VOLUNTEER NEWS.

[Volunteers and others are invited to contribute to this column. All communications should be addressed to "Carbine," and left at the office of this paper not later than Wednesday in each week.]

RANGE TIME-TABLE.
 November 15—"A" Battery.

[BY CARBINE.]

IT is about time the return match was fired between the "A" Battery and South Franklin Mounted Infantry, as over two years has lapsed since these companies first met. It seems that both are waiting for a challenge from each other, but it is the place of the South Franklins to send it as they were defeated.

A daylight inspection parade of the "A" Battery was held last week, there being a splendid muster under Capt. Geddis and Lieuts. Haultain and O'Brien. The presentation of the company's belt to Sergt. Jas. Parslow took place, place, but I think the Captain must have forgot himself when he called upon the men to give three cheers for the winner whilst on parade.

The four rifle companies mustered on Tuesday last at 6.30 p.m., for an inspection parade, there being a very fair attendance. The men were taken over by Capt. Kohn and after a short preliminary drill in the shed were marched to Princes Street, where they were put through battalion movements, at which they shaped very well. After returning to the shed Surgeon Dawson, on behalf of Capt. Cooper of the Victoria Rifles, presented to Private Beamish the Schapp Belt which he won at the recent competition. The parade state was then taken by Staff Sergt.-Major Grant and the men dismissed.

A shooting contest took place on Monday last at the Mt. Eden Range between the Victoria Rifles and South Franklin Mounted Infantry, when the former gained an easy victory having 93 points to spare. The ranges were 200, 400, and 500 yards, seven shots at each distance. The scores are:—

ATHLETICS.

DEMONSTRATION SPORTS.

THE Demonstration Sports on Monday were a great success, if we may judge from the crowd assembled in the Domain, but the Committee did not work as they should have done in the matter of keeping the ground clear. The sports committee seemed to me to do all the work connected with the sports. In this respect they have a lesson to learn from our amateur club.

Boonstra was in good form, and won the Maiden Race, 150 yards, and Demonstration Handicap, 150 yards.

Brady, with 150 yards, won the walk, with Smith second. It was a good race between these two.

E. Swan, 11 yards, caused a bit of a surprise by winning the All Comers Handicap easily from Purdy and Cummins. I believe he hails from Gisborne.

The best race of the day was no doubt the ½ mile, Howie, 5 yards, winning all out by 2 yards from McDermott, who made a very faint effort at the finish. T. A. Wilson was third.

A. E. Smith, who was second in the walk, also won the 1 mile from the 140 yards mark.

A.A.A. & C.C. SPORTS.

THE sports in connection with the above Club eventuate on the 22nd instant, and as the day gets nearer the more interesting is the work in the Domain.

Laird is going in great style, and will make it extremely merry in any race in which he may compete.

Hutchinson is going strong and well, and the talk of the hour is the great run the public will have when he and Laird both meet on even terms. Many seem to prefer the chances of Laird, but I shall give my opinion later on.

Harvey and Christie are greatly improved, and must have a say in any events they start for.

Davis is moving along in nice style, and seems to have a good dash of pace.

The two Martins are worth watching, and will make good "peds." if they stick to it.

Impey, I hear, is a much improved man, but I have not seen him go. No doubt I will have a chance of seeing him during next week.

Hill, of North Shore, is another man who is reported to have put in some sensational work, and is reckoned a "dead bird" for the Maiden Race, 150 yards.
