

DR. SPEER.

DOCTOR SPEER is a graduate of Harvard University, Class 74, and has devoted 20 years to the study of SPECIAL DISEASES, some of these in association with the leading specialists of the Old and New Worlds, which enables him to treat all private troubles with excellent results. Catarrh, stomach and liver troubles attended to in all their various forms. All skin diseases, from whatever cause, absolutely cured within a stated time. All applying to him will receive his honest opinion of their complaints. No experimenting! He will guarantee a positive cure in every case he undertakes, or forfeit £200. His reason for doing so is this:—Where there is no organic disease and nothing but inorganic trouble, or in other words a conglomeration of symptoms producing a certain result, there is no reason why it cannot be removed with the proper remedies, therefore he guarantees. Furthermore in all other businesses the master must guarantee his work—why not in medicine? The old-fashioned doctor will promise nothing, therefore he must be guessing as to the trouble, and guessing as to the remedy. Ladies and gentleman, in science there is no guess-work. No man or woman can die without a cause. That cause should be known to a doctor, and the remedy, too. Remember, medical ethics will not cure, neither will dignity founded on guessing help you. Dr. Speer wishes it distinctly understood that he does not claim to perform impossibilities, or to have miraculous power. He claims only to be a qualified and successful physician, thoroughly informed in the above DISEASES of men and women. People at a distance can, by sending for question-form be treated at home. The course does not in any way interfere with business. Absolute secrecy in all cases. Advice free to all.

Nelson, August 29, 1898.

DEAR SIR,—After being under your treatment for two months the bad dreams have left me, and now wake up feeling refreshed in the morning. Work is no longer a burden to me, and feel like facing the world again. Constipation and the other symptoms are going away. I may say in one month more I shall be completely cured.
Yours faithfully,
W. PURVIS.

Taranaki Street, Wellington,
September 3, 1893.

DEAR DOCTOR,—I am willing to add my testimony to that of others, and I wish to convey to the public that I give it of my own free will for the great benefit I have received during one one month's course of your treatment. I was all broken out with a rash so itchy that I was unable to sleep. This you stopped in three days; the pains in my bones are lessening every day. Six months ago I caught this trouble, and I tried remedy after remedy, but did me no good. I look upon what you have done for me as little short of a miracle.
Yours truly,
HENRY H. HIGGINS.

NEURALGIA, SLEEPLESSNESS, AND

INDIGESTION CURED BY

HALF A BOTTLE OF LOASBY'S "WAHOO."

To the Manager Loasby's "Wahoo"
Manufacturing Co., Ltd.
15 Frithsdale St., Hyde Park,
Sydney, March 17, 1897.

DEAR SIR,—For some time I have been suffering from indigestion. I had very little appetite, and what food I did eat upset my stomach terribly, and caused a good deal of pain. I was unable to sleep excepting at short intervals, and suffered very much from Neuralgia. Last week I procured a bottle of LOASBY'S "WAHOO," and started taking fifteen drops after each meal. HALF A BOTTLE EFFECTED A COMPLETE CURE. I am now able to sleep soundly, and eat well without suffering the least inconvenience. I have had no recurrence of Neuralgia, and I feel in splendid health. I will always recommend "WAHOO" for indigestion and Neuralgia.
Yours truly,
HENRY MILLER.

DR. TARRANT,

F.R.C.S.E., L.R.C.P.E., L.M.R.C.P.E., L.R.C.S.I.,

Is a legally qualified Physician and Surgeon, and is duly registered by the

NEW SOUTH WALES GOVERNMENT Medical Board. Founder of, and Chief Surgeon to the Clarmont Private Hospital, and for sixteen years Hon. Surgeon to the Sydney Hospital. Dr. Tarrant has, during his recent world-wide travels, discovered a

NEW METHOD OF HEALING.

This mode of treatment is absolutely free from Mercury, and other deleterious, poisonous, or enervating ingredients, may be stopped at any time, need not be continued after a cure is effected, and is unlike any other formulae formerly in use, and is known to Dr. Tarrant alone. Hypodermic medication is limited to a few remedies, and is applicable to a few diseases only. The administration of drugs through the stomach is also limited by the danger of injury to the organs of digestion.

This New Method of Treatment

on the contrary promotes digestion, clears the Liver and Kidneys, thus paving the way to Perfect Health. Many sufferers fear lest others should know they are afflicted. I may assure those who confide their secret to me that there is not the slightest risk of exposure, and all letters are regarded as positively confidential, and are destroyed by fire as soon as answered, and all appliances are sent secretly sealed.

DR. TARRANT'S KNOWLEDGE OF SPECIAL COMPLAINTS

from any cause arising, whether hereditary or acquired, was gained by careful study and observation in the principal Hospitals of the world. Dr. Tarrant makes it a special point to eradicate thoroughly and pleasantly every trace of disease from the system, ensuring not only permanent restoration to health, but immunity of offspring from hereditary taint. No man will accomplish a noble purpose, become eminent, or achieve greatness whose nervous system is deranged.

NO MAN OR WOMAN

should marry without assuring themselves that they are in perfect health. If you are unable to understand your malady, or if it is your intention to marry send for Dr. TARRANT'S exhaustive work,

"LIGHT AND LIFE."

Price, Sixpence in Stamps, which contains 164 pages, blocked in gold, including numerous Prescriptions, Illustrations and Pictures, show how to detect the victim at any period of his life, and it will enable you to understand and describe your case. Sufferers from special complaints should consult Dr. TARRANT who has by profound research thoroughly investigated their origin, traced their deadly sources and insidious dissemination, and ascertained the surest and safest method of eradication.

Dr. TARRANT is frequently consulted by patients who have been erroneously treated for Indigestion, Liver Complaint, Bright's Disease, Consumption, and other complaints, whose cases prove to be over-strained nerves. Many who have thus been experimented upon, fear to consult even a physician so well-known and universally respected as Dr. Tarrant, who has cured thousands, who have been thus mistreated, by advice alone. Therefore, if you are a sufferer, write to the doctor, who will, on receipt of your letter reply courteously and confidentially, naming your malady and cure. You should consult Dr. TARRANT if you experience

DANGEROUS SYMPTOMS.

Foul Breath, Indigestion, Palpitation, Blushing, Shortness of Breath, Impaired Memory, Weak, Sore, Sunken, or Dark-circled Eyes; Sallow or Pimpley Skin, Dulness of Intellect, Piles, Constipation, or Relaxation of the Bowels; Bad Taste, Wind, Desire for Solitude or Drink, Bashfulness, Weak Back, Bad Feet, Coozing of Saliva from the mouth during sleep, Neuralgia, Hacking Cough, Giddiness, Fear of Insanity or Suicide, Inclination to Throw Yourself Down when over water, Inability to keep your Thoughts off Impure Subjects, Dreams, Twitching of the Eyelids, Numbness, or Prickly Sensation, Timidity, Fear of Impending danger, &c. Dr. TARRANT makes

ABSOLUTELY NO CHARGE

for Consultation: but as ONE POUND is all that is necessary to send for treatment of almost any complaint, including Special Complaints, Skin Diseases, Liver Troubles, Gravel, Scrofula, Throat, Eye and Ear Complaints, Fistula, Piles, Paralysis, Sciatica, Rheumatism, Dengue Fever, Diseases of Women, Constipation, Hip Disease, Dropsy, Worms, Epilepsy [Fits], Bright's Disease, Influenza, Lung Troubles, Coughs, Neuralgia, and other complaints too numerous to mention, you should to avoid delay, enclose that amount in your first letter, thus proving bona fides, and consequently assuring immediate attention. Should Dr. TARRANT decide that he cannot warrant a cure, or that your malady may be cured by advice alone, the

ONE POUND WILL BE RETURNED TO YOU.

Patients, male or female, living at a distance may, if desired, without unnecessary expense be accommodated at Dr. TARRANT'S Private Hospital, and nursed back to health by carefully trained nurses, under the guidance of Dr. TARRANT.

If you are ill, be you young or old, male or female, either call or write in perfect confidence to Dr. TARRANT who will give your case prompt, courteous, careful, and confidential consideration, and impart his diagnosis in plain understandable language.

Communications should be addressed—
