will have to reduce or cease to exist. When the race meetings are reduced to the number required by the new Act there will be no cause for complaint that there is an excess of racing. I shall not trespass further upon your time, and will now conclude by saying that the officers of the club have performed their duties ably and well, and the Club are indebted to the secretary, Mr Wynyard, for his unwearied endeavours to popularise and advance the welfare of the Club.

Betting on the New Zealand Cup has been limited this week, Lottie being the only line taken to any extent. Mr Cruickshank states that the horses most enquired for have been Au Revoir and Royal Rose 8 to 1; Skirmisher, Lottie and Saracen to to 1; and Three Star, Prime Warden, Pegasus and Impulse 12 to 1.

Horseowners may be reminded that nominations for the Dunedin Cup, Publicans' Handicap, Jockey Club Handicap, Forbury Handicap and Marshall Memorial Stakes to be decided at the D.J.C. Several of the entries for the Wairarapa Hack Guineas do not give the name or breeding of the animals engaged, and at a recent meeting of the Taratahi—Carterton Racing Club stewards it was decided that all owners who had not given proper descriptions of their nominations be written to.
Unless the particulars required are furnished by

The owner of Ruenalf, the winner of the Spring Handicap run at Tattersall's Spring Meeting on September 29th had £1750 to nothing laid against him by the holder of the horse in the Sydney sweep. In the race alluded to Royal Rose finished fourth, the mile and a quarter being covered comfortably by Ruenalf in 2 min 10 sec. The Sydney correspondent of the Spertman stated prior to the race that the stable had laid half the sweep about the King Cole horse, so it is evident he was pushed for a win.

"Mazeppa" writes in no uncertain strain re
Royal Rose's New Zealand Cup prospects. My
contemporary remarks: — "Royal Rose's 71b penalty prevents me from fancying him much, and, further, though backers have supported him readily this week, he may not at the finish be the elect of the stable." The Southern writer is not a mile off in writing the foregoing.

The five-year-old Trenton horse, Ronda, was heavily backed for the A.J.C. feet, and should the affection that troubled him at Sydney disappear by Melbourne Cup time I fancy he will run a forward horse in that great event in which he has 7.12 to carry.

The late Mr Martin Loughlin was a strong opponent to the practice of buying yearling stock. His idea was that no man can judge the merits of a horse at yearling age, and right through his turf career there is only one record of a purchase made by him at a sale of youngsters. He premade by him at a sale of youngsters. He pre-ferred to wait until a horse had shown some sub-stance and then obtain him regardless of cost. Such a policy is very much open to question, and from a breeder's point of view most reprehensible

Mr A Austin is to be congratulated on his purchase of Pleasanton, the grandly-bred Elector horse that Mr Lopez imported from the States. This 2.29 trotter has breeding lines that should gain for him marked attention from breeders. He is as nice a stamp of a trotter as one would wish to see, and if blood and performances go for anything he will quickly leave an appreciable mark on the trotting tracks of this country. Pleasanton is the pick of the excellent basket of good things brought from the U.S.A.

The nominations received for the Pakuranga Hunt Club's annual race meeting number 81. Last year the entries totalled 101. The Members' Hurdle Race and the Pony Handicap show a decrease each of five nominations as compared with the 1893 figures; there are three entries less in the Open Flying, Open Hurdles, Tally-ho Steeplechase, and Bracelet; the Hunt Club Cup main is the same as last year, viz., 7; and the solitary increase occurs in connection with the Open Handicap, which has attracted two more entries than was the case last year.

A wager of £1000 to £70 was taken in Melbourne last week about Carnage's Cup chance, so that the St. Albans crack has not been displaced very much in someone's esteem by the Sydney running. Fit and well he should run a big race in the Flemington five thousand pounder; but as the Australasian writer hath it:—"Given both well on the day he will find the task of conceding' 23lb to a horse like Ruenalf a heartbreaking undertaking." And probably a record breaking affair also.

breaking undertaking." And probably a record breaking affair also.

Commenting upon the indifferent display made by Bonnie Scotla id in the A.J.C. Biennial Stakes "Terlinga" expresses his belief that Mr Gollan's colt did not show anything approaching true form in Nobleman's race. In endeavouring to account for the great reversal of form shown by Bonnie Scotland in the Stakes as compared with his Derby victory, the writer quoted remarks that his Derby victory, the writer quoted remarks that perhaps running a severe race (the Derby) when rot sufficiently fit to stand such a strain took all the steel out of the colt, and rendered him unfit to show to advantage in the Stakes. That race was run after a heavy shower of rain, which made the run atter a heavy shower of rain, which made the ground rather greasy, and the fact that Bonnie Scotland had a bad slip when making his pre-lim nary, coupled with the state of the turf, might explain the apparently extraordinary contradiction made by the running of Loyalty's bro.her. The V.R.C. Spring Meeting will give him a chance of retrieving his character.

The sale of privileges in connection with the Pakuranga Hunt Club's Meeting will take place at noon to-morrow (Friday) at Brunswick Mart.

The Leolinus mare, Leorina, and Cobweb (by ngomar-Titania) have both foaled colts to Blairgowrie, whom they revisit.

The owner of Pearl II. is not enamoured of the 9.2 awarded the mare in the Pakuranga Pony event. She was struck out of the race yesterday afternoon.

The fact that £100 to £1 was on offer this week down Wellington way against Pinrose's N.Z. Cup chance does not look as though the Hiko— Primrose gelding's prospects are very promising.

Mr S. Rawnsley is meeting with great success with Leolantis, several mares, clean and half bred, having already been booked to the son of Leolinus

With 7.10 up, half a stone over his Caulfield Cup weight, Miraculeux easily won the mile and a quarter race at the Melbourne Hunt Club meeting on Saturday last.

In the opinion of "Caller Ou," the Napier turf writer, Nixie is the pick of the Hawke's Bay N.Z. Cup candidates. If that is so the Hawke's Bay province cannot have a very brilliant chance of providing the winner of the big Christchurch race.

The cable informs us that Mr Dan O'Brien left aunceston and Response at Randwick, only taking Loyalty, Philson and Bob Ray with him to Flemington. This makes, Loyalty's Caulfield Cup mission quite plain.

Mr W. Percival intimates that the following scratchings have been lodged:—Auckland Cup and A.R.C. Handicap: Needlegun. A.R.C. Guineas: Needlegun, The Shrew, Tartan and

The handicapping in connection with the Pakuranga Hunt Club Cup has been received with marked disfavour in certain quarters. Molly Hawk's owner thinks that as Molly Hawk's best performance consists of a second place gained three year's ago at the Rangitikei Hunt Club meeting, the horse has been rather harshly treated.

A wire received from the Wellington correspondent of the REVIEW states there is a rumour abroad in this city that a popular Southern pick for the New Zealand Cup has gone wrong, "But (runs the message) the stable alluded to has another representative to fall back upon." Au Revoir and I iberator are in one stable, and so are Saracen, Prime Warden and Lady Zetland.

Malvolio, who is coming into some attention now in connection with the Melbourne Cup, was taken to Sandringbam, one of the seaside Melbourne suburbs, last week for a change. The Melbourne Cup winner of 1893 has been suffering from an ulcerated jaw, and his owner, Mr Redfearn, considered that the change of training quarters might have a beneficial effect upon the big black.

The victory scored by Nightingate in the Waverley Handicap, run on the last day of the A.J.C gathering rendered the Somnus mare liable to re-handicapping in connection with the Melbourne Cup. The V.R.C. handicapper after Melbourne Cup. The V.R.C. handicapper after reviewing her weight has, however, decided not to penalise her. In the race in question Nightingale with 8.4 in the saddle only beat The Trier and Royal Rose after a very hard fight in a 3.7\frac{1}{2}\text{run mile and three-quarters, so that the action of Mr Dakin in letting her Melbourne Cup impost remain at 7.13 can hardly be disagreed with.

The Adelaide bookmakers have been advised that the Government cannot prohibit the calling of totalisator odds, so at a recent meeting the ringmen openly announced their willingness to wager at machine prices. There will be trouble in South Australia before long if the bookmakers run their heads against the Government in the manner indicated. The layers are assured by their lawyer that as long as they issue a betting ticket specially drawn up by him the Government is powerless to prevent the offering of totalisator odds. I am curious to see one of the tickets alluded to, a sample of which should be of interest to local pencillers.

Ruenalf, who owes his name to the idiotic practice of naming youngsters after the titles of their sires spelt backwards, comes over the water as a strong Melbourne Cup fancy. A damaged shoulder makes it doubtful whether he will stand the winding up Cup gallops, and the kick given him by Royal Rose on September 29th may affect him unfavourably. The King Cole colt showed temper at the post on the date named when the field was brought together for the Spring Handi-cap run at Tattersall's Spring Meeting, and lash-ing out kicked Ruenalf inside the arm, severing a small artery which bled pretty freely. This caper of Royal Rose's did not affect the Flaneur horse in the race mentioned, for he won with the greatest ease, covering the mile and a quarter with 8.4 up in 2min 104sec. Ruenalf's owner states that after the 1892 accident, when the horse's shoulder was so badly damaged he was sent to the stud, his coverings for last year numbering 40.

The annual report of the Takapuna Jockey Club shows a net profit of £333 2s 6d, the receipts being £2912 2s 3d and the expenditure £2578 19s 9d. "This result is a pleasing contrast (says the report) to the balance-sheets of the two previous years, which in each instance showed a considerable deficiency. The cause of the year's success is owing to the club having held only two meetings as against three previously, showing that the existing restrictions re added money are neither in favour of the club nor of horse-owners. The stakes paid away club nor of horse-owners. The stakes paid away for the year amounted to £1472 ios, as against £2000 last year. Your committee are of opinion it would be best to hold the same number of meetings this year as last, as the club should endeavour to continue to advance its financial position, so that improvements and necessary public conveniences may be undertaken. The public conveniences may be unusurable. _____ course has been carefully looked after during the past season, and is now in splendid order. Your committee take this opportunity of conveying to horse-owners and the racing public their hearty appreciation of the liberal support accorded to the club, and also to the club's officers for their untiring efforts to promote the club's best interests and with such satisfactory results."

A further payment of 7 sovs is due in connection with the New Zealand Cup on Briday, October 19th. On the same day there is a 6 sov liability for the Derby Stakes, and 3 sovs each for the Welcome and Oak Stakes and Canterbury Cup.

Reconstruction, the winner of the A.J.C. Members' Handicap, holds the Australian record for a mile and a furlong with $1.55\frac{1}{4}$. Acme got within a quarter of a second of this time at Randwick, and Cerise and Blue and Rosebrook did ditto at Flemington.

The performance given by Cobbitty in the A.J.C. Members' Handicap, in which he gave the winner 20lbs and ran him to a neck in a 1min 55½ sec nine furlong go, should inspire his party with confidence next Saturday when the numbers go up for the Caulfield Guineas.

At a special general meeting of the Canterbury Jockey Club held on Tuesday the following resolution was carried:—"That the C.J.C. having in view the promotion of true and honest sport, heartily concurs in the proposal to establish a New Zealand Jockey Club for the regulation of horse racing, and a court of appeal in all important questions of dispute or dispute for the regulation. questions of dispute or disqualification."

When Mutiny and Grandwing reached the last fence in the Second A.J.C. Steeplechase, and Grandwing refused to jump, Mr Douglas' horse struck the timber heavily, but thanks to a miraculous recovery by George Hope, the Hawke's Bay horse kept on his legs. Hope was warmly supplyed by the Sydneysiders for his clever applauded by the Sydney-siders for his clever horsemanship.

When the horses were going to the post for the Members' Handicap at the A.J.C. Spring meeting, a couple of stewards called Ellis back, and told him that they heard he was going to deal with Cobbity. They told him "a man" had informed them, but would give no name. If the stewards knew their business they would have brought Ellis up before his accuser, and thus give the lad an opportunity to clear himself. Some are born to greatness, others have greatness and bad champagne thrust upon them.—Truth.

They say that Havoc will represent the St. Albans stable in the Caulfield Cup; but what of Steadfast of whom we have heard nothing of late He was right out of form after the defeat he inflicted on Marvel at w.f.a. in the Canterbury Plate of two miles; but when the last V.R.C. Grand National Meeting came on he romped over a more than fairish field in the Winter Handicap, a more than fairs in filed in the Winter Handicap, the distance of which (a mile and a quarter) was left behind in 2.11½. And onlookers say that although his weight was only 7.8 he won with about a stone in hand. Fit and well this gelded son of Nordenfeldt and Nelly Moore should be son of Nordenfeldt and Nelly Moore should be able to make things lively over the Caulfield Cup distance, in which race he is weighted at 7.6 (including a 3lb-penalty). No, Havoc may be the Caulfield representative if recent occurrences be any guide; but for all that, the St. Albans Melbourne and Caulfield double effort will, in all probability, prove to be Havoc and Steadfast. Holders of such a double may be advised to hold on to it.

Chesterman has come into strong favour locally for the Melbourne Cup on the strength of his Randwick Plate record. In connection with this, punters may be reminded that the winner of the A.J.C. Plate has never succeeded in carrying off the big Flemington two-mile event in the same year. Chester and Calamia are the only horses that have ever annexed this double. The first-named won the Melbourne Cup as a three-year-old in 1877 and the Randwick w.f.a. three-mile event the following year, and Calamia scored in the Plate in 1876 and carried off the big Flemington prize two years later. Many a great racer has scored in the three-mile Plate only to be unsuccessful in the Cup, but at the same time it must be remembered that the Plate winners I have in mind never had the good fortune to be in the Cup at 6.8. At that weight however Chesterman will be ridden by a boy, weight however Chesterman will be fidden by aboy, and such guidance may be a very different matter in the nerve-trying bustle of a Melbourne Cup with a big field engaged to a Randwick Plate with only 3 contestants. Last year the "J. B. Clark" stable pulled off the A. J. C. three-mile race with Camoola but the Melbourne Cup was denied them, and the same experience may be their fate this year.

Speaking re the Tim Swiveller incident which

Speaking re the Tim Swiveller incident which occurred in connection with last year's Caulfield Cup, Mr James Grice, the Chairman of V.A.T.C. annual meeting, remarked that the stewards had noticed that Tim Swiveller did not get a good start. He wore down one horse after another, beat Sainfoin, and though he collided with Oride and outstand wor the race in the last with Oxide, undoubtedly won the race in the last 100 yards. One of the committee men, Mr A. Miller expressed himself strongly re this matter. In his opinion Tim Swiveller should have been awarded the race, for though he collided with Oxide, he never interfered in the slightest with Sainfoin, to whom the race had been given. The V.R.C. had, he considered, insulted the V.A.T.C. authorities by neglecting to confer with the latter regarding the new evidence on which the governing body had judged it expedient to disqualify Tim Swiveller. While the V.A.T.C. had refused to award the race to a horse that could not have won on his merits, the V.R.C. had taken it from the animal that did win on his merits and given it to a horse that could not have so won. The utterances given vent to at the meeting by Mr Davis the owner of Tim Swiveller, were anything but milk and watery. The principle which admitted of a decision on a question of fact being reversed was in his opinion most pernicious. Such a step would never obtain the sanction of the English Jockey Club, which body had consistently refused to hear an appeal on a question of fact. The influence of such a procedure was "far reaching and subtle, and one could not tell where it might end." The speaker contended that the action of the V.R.C. committee was held as bad in all parts of Australia. One gentleman, he declared, had said to him, "Davis, they robbed you of that An interjection by a member of the club that Tim Swiveller's owner was going too far added fuel to Mr Davis' wrath and brought from him the following statement; - "I repeat that from Cape Howe to Port Fairy and from Port Phillip to the Murray there is but one opinion, viz, that it was a swindle that should not have been perpetrated."

in future there shall be no betting at totalisator odds in this city, and a feature in connection with this matter that may have escaped backers' notice is this. If one backs a horse in connection with a Southern meeting and the horse does not start the bet stands. Starting price wagers do not give a start in, as was the case in connection with the old system of totalisator odds betting.

The Queensland Parliament has cancelled the notice published in the Government Gazette by the Postmaster-General to the effect that letters addressed to sweep promoters would not be delivered on or after January 1st, 1895. During the carriage of the motion cancelling the attempted extinction of Tattersall's and others of that ilk, certain significant remarks re the introduction at an early date of a comprehensive Betting Bill were made by ministers of the Crown.

Paris, Atlas, Brockleigh, Isaac, Nobleman, Loyalty, Response, Bob Ray, Cravat, Miss Nora, Lady Trenton, Novelette and Aelous left Sydney for Melbourne last week to prepare for the approaching V.A.T.C. and V.R.C. Spring campaign. Paris and Lady Trenton should run well in the Caulfield Cup, and though the former has 10lb more than the impost he successfully carried in 1892 his chance cannot be considered an indifferent one. The fact of his owner undertaking the Victorian trip in spite of the defeat inflicted on him in the Metropolitan by Projectile and Lady Trenton argues that Mrs White's representative has been improved by the Sydney galloping.

We often hear stories of people disguising themselves for the purpose of backing horses (writes the Australasian). An instance of this actually occurred at a registered meeting quite recently. A man had a moral for the Trot, and did not care to entrust the backing of it to any one else. The horse was unknown, but the owner was as familiar to the trotting fraternity as Albaugh or Will Whithurn. A disguise was the owner was as familiar to the trotting fraternity as Albaugh or Will Whitburn. A disguise was the only thing. Accordingly the man with the moral went to Mr J. Graham, the well-known wig maker in the Block, explained his predicament, and was fitted out with a wig and beard which altered him beyond recognition. The properties were taken on hire, and so satisfied was their owner that the mysterious gentleman had a good thing that he gave him 2s 6d of the money charged for the loan of the disguise, and asked him to put it on for him. The "make-up" served its purpose most effectively. Beginning at outside prices effectively. Beginning at outside prices the "old man with the beard" backed his horse down to 3 to 1, and he won as he liked. On the Monday he returned the proper exhibited to their owner a fine fat roll of notes which had been gathered in over the race. Book-makers who dabble in trots will look out for old men with beards for the next few meetings.

The Australian papers are lavish in their approbation of Gray's starting machine, which was used with such marked success at the A.J.C. Spring Meeting. The Australian Star writes:

"A feature of the meeting was the introduction of the starting machine to Randwick racegoers, and it must be acknowledged that Gray's apparatus answered all requirements. So much so in fact, that the authorities are credited with haaving given the inventor permission to erect additional machines at different startiug places, consequently it may be assumed ing places, consequently it may be assumed that the instrument is a permanency. The races operated upon by the invention were the Derby and Spring Stakes. In both events the fields were despatched without a moment's delay, and as one horse." The Daily Telegraph, in its report of Tattersall's Meeting, remarks:— "Gray's starting machine was used to dispatch Tramway Handicap and Flying Welter fields with, and in both cases the results were admirable, while in the others the starts were only effected after some delay." Sydney Truth writes:-" Looking back into the dim past of horse racing in Australia, and remembering the thousands of times that bad starting has spoiled faces, it is no wonder that all conditions of sporting men hail with pleasure the advent of the starting machine. Horse and ponyowners, trainers and jockeys are unstinted in their expressions of approval of the machine."

Three Cheers' nomination in connection with the Wellington Trotting Club's Spring meeting (held yesterday) arrived too late to be accepted. Weights for the Wanganui Spring meeting to

be held on the 18th and 19th inst. are due to-day. Acceptances are timed for the 15th inst.

I regret to learn from Wellington that Mr Joseph Poole, the well-known Wanganui book-maker, has suffered a relapse and has returned to Wellington.

St. Clements had the bad luck to be cast in his box recently, but I am glad to say the big brown has quite recovered from the effects of his mishap.

The Takapuna Jockey Club was desirous of holding its Spring meeting without the totalisator, but the pencillers declined to supply the £100 required by the Shore racing authorities. The members of Tattersall's were willing to pay \$5 5s per man, £73 in all, but declined to raise their bid to £100. The T.J.C. has so far failed to see its way clear to accept the reduced figure so that the deal is off.

The fast time made by Chesterman in the Randwick Plate is accounted for by Light Artillery cutting out the first two miles at such a solid pace. The times taken during the contest solid pace. The times taken during the contest were as follows:—1st mile, Imin 51sec; 2nd mile, 1min $44\frac{3}{4}$ sec; and the last, 1min $49\frac{1}{4}$ secs. The last two miles were run by Chesterman under 3min 34sec.

The secretary of the Amateur Athletic Club was asked prior to the Avondale Jockey Club Committee fixing on November 24th as the date of their Spring Meeting, whether his club had any intention of holding its gathering on that day. The secretary of the A.A. Club assured the Avondale Jockey Club people that the date mentioned would not clash with the arrangements of his committee, yet after the Avondale programme for Nov. 24 has been advertised for three weeks the athletic people calmly fix on the date which their secretary stated would not be required. No doubt the two gatherings will not clash very much, but it was hardly courteous on the part of the A.A. secretary to make one arrangement with the racing club and a totally different one with the com mittee of his own organisation.

FITZGERALD BROS.' CIRCUS.

ALTHOUGH the tented show over which the Fitzgerald Brothers hold sway only arrived by the Talune on Tuesday last, everything was in readiness for opening the show the same evening as advertised. One is apt to wonder how these travelling concerns are so quickly shaken into position, but how it is done concerns us little so long as their mushroom-like growth does not carry with it a want of completeness in the various "acts" for which we pay admission money. Certainly no charge of incomplete preparation was noticeable in connection with Tuesday's show, which may unhesitatingly be described as one of the best circus entertainments ever pitched in New Zealand. The performers are all at the head of their different "lines," no effort is spared by the management to study the comfort of patrons or ensure a rapid and exciting bill of fare, and the menagerie attached to the show includes many animals seldom seen in old world circus organisations. The horse training acts of Mr Dan Fitzgerald and Mr W. E. Jones are most interesting pieces of evidence as to how far the training of intelligent equines can be carried and in the matter of equestrians the show may fairly claim to possess a strong hand. The "modern Daniel," Capt. Graham, gives a daring and decidedly interesting exhibition of lion taming, entering the den of the Kings of the Forest in a manner that reflects great credit on either his nerve or the good sense of the animals. They might chew him up, but, to their credit be it said, they content themselves by giving vent to hoarse remarks which may or may not convey sentiments of the most bloodthirsty description. While the lions confine themselves to remarks only, the act" will remain a most interesting one. When those remarks turn to acts it will be more interesting than ever. The circus only remains with us until the end of the week, Saturday being announced as the date of the closing performance. On that day a martinee will be given.

THE Fillis' Circus Company have quitted Australia for a South African tour.

THE third concert of the series arranged by the Auckland Orchestral Union and Auckland Liedertafel, will be given to-night in the Choral Hall. The programme to be presented is a decidedly good one, and should ensure a large audience.

MESSRS. Thornton and Arnold have parted company as I see by the last Australian files to hand that the "Taylor -Arnold" combination's production of "Captain Fritz" followed "The Private Secretary" at Sydney Criterion on September 29th. Mr Thornton has arranged to return Home, his wife being ill.

MISS HENRIETTA WATSON, who since her arrival in Australia with the Bernard-Beere Company has been so successful on the other side, and whose departure for England evoked a shoal of Press notices lauding her ability and regretting her flight for Home, will return to this side of the world after a short stay in the old country. Miss Watson returns to England for the purpose of visiting her mother and, after a brief holiday will return to the Australian stage on which she is a strong and well deserved favorite.

THE champion piano thrasher is located in Rome, where he recently won a wager by playing uninterruptedly for twenty-five hours at a stretch. After accom-plishing this piece of hard labour (which must have been as hard on the auditors as the performer) the pianist wagered one thousand lire that he could go on playing then and there for six hours longer without one minute's repose. The wager was covered and the player again proved victorious. The Rome corres pondent of the London Telegraph who tells of this Vandal writes that the player's hands were sadly swollen and disfigured after the call of "time," and that "one of the gentlemen who stayed up the first night and part of the next day (presumably to watch over the conditions of the wager) is now confined to his bed." After listening to a piano for twenty-five odd hours the drums of his ears should be, like the hands of the player, "sadly swollen and disfigured,"

CLUB.

MR ALLAN HAMILTON, who was here with the Myra Kennedy Comedy Company, has issued a writ against the Central Standard, a Brisbane publication, claiming £1000 damages for alleged libel.

THE Musical Festival proved a huge success (wires my Wellington correspondent), the Opera House being packed every night. Mr A. H. Gee's singing created a perfect furore. It is probable that another festival will be held here during Xmas week.

MISS PATTLE BROWNE, the clever young actress who was the apple of the Australian theatre-goers' eye prior to her departure for England scored a signal success in a piece called "The Derby Winner," produced recently at Drury Lane. Sir Augustus Harris has engaged Miss Pattie for his Christmas pantomine.

The Prevention of Cruelty to Children Act that came into force in England on August 20th provides that no child under the age of eleven years may perform for profit anywhere save in buildings duly licensed for public entertainment and then only upon the permission of the local authorities. AFTER somewhat of a fiasco in the matter of judging at the show held in November last, the club raised every one's hopes by importing a gentleman from Australia in the shape of Mr Coupe to act as judge of the show just closed. Although Mr Coupe's advent was heralded with considerable réclame the results of his performance can scarcely be deemed satisfactory. Doubtless the task he undertook -compared to which the labours of Hercules were a mere trifle-was more than any man could possibly achieve under the conditions. To satisfactorily -judge upwards of 240 animals in about 180 minutes (i.e., about three-quarters of a minute to each) is manifestly beyond the capacity of any one man even supposing that a rara avis in the shape of a competent and impartial judge of all classes with sufficient backbone to resist the influences which so frequently are brought to bear by interested breeders, has been secured. The judge in the present instance had at his elbow as chief steward the judge who officiated at the last show, a circumstance which gave occasion to strong comments, and which, to say the least, was in extremely bad taste. Undoubtedly no one man should be entrusted with the judging of all classes of dogs. To know one breed thoroughly requires much study and experience; to be au fait in all the points of say three breeds is practically as much as any one man can pretend to master in half a lifetime. Mr Coupe does not appear to the stifles not turned outwards. The elbows

have escaped severe criticism in his own country. The Melbourne Sportsman in a recent issue devotes some space to a controversy on the subject of his judgcontroversy on the subject of his judgment of spaniels in which Mr Coupe is cruelly demolished. The Melbourne Sportsman says:—"I will content myself with affording Mr Coupe another opportunity of explaining 'for the benefit of beginners' why he placed a dog of the aristocratic name of Bob in a cocker class and also decorated him with another class and also decorated him with another

card in a field class in the same show and within the same hour." Taking one breed, the fox terrier-in

which the writer claims to be an expert

—and leaving the other breeds to be dealt with by those who have made a special study of them, it is difficult to see how the judge can reconcile his awards with the standard points recognised at home and by all persons who know what a good fox-terrier is. Let us glance at the three dogs awarded prizes in the Open Class. Pincher, the dog placed first, is too big, weighing over 20lbs; has the head of a greyhound without any perceptible stop; his ears are far too thick and the points too round; his eyes are much too large and prominent; his feet are big and clumsy, and his legs are elephantine and coarse at the ancle; his chest is far too broad in proportion to its depth; his coat is much too long and soft, and he by no means realises the ideal notion of a good fox-terrier in symmetry as compared with a fox hound or cleverly made hunter. Vasilie, the dog placed second—it is said that but for lameness he would have had first placeshows no substance or muscle, and is merely a lady's lap dog. His ears are also much too thick and round at the points, and his eyes too large and prominent. He also fails signally to fulfil the require-ments of coat, his hair being long in staple and standing up instead of lying flat. Koko, the third prize dog, while not perfect, is twentyper cent. nearer the imaginary 100 standard than either. He has two defects in head only, viz., the head might be flatter, and the nose shows a flesh coloured patch. His feet are somewhat long in the toe, but are far better than those of either the two dogs above mentioned. In coat, symmetry, legs, size, weight and carriage it would be difficult to find a fault. After Mr Coupe's extraordinary award, made it must be admitted in too short a space (six minutes) to allow him to take note of the standard points and allot an estimate of each, breeders will indeed be

making a really good show-dog than Mr Coupe's extraordinary "living models." Head.—The skull should be flat, moderately narrow, and gradually decreasing in width to the eyes. Not much "stop" should be apparent, but there should be more dip between the forehead and the top jaw than is seen in the case of a greyhound. The cheeks must not be full. The ears should be V shaped and small, of moderate thickness, and drooping forward close to the cheek, not hanging by the side of the head like a fox-hound's. The jaw, upper and under, should be strong and muscular. Should be of fair punishing strength, but not so as in any way to resemble the greyhound or modern English terrier. There should not be much falling away below the eyes. This part of the head should, however, be Head.—The skull should be flat, moderately This part of the head should, however, be moderately chiselled out, so as not to go down in a straight slope like a wedge. The nose, towards which the muzzle must gradually taper, should be black. The eyes should be dark in colour, small, and rather deep set, full of fire, life and intelligence—as nearly as possible circular in shape. The teeth should be as nearly as possible level i.e., the upper teeth on the outside of the lower

puzzled to know what model they are to

aim at in the shape of good fox terriers.

Are they to breed copies of the winning

dog? Heaven forbid! It may be men-

tioned that another dog of entirely greater

merit than either of the first two was not

even honored with a second glance.

Subjoined are the latest standard points

of the London Fox Terrier Club, which

may perhaps give breeders a better idea

of the requisites which go towards

Neck should be clean and muscular, without throatness, of fair length, and gradually widening to the shoulders.

Shoulders should be long and sloping, well laid back, fine at the points, and clearly cut at the Chest deep and not broad.

Back should be short, straight and strong, with no appearance of slackness.

Loin should be powerful and very slightly arched. The fore ribs should be moderately arched, the back ribs deep; and the dog should

be well ribbed up.

Hind quarters should be strong and muscular, quite free from droop or crouch; the thighs long and powerful; hocks near the ground, the dog standing well up in them like a Foxhound, and

not straight on the stiffe.

Stern should be set on rather high, and carried gaily, but not over the back or curled. It should be of good strength, anything approaching a "pipe-stopper" tail being especially objectionable.

Legs viewed in any direction must be straight, little or no appearance of ankle in front. They should be strong in bone throughout, short and straight in pastern. Both fore and hind legs should be carried straight forward in travelling,

should hang perpendicularly to the body, working free of the sides.

Feet should be round, compact, and not large. The toes moderately

The soles hard and tough. The toes moderately arched, and turned neither in nor out.

Coat should be straight, flat, smooth, hard, dense, and abundant. The belly and under side of the thighs should not be bare.

Colour—white should predominate; brindle, red, or liver markings are objectionable. Otherwise this point is of little importance.

Symmetry, Size and Character.—The dog must present a gay, lively, and active appearance; bone

and strength in a small compass are essentials; but this must not be taken to mean that a Fox-terrier should be cloddy, or in any way course Speed and endurance must be looked to as well as power, and the symmetry of the Foxhound taken as a model. The terrier must on no account be leggy, or must he be too short in the leg. He should stand like a cleverly-made hunter, covering a lot of ground, yet with a short back as before stated. He will then attain the highest degree of propelling power, together with the greatest length of stride that is compatible with the length of his body. Weight is not a certain criterion of a terrier's fitness for his work—general shape, size and contour are the chief points; and if a dog can gallop, and stay, and follow his fox up a drain, it matters little what his weight is to a pound or so though, roughly speaking, it may be said he should not scale over 20lb, show condition.

Racing stewards are (remarks a Queensland Sportman writer) nearly as easily satisfied at Randwick as at Eagle Farm, which, in the provinces, goes by the name of Liberty Hall.

PLISPOLIT.

The late Mr Martin Loughlin.

THE late Mr Martin Loughlin, who died at Ballarat recently from creeping paralysis (writes our Melbourne correspondent), had been ailing for a considerable time, and for some months his illness caused anxiety to his friends. Deceased's brother arrived recently to take him back to his native city in the Old Country, but he was too ill to leave Ballarat. Mr Loughlin was a native of Castlewarren, Klikenny, and from what can be gathered of his career, he was as a lad engaged in agricultural pursuits, his father being a farmer. Subsequently, however, he learnt the baking trade. In 1854, he, with others, was seized with the mining fever and set out to try his luck in Australia. He was engaged for some time in seeking for gold with fair success, but afterwards worked as miner in the celebrated Egerton and Great Redan Extended and other mines. In the Great Extended he held a half share, and when the famous Band of Hope Company was formed he became possessed of a large interest in the mine, which turned out some twenty tons of gold. His large profits enabled him to spend sums in the development of the mining industry in the Stawell and other localities. Everything he touched appeared to turn to gold, as the saying goes. He formed one of a syndicate that purchased the Egerton mine for £13,000 from Mr Learmonth, and each member afterwards received £80,000 on their outlay. Their large profits, however, were considerably diminished in an action at law brought by the former proprietor of the mine, and which they had to defend. This they did successfully after a protracted trial. Mr Loughlin started horse racing in a small way at first, running animals at country meetings, owning Blueskin in 1870. It was not until seven years after, however, that he began to be visited with great success. It was then that he got the late Tommy Corrigan to ride for him, when he possessed the old grey Lone Hand who was previously known as Partner. He won the steeple at Geelong, had a win at Flemington in the spring of '77, and won there again in '79 with 13.6 up. King Harry won a few good races for him over hurdles and on the flat. He appropriated the V.R.C. Autumn Hurdles in 1878, V.R.C. Spring Hurdles in 1879, and then the Geelong and Hobart Cups. In 1880 and 1881 Mr Loughlin was in the height of his success. With Sir Peter he won both the Autumn and Spring Hurdle Races at Flemington, the Autumn Steeple with Twilight in 1880. Handy Andy won the V.R.C. Maiden Hurdles, while Twilight again won the Autumn Steeple, and ran second to Sussex in the Grand National Steeple. Then there was Left Bower, a horse Tommy Corrigan thought equal to Lone Hand. He won the Hurdles and Steeple at Warnambool in 1879, and the Caulfield Grand National Steeple in 1882. In 1885 the green and white stripes were carried to victory in the Melbourne Cup by Sheet Anchor, whose son, Capstan, is the present favourite for the Caulfield Cup. What a great race it was, to be sure! Mick O'Brien had to ride all he knew to get Sheet Anchor home by a head from Grace Darling, Dan O'Brien's Trenton being close up third. Grace Darling had previously won the Caulfield Cup, and that was the year Nordenfeldt won the Derby. Mr Loughlin backed his horse, who had previously been put over small sticks, for £25,000 and he gave £2500 to local charities. A few months previously he had won the V.R.C. Grand National Steeple with Wymlet, who hit nearly every fence, with Corrigan up, and he only kept on by a great exhibition of horsemanship. In 1886 the green and white stripes were once again in evidence, Sheet Anchor winning the Bagot Handicap, and Game the V.R.C. and Caulfield Grand National Steeplechases. This horse was one of the best of the famous Panic family. Among other good performers owned by the deceased sportsman was Oakleigh (Rhoode —Adela), who won the Caulfield Cup in 1887, the V.R.C. Bagot Handicap in 1888, and the V.R.C. Handicap in 1889, Mr Loughlin never bought yearlings, and his name does not figure in connection with produce and juvenile stakes races. He was a good judge of a horse, loved the sport for the pleasure it gave him, thought a terrible lot of Tommy Corrigan, and when his untimely death was broken to him the other day he was inexpressibly grieved. Deceased owned large areas of land (most of which is

was computed at £350,000, but the smashing of the banks, in nearly all of which he was a large shareholder (especially the Commercial Bank), caused him heavy losses. Then he held 800 Melbourne tramway shares, which depreciated in value, and the stock remained on his hands. So it was with his silver investments. However, roughly speaking, he died worth about £250,000. He was the embodiment of everything that was kind and charitable, and in his time he helped many a poor soul who felt the pinch of poverty. He contributed large sums to all public movements likely to be beneficial, and used to instruct his secre tary, Mr Acheson, J.P., to distribute £250 among charities every Christmas-It is said that the amount he spent in charity would, if totalled, tot up to about £20,000. Deceased was 61 years of age, was unmarried, but leaves a brother and two or three nephews, two of whom are in the old country. The Rev. Dr. Moore, Bishop of Ballarat, attended the deceased gentleman in his last moments. He left a bequest to the Catholic Church of Ballarat of £5000, and sums to other institutions.

Meeting of Country Delegates.

An important meeting of delegates representing country racing clubs was held at Marton on Monday, 24th ult., Mr J. G. Wilson, M.H.R. (convener) in the chair. The following gentlemen were present:—Messrs D. Pringle and H. H. Hankins, Manawatu Racing Club; E. Goodbehere and A. Bell, Feilding K.C; . W. Maclean, Rangitikei R.C.; J. R. McMillan, Foxton R.C.; D. G. Riddiford, J. M. Johnston, and J. P. Leth-bridge, Rangitikei Hunt Club; W. Wilson, Waverley R.C.; T. T. Watt and Dr. Skerman, Marton J.C.; J. Coyle, Sandon Hack R.C.; J. Cotter, Ashurst-Pohangina Hack R.C.; G. Morse, Warrengate Hack Racing Club.

The claims of the various clubs were heard seriatim, and the decision arrived at reducing the number of meetings appearing in last week's REVIEW.

During the meeting the Chairman stated that he thought an alteration in the election of members of the Metropolitan committee was unnecessary. He thought that the country clubs Should be entitled to seven members and the Metropolitan Club to six members.

It was resolved that Mr Wilson, as delegate to the Conference, be requested to move in the above direction.

Mr C. W. Maclean moved, "That a New Zealand Jockey Club be formed, irrespective of those clubs not joining, which shall consist of five members, and that each Metropolitan committee (provided it is formed in terms of the last resolution) have the right of voting for five gentlemen as members" Seconded by Mr W. Wilson and carried.

Resolved, "That this coast is entitled to another delegate at the Racing Conference, and that it be a direction to the Metropolitan club to appoint

The Chairman informed the meeting that the delegates from Otago to the Conference had stated that perhaps they (Otago) would be able to reduce their meetings by more than the numbere required by the Conference, in which case perhaps one day more would be allowed to this district.

It was decided that if that was the case the matter of determining which club should have the meeting be left with the Metropolitan club.

This having concluded the business, the chairman thanked the delegates for their attendance, and the meeting adjourned.

The following table shows the allocation of race meetings for the various clubs as recommended at the meeting: -Wanganui 3, Manawatu 2, Feilding 1, Foxton 1, Sandon 1, Ashurst o, Rangitikei 1, Marton 1, Rangitikei Hunt 1, Turakina 0, Warrengate 1, Waverley 1. Total, 13.

Atlantis, by Thormanby.

HANDSOME JACK (foaled 1890) was bred at Sylvia Park. Having met with an accident while training, he was never raced; but was very highly thought of and tried to be a horse of great promise. It is seldom that such a well-bred young stallion is ever offered for public service, and breeders would do well to inspect before going elsewhere.

Fee: Five Guineas. Groomage, 2s. 6d. Half-bred mares and ponies as per arrangement.

The Thoroughbred Horse

"EROS."

Eros is a beautiful bright bay, with black points, standing 16.1 high, and full of quality, and the possessor of a splendid temper. He is the only son left in New Zealand of that wonderful mare Idelia, who produced Betrayer, Liverpool, Fair Nell, and Sir Modred and Cheviot, who are now the champion sires of America. One of Sir Modred's get brought £340 at the recent sale of the Rancho del Paso yearlings.

Idalia, the dam of Eros, 22 a brood mare, is well worthy to take rank with the famous old-time mares Penelope, dam of Whalebome and Whisker, or of the Alexander Mare, dam of Setim Reubens and Castrel, or of the more recent but equally celebrated Pocahontas, dam of Stockwell, Rataplan and King Tom; for, like these celebrated English matrons, Idalia's sons have already become known far and wide by their phenomenal success as stud horses in America, where Sir Modred and Cheviot are now located.

Yattendon, the sire of St. George, who sired Eros, was also sire of Grand Flaneur, a horse that never suffered defeat, and winner of all the great three-year-old events, beside Champion and Melbourne Cup. Amongst numerous other of Yattendon's stock, mention need only be made of Lady Emma and Yatterina, whose performances in New Zealand are too well known to mention.

Cambuscan, sire of Idalia, was also sire of the celebrated Hungarian mare Kincsem, who won 54 races, and never suffered defeat.

Studmasters with Traducer blood to breed from should take particular note of the success of this nick in the

surfered defeat.

Studmasters with Traducer blood to breed from should take particular note of the success of this nick in the Idalia family and breed accordingly.

TIO STAND THE SEASON

AT WAPITI, EPSOM.

The thoroughbred horse THE WORKMAN.

By Robinson Crusoe-The Maid.

Major F. N. George's well-known bay horse will serve a limited number of mares at Wapiti, Epsom, this season. The breeding of The Workman should gain him a high place in breeders' favour, and whether the quality of his forerunners was transmitted to him may be guaged by the performances standing to his credit. As is well known, it was only through a mishap that he was prevented from adding to his list the last Auckland Cup (won by his stable companion Pegasus).

The Workman's victories include the following:—A.R.C. Welcome Stakes, 5 furlongs, 8.5, in 1m 5 4.5s; V.R.C. Farewell Handicap, one mile, 8.1, in 1m 41½s (beating The Harbour Light, Fortunatus, &c.); C.J.C. Handicap, 1 mile, with 8.3, in 1m 41½s, beating Aldershot, Thame, &c.; C.J.C. Electric Plate, w.f.a., 4 furlongs, with 9.1, in 49½s, beating Roseguard, Rebellion and others; A.R.C. Newmarket Handicap, 6 furlongs, 9.0, in 1m 18½s (beating St. Clements, Lottie, &c.); A.R.C. Victoria Handicap, 7 furlongs, 9.5, in 1m 35s. He also ran second to Loyalty in the First C.J.C. Challenge Stakes, 6 furlongs, carrying 9.0, the winner cutting out the distance in 1m 14s.

THOROUGHBRED STALLIONS

Will stand at Wellington Park:—

CASTOR (imp.) by Zealot (son of the famous English sire Hermit, winner of the Derby, 1887, out of Lady Yardley, by the great Sterling (sire of Isonomy—said to be the greatest rucehorse of his day). Castor was a great performer at all weights and distances, winning 22 races out of 28 starts. Of the five descendents of Castor that have raced, not one has finished unplaced. Castor's first gets have all shown ability on the Turf. His three-year-old son, Three Star, has the following record for his two-year-old running:—A.R.C. Summer: won Great Northern Foal Stakes, 6 furlongs, 8.10, in 1.19½, Nixie 8.5 second, Doris 8.5 third; second in Midsummer Handicap, 5 furlongs, 9.0, won by Nixie 8.7. A.R.C. Autumn: won Northern Champagne Stakes, 6 furlongs, 9.3, Grenadier, 8.10 second, Anniversary 8.8 third. The Castor—Veneration filly Ivy won the Wanganui J.C.'s Nursery Handicap, 5 furlongs, with 7.4 in 1.19. His colt out of Bangle, Casket, finished second in the Marshall Memorial Stakes of 6 furlongs, with 7.4 in 1.19. His colt out of Bangle, Casket, finished second in the Marshall Memorial Stakes of 6 furlongs at the D.J.C. Autumn Meeting, won by Forbury, and also ran a second with 8.10 in the Champagne Stakes, won by Bluefire 8.8. His Necklace filly, Collarette, ran second to Patroness at level weights in the A.J.C. Two-year-old Maiden Stakes, and on the third day of the meeting she beat Patroness and similar company to that which met her on the first day, winning the 6 furlong Nursery Handicap in Im 164s.

CUIRASSIER, by Musket (imp.)—Frailty, by Goldsbrough—Flora McIvor, by New Warrior (imp.)—Io, by Sir Hercules. Cuirassier is full brother to that successful sire Trenton, who in his first season in Australia has sired Ronda (second in Melbourne Cup), Delaware, Etra-Weenie (winner of the Maribyrnong Plate and V.R.C. Oaks), Gaillardia, Lady Trenton, Light Artillery (one of the best two-year-olds of the pest season)—all good winners. Cuirassier himself ran second to

very promising.

ST. LEGER (imp.), by Doncaster (Derby winner) out of Atlantis, by Thormanby (Derby winner)—Hurricane (One Thousand winner), by Wild Dayrell (Derby winner). St. Leger was second on the list as a winner-producing sire for 1891-92, and was at the top of the tree for the season of 1892-93, with 14 winners of £5,250 78 6d. He was second for last season. He is sire of 8t. Hippo, winner of the Hawke's Bay Guineas and Spring Handicap, New Zealand Cup in fastest time on record, Auckland Cup, Auckland Plate, and Great Northern Derby; and sire of other big winners, such as Clanranald, Hippomenes, St. Andrew, St. Clements, Impulse, St. Anthony, Marquis of Tewkesbury, Town Moor, St. Kilda, St. Patrick, Ben Godfrey. Terms: 30 guineas for single mares; 25 guineas for two or more mares belonging to the same owner. Only 15 more subscriptions to 8t. Leger are now open. are now open.

HOTCHKISS, by Musket (imp.)- Petroleuse (imp.), yo Oxford—Hartshorn, by Mountain Deer. Hotchkiss' alf-sister Leonessa is dam of Westmere, who was well up in the list of winning two-year-olds. Hotchkiss will be limited to 10 mares besides his owners. Terms: 20 buineas a mare.

Grazing at 2s 6d per week. Every care taken, but no responsibility incurred. Further particulars may be obtained from

Blairgowrie's performances are as under:—As a twoyear-old at Sydney Turf Club: Won Sapling Stakes,
mile, 8.0, time 51½s. V.R.C. Meeting: third to Acme and
Madelina, Maribyrnong Plate, 5 furlongs, 1.4½; won
Flying Stakes, beating Madeline and Acme, 3 mile; third
in December Stakes, 5 furlongs, 9.1, time 1.3; second in
Ascot Vale Stakes, 5 furlongs, 8.10; time 1.15; second
first Foal Stakes, 8 ol., Volcano first, 8.2, 6 furlongs, 1.14;
At three years: Secondin A.J.C. Derby, won by Trident,
238 (fastest ever been run); second to Trident in the
Champion Race, V.R.C., 3 miles; and second to Abner
in Doncaster Handicap, A.J.C.
It will therefore be seen that his performances are first
rate at all distances and under big weights, and being a
change of blood in this colony, and coming from a good
racing family (Vespasian being a first-class performer in
England under big weights) ought to be everything that
is desired to beget racehorses.

At the Bourke Meeting in May three of his get were
first, second and third in the Mares' Produce Stakes.
He is also the sire of Caroline, the winner of the Sires'
Produce Stakes on the second day.
Terms: Thoroughbred Mares, 10 guineas; two or more,
