In every case in which Takaro has been used, the cure has been so speedy and so complete that the proprietors feel fully justified in recommending it as the BEST REMEDY OF ITS KIND YET DISCOVERED. Its value has been thoroughly proved by leading

HORSE-OWNERS, TRAINERS, TRAMWAY MANA GERS, CARRIERS

New Brighton, June 11th, 1892.

Sirs,—I have much pleasure in testifying to the efficiency of your Takaro Lotion and Ointment as a sure cure for Cracked Reels and other Sores on horses. I had one horse under training which was very bad with cracked heels, and I could not get him cured, although I tried two or three different treatments. Happening to hear of your Takaro, I tried it and got him all right in a week. I should advise all men who use horses to keep it in the stable.

"RAGLAN,",

Dark Brown Compact Horse, 15 hands 3 inches high, 7 years old, By Cap-a-pie—Tenambra (sister to Dougalston), by The Marquis, imp.—Lady Manners Sutton, by Pitsford, imp.—Green Linnet, by Delapre, imp.

RAGLAN was sired by Cap-a-pie, whose cross-country stock are favourably known. Tenambra, the dam of Raglan, was a highly-bred mare, and ran five seconds in Auckland after being imported from Australia. She was sired by that grand horse The Marquis, and two of the races he won were the classic English Two Thousand Guineas and the St. Leger. When on the turf Raglan proved himself a thorough honest horse and first-class stayer, able to last to the end of a Cup race, carrying weight and defeating the best horses in Auckland. In sprint races he showed his pace by beating performers like Teksum (who won races against the best horses in Australia), Cissy, and others.

As will be seen, Raglan is 'a suitable horse to breed from to get racehorses and fast cross-country stock; and if put to roomy active mares, to get weight-carrying hacks and active harness horses.

She also ran second to Cocksure in the Hutt Park Stakes, third for the Provincial Plate, and third for the Consolation, the pair in front of her in the latter being Fishhook and Pungawerewere (both Dunedin Cup winners). PADDY'S LAND:

PEDIGREE:

PADDY'S LAND is a powerfully built dark brown horse, foaled 29th May, 1888. He stands about 16 hands high, on short legs, with great strength, lots of quality, and is a beautiful mover. He was bred by J. Duffin, County Dublin, Ireland. His sire the world-famed Ascetic, by Hermit from Lady Alicia, by Melbourne. Ascetic is the sire of Royal Meath, winner of the Grand Prix Steeplechase at Paris. He is also the sire of Cloister, who ran second in the last two Liverpool Grand National Steeplechases. Paddy's Land's dam Maymorn by Old Victor (winner of the Royal Hunt Cup at Ascot, and got by Vindex, by Touchstone); granddam Lady Norah, by Mount Zion (by Mountain Deer, by Touchstone out of Devotion, by Harkaway); g. granddam Polly, by Arthur (by Sir Hercules out of Angelica, by Sir Harry Dunsdale); g. g. granddam of Whalebone. It will be seen by the above that Paddy's Land combines some of the stoutest strains of blood in the world, and from his size, strength, action, and quality, he ought to make a fit sire to get horses for the racecourse, hunting field, or for Indian or town purposes.
