NOTES.

The recently-made match for 10,000 dollars aside, between John R. Gentry and Guinette, the most notable from a money standpoint in recent years, has (says The Horseman) brought to light the recollections of an old horseman regarding the match race, in 1859, between Princess and Glencoe Chief, which took place in San Francisco. Cal. March 2, and was to waggon, distance ten miles. Princess was taken to the coast especially to make the match, and she had no trouble in defeating her rival in 29min 10 sec, and the defeating her rival in 29min loyee, and the stakes, amounting to 36,000dols, were paid to her manager, Tames C. Hoff. A second match was arranged between the pair, same distance, for 5000 dollars a side, Princess again winning. This race took place the day following the first race, and it is very doubtful if an owner of a pacer or trotter in the front rank would now send his horse in two hard engagements on successive days at any distance, much less ten mile races.

American sportsmen, who do not find the horse fast enough, now propose (The Daily Chronicle says) to utilise the antelope as a "trotter." One of these animals is being broken into barness to run in a "sulky," and has lately given evidence that it will be able to break the world's record of mile in 1min 35; sec. The Australians should endeavor to go one better than our Yankes friends. Why not train an emu to do the trick? A kangaroo would probably put up the record, especially if there was a dog in the sulky, but then his gait might be objected to.

We call the following from the Sydney Bulletis —A Maoriland clergyman, struck with the "coincidence," racing theory, gave a discreet member of his flock a fiver to back a trotter beartrig his name at a wayside country show. The needy paid the "limit," but bookie disappeared.

The saint and the sinner!

Big dividends sometimes occur in trotting in France. A paragraph from an exchange says:— Kate Caffrey's victory was so little expected that she brought 108dol for Idol at the pari-mutuel.

A RINGING IN BILL

A Bill has been recently passed by the Legislature in the State of New York which is of the utmost importance in the principle that it recognises, namely, the advisableness of securing State nises, namely, the advisableness of securing State sessistance to prevent what are essentially turn misdemicanours.—The Bill referred to make fringing in an offence punishable by law, and bringing with it the very severest penalties. In view of the fact that other countries, including New Zealand, may some day deem it wise to bring forward such a measure, it is well to publish the full text of the Bill, which is as follows:—(1) Any purse, prize, premium, stake or sweepstake any purse, prize, premium, stake or sweepstake offered or established by any person, association or corporation, any trotting or pacing horse, mare, galding, colt or filly under an assumed name, or out of its proper class, or that has been painted or disguised or represented to be any other or different horse mare galding colt or filly from different horse, mare, gelding, colt or filly from the one which is purported to be entered, where such prize, purse, premium, stake or sweepstake is to be decided by a contest of speed; or (2) being the owner, trainer or other person having the control of the racing qualities of any trotting acing horse, mare, gelding, colt or filly, know ingly allows the same to compete for any such prize, purse, preminm, stake or sweepstakes under an assumed name, or out of its proper class, or as any other or different horse, mare, gelding, colt or filly than the one it actually is; or (3) in any compelition for any such purse, prize, premium, or pacing horse, mare, gelding, colt or filly which has been entered under an assumed name, or out of its proper class, or which has been painted or disguised, or represented to be any other or different horse, mare, gelding, colt or filly than the one it actually is, shall be guilty of a misdemeanour, punishable by a fine of not less than are hundred nor more than one thousand dollars, or by imprisonment for not more than one year or both. The class to which any such animal belongs for the purpose of the entry in any such contest of speed shall be determined by the public performance thereof in former contests or trials of speed, as provided by the printed rules of the

Turf Records.
