**REDCLIFFE**

Architects should specify REDCLIFFE CROWN Brand Galvanised Corrugated Iron. There is none better manufactured. Lighter sheets of other brands must be thinner, and will not last as long or give the same satisfaction. Contractors should not be misled by erroneous statements, such as are advertised by rival importers.

**GALVANISED**

REDCLIFFE is the cheapest first-class Iron in the market. The sheets are wider, thus a larger surface can be covered with REDCLIFFE than with other brands. REDCLIFFE has been more largely imported into New Zealand during the last 20 years than any other brand, and experience proves that every sheet will be found perfect.
